I work at the resource center and patients find it difficult and frustrating having to go to different locations for services. If we are at one location, patients in our community could optimize their treatment needs and Marshall Medical Cancer Treatment Program would excel.

Thank you for taking the time to read this.

I am in FULL SUPPORT of this.

Next Tuesday, April 8 at 10 AM the El Dorado County Board of Supervisors will consider a request from Marshall Medical Center and Marshall Foundation for \$800,000 (less than 10%) of Tobacco Settlement Funds to be used for the new Marshall Cancer Center that will ease the journey of community cancer patients by consolidating services into one central location in Cameron Park.

I urge you to support the Tobacco Settlement Fund request from Marshall Medical Center and Marshall Foundation on next Tuesday's agenda. This funding will send a clear message to the community that our county supports those who are suffering from cancer. I appreciate your support!

Sincerely,
