GRANT OF AERIAL EASEMENT

FOR VALUABLE CONSIDERATION, receipt of which is hereby acknowledged, **Benjamin D. Sher, Trustee of the Benjamin D. Sher Living Trust dated 10/28/1996** hereinafter referred to as "Grantor," grants to the **COUNTY OF EL DORADO, a political subdivision of the State of California**, hereinafter called COUNTY, a non-exclusive appurtenant easement in the air rights above and below for an overhead bridge and roadway for use as a public crossing, along with all necessary supporting columns, footings and appurtenances thereto (collectively, Structure) for the purpose of constructing, reconstructing, upgrading, replacing, removing, inspecting, maintaining, repairing, and operating the Structure, together with all abutter's rights of access to and from the Servient Tenement to the Structure over, under, upon, and across a portion of all the Servient Tenement, **Described in Exhibit 'A2' and depicted in Exhibit 'B2' attached hereto and made a part hereof, which description is by this reference incorporated herein.**

ALSO, GRANTOR grants to the COUNTY a non-exclusive right of access to the easement for the purpose of inspecting, maintaining, retrofitting and repairing the Structure and for inspecting the uses made of the land under the Structure by way of any roads or passageways as may now or hereafter exist on the Servient Tenement; provided, however, that COUNTY's exercise of the right of access shall not unreasonably interfere with GRANTOR's use of those roads or passageways.

Reservations of Use

GRANTOR reserves to itself, as well its successors and assigns, lessees and licensees all rights in and to the airspace at an elevation higher than a plane parallel with and 30 feet above the roadway surface of the Structure as originally constructed, provided, GRANTOR complies with both of the following:

1. The use of that space shall not interfere with the enjoyment, safety and compatibility of the Structure.
2. GRANTOR, its lessees and/or licensees shall first secure any encroachment permits as may be required by law. COUNTY shall not unreasonably withhold the issuance of an encroachment permit for these purposes. Encroachment permits issued to GRANTOR or its subsidiaries or affiliated companies shall have designated across the face thereof "For Notice of Record Purposes Only"; provided however, that in case of any subsequent conveyance by GRANTOR, its

Exhibit D

subsidiaries or affiliated companies, those facilities and installations shall be subject to a standard encroachment permit.

GRANTOR reserves to itself, as well its successors and assigns, the general right to use and enjoy the area of land under the Structure that the GRANTOR otherwise has a legal right to in the Servient Tenement. The general right to use and enjoy the land by GRANTOR, its successors and assigns, shall however, be subject to the following limitations and conditions:

1. No use may be made of the area of land within the easement described herein which would impair the full use and safety of the Structure, or would otherwise interfere with the free flow of traffic thereon or would unreasonably impair the maintenance of the Structure.
2. No use may be made of the area of land within the easement described herein for the manufacture or storage of flammable, volatile, explosive, or corrosive substances, and such substances shall not be brought onto the land except in such quantities as are normally required for the maintenance operations of occupants of the land and except as may be transported by rail or pipelines. Installation of any pipelines carrying volatile substances shall have the written approval of the COUNTY as to the safety and compatibility with the easement. COUNTY may approve that use and its discretion, provided that COUNTY shall not exercise that discretion in a capricious or arbitrary manner. The use of any such substances shall be in conformance with all applicable code requirements.
3. No hazardous or unreasonably objectionable smoke, fumes, vapors, dust or odors shall be permitted, which would adversely affect the use or maintenance of the Structure or the traveling public thereon.
4. No building of combustible construction shall hereafter be constructed on the area of land under the Structure described herein. COUNTY shall be given the opportunity to review and approve plans for any construction within the easement area 60 days prior to the construction. No buildings, no permanent structures, and no advertising displays, may be constructed within 8 feet of the undersides nor within 15 feet (measured horizontally) of the sides of the Structure without the express written approval of the COUNTY. COUNTY shall have the discretion to determine whether such proposed construction will be inimical to or incompatible with the full enjoyment of the public rights in the easement or against the public interest, but such discretion shall not be exercised in a capricious or arbitrary manner.

COUNTY will use federal funds for the acquisition of the land rights for this Project. COUNTY has entered into a Master Agreement, Administering Agency – State Agreement for Federal Aid Projects, Agreement No. 03-5925F15, effective October 18, 2016. COUNTY has agreed to comply with the terms and conditions of that Agreement, which include compliance with all Fair Employment Practices and with all Nondiscrimination Assurances as are contained in said Master Agreement.

TO HAVE AND TO HOLD said lands and interests therein unto COUNTY and its successors forever, subject, however, to the covenant, conditions, restrictions and reservations herein contained as follows, which will remain in effect for the period during which the real property or structures are used for a purpose for which federal financial

assistance is extended or for another purpose involving the provision of similar services or benefits and shall be binding on COUNTY, its successors and assigns.

COUNTY, does hereby covenant and agree as a covenant running with the land for itself, successors and assigns, that;

(a) no person shall on the grounds of race, color, sex, national origin, religion, age or disability, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination with regard to any facility located wholly or in part on, over, or under such lands hereby conveyed; and

(b) COUNTY shall use the lands and interests in land so conveyed, in compliance with all requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Non-discrimination in federally-assisted programs of the Department of Transportation – Effectuation of Title VI of the Civil Rights Act of 1964, and as Regulations may be amended; and

(c) in the event of breach of any of the above-mentioned nondiscrimination conditions, and only after determination that it is necessary in order to effectuate the purposes of Title VI of the Civil Rights Act of 1964, the U.S. Department of Transportation shall have a right to re-enter said lands and facilities on said land, and the above-described land and facilities shall thereon revert to and vest in and become the absolute property of the U.S. Department of Transportation and its assigns as such interest existed upon COUNTY's acquisition.
