Subject: Fw: For Ms. Jones...Wayfinding

Ms Kerry,

As we discussed, we consulted with our headquarters traffic operations folks and have determined that the use of the international symbols along with the words on your proposed sign will be acceptable. Additionally, the use of both white lettering on green background and white lettering on brown background will also be acceptable. Please continue to work directly with Ron Sykes on the specifics of your proposal.

With respect to your question regarding a Scenic Highway Designation, there are many restrictions that accompany such a designation. Many types of development within 1000' are restricted and regulated including signs. I am not sure that this would help you achieve your goals. Ron Sykes can bring more detailed information about that designation to your next meeting.

Sincerely,
Jody Jones
District 3 Director
