Dear Corrina,

The boats at the El Dorado County Sheriff's Office have incurred much maintenance due to the aging fleet. Two of the five hard boats are over 18 years old which is over the estimated service life. The crown jewel of El Dorado County is Lake Tahoe and the 1996 Almar boat assigned to that lake is in need of replacement. While I will be working on replacing that boat, I am in need of another vessel to use while my current boats are being fixed.

Last month, myself and two others from my Marine Unit inspected a 2000, 21' SeaArk currently in service in Los Angeles County. After careful evaluation, we found the boat to have a good working platform that we can put to good use up here at El Dorado County.
