INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors of
 the County of El Dorado
 Placerville, California

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of El Dorado (County), California, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the El Dorado County Transportation Commission, the Children and Families Commission, and the El Dorado County Transit Authority, which represent the following percentages of assets, liabilities and revenues as of and for the fiscal year ended June 30, 2015:

<u>Opinion Unit</u>	<u>Assets</u>	<u>Liabilities</u>	<u>Revenues</u>
Discretely Presented Component Units	100%	100%	100%

Those financial statements were audited by other auditors whose report thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the El Dorado County Transportation Commission, the Children and Families Commission, and the El Dorado County Transit Authority is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of Supervisors of
the County of El Dorado

Opinions

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of June 30, 2015, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Implementation of New Accounting Pronouncement

As discussed in Note 1 to the financial statements, the County adopted new accounting guidance, GASB Statement No. 68, *Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASB Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 68*, effective July 1, 2014. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule of changes in net pension liability and related ratios, schedule of plan contributions, and the schedule of funding progress, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual nonmajor fund financial statements and schedules are presented for purposes of additional analysis and is not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

To the Board of Supervisors of
the County of El Dorado

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated March 24, 2016 on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Assistant Auditor-Controller

March 24, 2016

Members of the Board of Supervisors and
Citizens of El Dorado County:

This **Management's Discussion and Analysis** and letter of transmittal of the County of El Dorado's (County) financial statements presents a narrative overview and analysis of the County's financial activities during the fiscal year ended June 30, 2015. Please read it in conjunction with the County's financial statements following this section.

FINANCIAL HIGHLIGHTS

- The combined assets and deferred outflows of resources of the County exceeded its combined liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$233.1 million (net position). Of this, \$116.7 million was restricted for specific purposes (restricted net position), and \$341.7 million was net investment in capital assets. Unrestricted net position was a negative \$225.3 million, primarily due to the reporting of long-term net pension liability as prescribed by Governmental Accounting Standards Board (GASB) Statements Nos. 68 and 71.
- The total fund balances for the County's governmental funds amounted to \$228.9 million, a decrease of \$13.1 million from the prior year. Approximately \$136.0 million of this total, or 59.4 percent, was either nonspendable or restricted for specific uses; and \$92.9 million, or 40.6 percent, was unrestricted as either committed, assigned, or unassigned and would be available to meet the County's current and future spending needs.
- At the end of the fiscal year the County's primary operating fund, the General Fund, had a fund balance of \$46.4 million. Approximately \$1.1 million was nonspendable. The remaining \$45.3 million, which approximated to 23.4 percent of the General Fund's total expenditures for the year, was unrestricted.
- The County's net investment in capital assets as of June 30, 2015 was \$341.7 million. This balance consisted of \$338.0 million for governmental activities and \$3.7 million for business-type activities.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's financial statements. The County's financial statements are comprised of three components: 1) Government-wide financial statements, 2) Fund financial statements and 3) Notes to the financial statements. Required Supplementary Information is included in addition to the financial statements.

Government-wide Financial Statements are designed to provide readers with a broad overview of County finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all County assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the residual amount reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator in determining if the financial position of the County is improving or deteriorating.

The *statement of activities* presents information showing how net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (e.g. earned but uncollected revenues and earned but unused vacation leave).

Both of these government-wide financial statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover their costs through user fees and charges (*business-type activities*). The governmental activities of the County include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, recreation and cultural services. The business-type activities of the County include Airports.

Component units are included in our financial statements and consist of legally separate organizations for which the County is financially accountable or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. Component units of the County include the El Dorado Transit Authority, Children and Families Commission, and the El Dorado County Transportation Commission.

Fund Financial Statements are groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or objectives. The County, like other state and local governments, uses fund accounting to ensure and demonstrate finance-related legal compliance. All of the funds of the County can be divided into three categories: *governmental funds*, *proprietary funds* and *fiduciary funds*.

Governmental Funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental funds financial statements focus on current *inflows and outflows of spendable resources* as well as the *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating the County's short-term financial position and the financial resources available in the near future to support the County's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

In addition to the *General Fund*, the County maintains several individual governmental funds organized according to their type (special revenue, capital projects, debt service, and permanent funds). Major funds are presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances. Major governmental funds include the *General Fund*, the *Road Fund*, and the *Silva Valley Interchange Traffic Impact Mitigation Fee (TIM) Fund*. All other non-major governmental funds are presented in aggregate as *Other Governmental Funds*.

Proprietary Funds are comprised of *enterprise funds* and *internal service funds*. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The County uses the enterprise fund to account for County Airports. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds for its health insurance and self-insurance programs (Risk Management Authority), which includes employee health benefits, retiree health benefits, general liability, and workers' compensation, and for its fleet operations and maintenance (Fleet Management). Because these services predominantly benefit governmental rather than business-type functions, they have been included within *governmental activities* in the government-wide financial statements.

Proprietary fund financial statements provide similar information as the government-wide financial statements, only in more detail. These statements present the County's *business type activities- enterprise funds* and *governmental activities- internal service funds*. The *proprietary fund statements* present the County's *enterprise fund* (County Airports) along with the aggregate of the *internal service funds* activity. Additional *internal service funds* financial statements have been provided for Fleet Management and the Risk Management Authority, which provide the detail for each of these funds.

Fiduciary Funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of these funds are not available to support the County's programs. The County retains and reports Investment Trust and Agency type fiduciary funds.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Required Supplementary Information consists of the County's *pension plan contributions schedule, changes in net pension liability schedule*, as well as the *funding progress schedule* for the County's other post-employment benefits. It also includes the County's *General Fund and major fund budgetary comparison schedules* to demonstrate compliance with the County's adopted budget.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position can serve over time as a useful indicator of whether the County's financial position is improving or deteriorating. Other factors, such as market conditions, should be considered in measuring the County's overall financial position. The County's combined assets and deferred outflows of resources exceeded its combined liabilities and deferred inflows of resources by \$233.1 million at June 30, 2015. A comparative analysis of government-wide data is presented below.

Net Position June 30, (in thousands)

	Governmental Activities		Business-Type Activities		Total	
	2015	2014	2015	2014	2015	2014
Assets:						
Current and other assets	\$ 295,311	\$ 309,226	\$ 222	\$ 217	\$ 295,533	\$ 309,443

Net Position:						
Net investment in capital assets	337,997	334,373	3,721	3,981	341,718	338,354
Restricted net position	116,750	128,649	--	--	116,750	128,649
Unrestricted net position	(225,443)	22,065	117	128	(225,326)	22,193
Total net position	\$ 229,304	\$ 485,087	\$ 3,838	\$ 4,109	\$ 233,142	\$ 489,196

Analysis of Net Position

By far the largest portion of the County's net position is invested in capital assets (e.g., land, infrastructure, structures and improvements, and equipment), less any related debt used to acquire those assets. The County uses these capital assets to provide services to citizens; consequently, this portion of net position is not available for future spending.

An additional portion of the County's net position, \$116.7 million or 50.1 percent, represents resources that are subject to external restrictions on how they may be used.

The County's unrestricted net position balance of negative \$225.3 million is the result of reporting the net pension liability on the statements to comply with new accounting standards (GASB Statements Nos. 68 and 71).

At the end of the most current fiscal year, the County is able to report positive balance in total net position for the government as a whole. The following table indicates the changes in net position for governmental and business-type activities:

	Change in Net Position					
	June 30,					
	(in thousands)					
	Governmental		Business-Type		Total	
	Activities		Activities			
	2015	2014	2015	2014	2015	2014
Revenues

Net position at beginning of year – restated	<u>239,425</u>	<u>476,010</u>	<u>4,109</u>	<u>4,408</u>	<u>243,534</u>	<u>480,418</u>
Net position at end of year	<u>\$ 229,304</u>	<u>\$ 485,087</u>	<u>\$ 3,838</u>	<u>\$ 4,109</u>	<u>\$ 233,142</u>	<u>\$ 489,196</u>

Restatement of net position. The net position at the beginning of 2015 was decreased by \$245.7 million. This restatement was related to the reporting of net pension liability in the amount of \$265.8 million and deferred pension outflows of resources in the amount of \$20.1 million as prescribed by GASB Statements Nos. 68 and 71.

The net position at the beginning of 2014 was decreased by \$13 thousand. This restatement was to correct the overstated accounts receivable of \$212 thousand and the overstated other long-term liabilities of \$199 thousand.

Governmental activities. The County experienced an overall decrease in net position of \$10.4 million in 2015, compared to a \$8.8 million increase in 2014. This decrease in net position was attributable entirely to **governmental activities**. Specifically, the \$10.1 million decrease in net position attributable to governmental activities, resulted from a \$1.7 million or 0.5 percent decrease in revenues accompanied by a more significant \$17.5 million or 5.7 percent increase in expenses. The largest revenue decrease, \$15.2 million, occurred in the charges for services category, followed by a \$4.9 million decrease in revenue source from California Statewide Community Infrastructure Program (SCIP). These revenue decreases were offset by a \$9.7 million increase in operating grants and contributions, a \$5.4 million increase in taxes, a \$1.8 million increase in capital grants and contributions, a \$1.4 million increase in other revenues, and an \$89 thousand increase in interest. The \$15.2 million decrease in charges for services was primarily due to the significant TIM fee payments in the amount of \$17.7 million from the developer of the Blackstone project in the prior year. The \$4.9 million decrease in SCIP revenues was the result of less project activity in 2015. The \$9.7 million increase in operating grants and contributions mainly resulted from \$3.4 million increase in State Mandated Reimbursements, \$3.1 million increase in Federal assistance in Medi-Cal, \$3.0 million increase in Federal assistance in public assistance programs, \$2.0 million increase in State Vehicle License Fee Realignment, offset by \$1.2 million decrease in State assistance in health and mental health programs. The \$5.4 million increase in taxes was primarily attributable to the \$3.4 million increase in the secured property tax and the \$820 thousand increase in property tax in-lieu vehicle license fee.

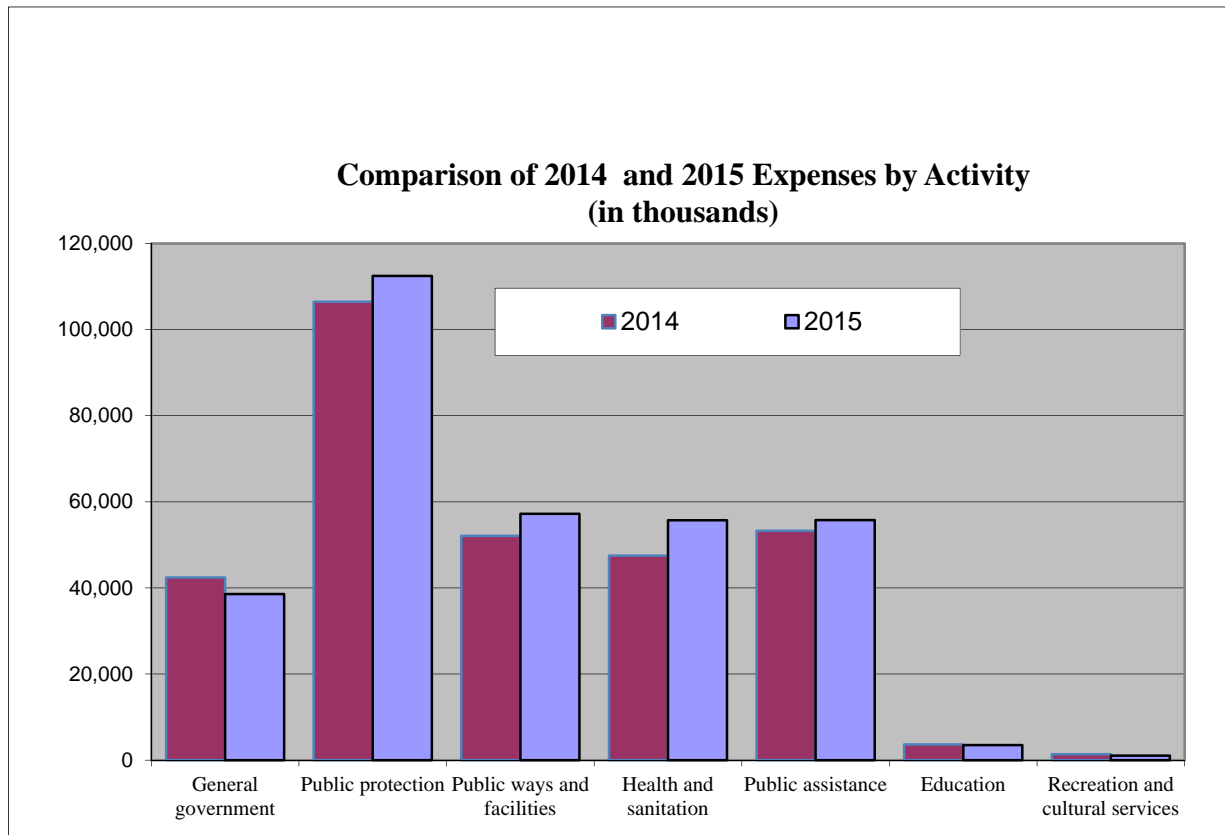

As mentioned, while total revenues decreased by only 0.5 percent, total expenses increased by 5.7 percent in 2015 when compared to 2014. Further, and while expenses increased moderately in some of the functional areas, public protection, public ways and facilities, and health and sanitation expenses increased significantly, by \$6.0 million or 5.6 percent, \$5.1 million or 9.8 percent, and \$8.2 million or 17.3 percent respectively, in 2015 when compared to 2014. The majority of the increase in public protection expenses occurred within the General Fund and is discussed later in the financial analysis of governmental funds and in the General Fund budgetary analysis. The increase in public ways and facilities expenses is entirely attributable to Road Fund's activities. Specifically, non-capital expenditures in 2015 increased \$3.6 million in project spending for maintenance and consultant fees, and increased \$1.2 million in costs associated with Office of Management and Budget (OMB) Circular-A87. The increase in health and sanitation expenses primarily resulted from \$5 million increase in services and supplies, \$2.2 million increase in salaries and benefit, and \$1 million contribution for school bus replacements. These and other increases in expenses by governmental activities have been offset by declines in general government, education, and recreation and cultural services expenses, down by \$3.8 million or 9.0 percent, \$162 thousand or 4.4 percent, and \$360 thousand or 25.8 percent, respectively, in 2015 when compared to 2014. The decrease in general government expenses primarily resulted from the improved operating results of the internal service funds; see the proprietary funds section for a further discussion.

All functional expenses were affected by the recognition of the other post-employment benefits (OPEB) Retiree Health obligation (Retiree Health), the net pension liability, and the deferred pension inflows and outflows of resources. With the continued enforcement of the County's cap on the aggregate cost of the County's share of benefit costs and other modifications to those employees entitled to receive these benefits, the annual Retiree Health cost was \$6.9 million in 2015 compared to \$6.8 million in 2014. The Retiree Health liability increased by \$4.6 million in 2015 compared to \$4.7 million in 2014. The effect on benefits of the Retiree Health defined benefit plan was that the County's share of benefit costs was reduced by 30 percent in 2015 and 39 percent in 2014. Further, the County reported total net pension liability of \$222.6 million and annual pension expense of \$19.9 million in 2015.

Following is a graphical presentation of the various revenue sources at the entity-wide level. As presented, the County received most of its recognized revenues from grants and contributions (49 percent), property taxes (28 percent), and charges for services (14 percent).

Below is a graph that presents a comparison of 2015 and 2014 expenses under each of the governmental activities,

Business-type activities. Business-type activities decreased the County's net position by \$271 thousand. This net decrease was the result of \$430 thousand in operating losses offset by \$10 thousand in non-operating revenues, \$24 thousand in capital grants contribution, and transfers in of \$125 thousand. Similar to prior years, the County Airports continued to operate at a loss, \$430 thousand in 2015 compared to \$441 thousand last year.

To help finance the operations of business-type activities in 2015, County governmental funds contributed \$125 thousand to the County Airports during the year.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. Governmental activities are accounted for under the General, special revenue, capital project, debt service, and permanent funds. Included in these funds are the special districts governed by the Board of Supervisors. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's short-term financing requirements. In particular, the spendable and unrestricted fund balance may serve as a useful measure of the government's net resources available for spending at the end of the fiscal year.

As of June 30, 2015 the County's governmental funds reported a combined ending fund balance of \$228.9 million, compared to the \$229.2 million fund balance of the previous year. Approximately 40.6 percent of this fund balance, or \$92.9 million, was unrestricted and thus would be available to meet the County's current and future spending needs. The remainder of the fund balance was either not spendable or restricted for specific uses.

The General Fund is the chief operating fund of the County. As of June 30, 2015, the General Fund's spendable and unrestricted fund balance was \$45.3 million; a decrease of \$2.7 million from last year's spendable and unrestricted fund balance of \$48.0 million. This decrease is entirely due to the net change or decrease in the General Fund's balance of \$2.7 million during the year.

The June 30, 2015 spendable and unrestricted fund balance, as compared to General Fund expenditures for the year, was approximately 23.4 percent, compared to 26.7 percent last year. Thus, without any additional revenue inflows, this fund balance could support the General Fund's activities for approximately 85 days, compared to 97 days last year.

In addition to the General Fund, the County maintains two major governmental funds, the Road Fund and the Silva Valley Interchange Traffic Impact Mitigation Fee (TIM) Fund. The Road Fund accounts for the planning, design, construction, maintenance, and administration of the County's transportation activities (public ways and facilities). The Road Fund recorded revenue of \$23.2 million in 2015, compared to \$31.8 million last year. This \$8.6 million decrease was primarily due to a \$3.9 million decrease in intergovernmental revenue plus a \$4.8 million decrease in other revenue sources, offset or reduced by moderate increases in charges for services and interest. The \$3.9 million decrease in intergovernmental revenue was due to decreased funding of both Prop 1B revenues and Regional Surface Transportation Program (RSTP) revenues. The \$4.8 million decrease in other revenue sources was entirely due to the decrease of the SCIP revenues. In contrast, expenditures increased from \$47.1 million in 2014 to \$52.2 million in 2015. Thus, the \$8.6 million decrease in revenues, coupled with the \$5.1 million increase in expenditures resulted in a \$29.0 million deficiency of revenues to expenditures compared to \$15.3 million deficit last year. With the additional or increase of \$7.2 million in net transfers from other funds, the relative net change in fund balance went from a \$3.2 million increase in fiscal year 2014 to a \$3.2 million decrease in 2015.

The Silva Valley Interchange Traffic Impact Mitigation Fee (TIM) Fund accounts for traffic impact mitigation fees received from individual property owners in the El Dorado Hills area to mitigate traffic impacts and to fund the construction of the Silva Valley interchange. The Silva Valley Interchange TIM Fund's activity decreased significantly when compared to last year. Specifically, while its transfers out to other funds increased by \$6.3 million, its revenues decreased by \$18.8 million in 2015, compared to 2014. This decrease of revenues in 2015 was almost entirely attributable to the significant TIM fee payments in the amount of \$17.7 million received from the developer of the Blackstone project in 2014.

The combined governmental fund balances decreased by \$13.1 million during 2015, compared to an \$18.6 million increase last year. This \$31.7 million decrease to the net change in governmental fund balances was the result of 1.1 percent decrease in revenues and 9.6 percent increase in expenditures in 2015 when compared to 2014, resulting in a \$12.9 million deficiency of revenues to expenditures in 2015, compared to an excess of revenues over expenditures of \$18.8 million in 2014, with \$125 thousand in other financing uses, compared to \$183 thousand last year.

Proprietary funds. As described earlier, when certain activities are performed for which user fees or charges are designed to cover expenditures, proprietary funds are used. The County accounts for both governmental activities (internal service funds) and business-type activities (enterprise funds) using these types of funds.

The internal service funds include the Fleet Management and Risk Management Authority funds. In fiscal year 2015, the Fleet Management realized a net operating income of \$413 thousand dollars and the Risk Management Authority a net operating loss of \$3.4 million, compared to a \$3 thousand of net operating income and \$14.1 million of net operating loss respectively last year. The significant improvement of the operating result for Risk Management in 2015 was due to the return of excess self-insurance funds of \$6 million in 2014 as well as the increase in internal service rate charges of \$4.6 million for general liability and workers' compensation programs in 2015. Further, the operating loss by Risk Management was primarily attributable to the recognition of the OPEB Retiree Health obligation. In prior fiscal years this OPEB obligation was partially funded in addition to pay-as-you-go via the Retiree Health internal service rates charges to the various County departments and programs. In fiscal year 2010 this practice was discontinued and the County reverted back to a pay-as-you-go basis. Thus, while this pay-as-you-go funding reduced the expenditures incurred at the governmental fund level, the recognition of this liability and expense by the Risk Management Authority has resulted in \$62.8 million in deficit net position. Further, as a pay-as-you-go administered program, none of these additional costs were passed to the other funds, programs, or restricted funding sources via the internal service fund rates.

Business-type activities are accounted for under enterprise funds and include the County Airports; see the business-type activities section for a further discussion regarding the County Airports.

GENERAL FUND BUDGETARY ANALYSIS

The original and the final amended budgeted revenues and expenditures increased by \$4.0 million, or 1.6 percent. The largest of the revenue budget modifications included:

- \$1.9 million increase in State intergovernmental revenue,
- \$52 thousand increase in Federal intergovernmental revenue,
- \$380 thousand decrease in charge for services, and
- \$2.4 million increase in other financing sources.

The largest expenditure budget modifications included:

- \$450 thousand increase to the Contributions to Other Funds appropriation, including \$70 thousand decrease in services and supplies, \$70 thousand increase in other charges, and \$450 thousand increase in other financing uses,
- \$1.2 million increase to the Other General other financing uses,
- \$253 thousand increase to the District Attorney appropriation,
- \$266 thousand increase to the Sheriff-Bailiff salaries and employee benefits,
- \$150 thousand increase to the Planning and Zoning appropriation, including \$69 thousand decrease in salaries and employee benefits, \$212 thousand increase in services and supplies, \$12 thousand decrease in fixed assets, and \$19 thousand decrease in intrafund abatement,
- \$123 thousand increase to the Environmental Management appropriation, including \$5 thousand increase in services and supplies, \$61 thousand increase in other charges, and \$57 thousand increase in intrafund transfers,
- \$1.2 million increase to Categorical Aids,
- \$159 thousand increase to the Recreation other financing uses, and
- \$206 thousand decrease to the appropriations for contingency budget.

The overall variances between final revenues budgeted and the actual amounts received were moderate, with a negative or deficit variance of \$4.5 million or 1.7 percent. Specifically, compared to a final resource budget of \$226.6 million, actual funding equaled \$222.1 million. This variance included the following:

- \$1.0 million over budget in taxes and assessments,
- \$4.8 million over budget in State intergovernmental revenues,
- \$3.4 million under budget in Federal intergovernmental revenues, and
- \$4.8 million under budget in other financing sources.

The differences between the budgeted and actual expenditures, not including contingency, were significant. Specifically, expenditures fell \$29.9 million or 11.8 percent below the final budget. Variances occurred under each of the governmental activities, whereby departments' expenditures fell below projections, the most significant of which included:

- General Government – Actual expenditures fell below final budget by \$11.6 million or 14.9 percent. While most of the general government operating units had expenditures that fell below their final budget, some showed considerable differences whereby actual expenditures fell below budget by \$400 thousand or more, including the Treasurer-Tax Collector, Elections, Communications, Information Technologies, and Contributions to Other Funds. There were also departments that exceeded their final budget; those included County Administrative Office, Purchasing, Courier and Messenger, Employee Benefits, Engineer, Other General, and Central Services.
- Public Protection – Actual expenditures fell below final budget by \$9.3 million or 7.9 percent. Almost all of the departments under public protection fell below their budgets, with many departments falling significantly below budget (budget exceeded actual expenditures by over \$400 thousand) including Superior Court MOE, Public Defender, Sheriff-Bailiff, Sheriff, Jail, Juvenile Hall, Probation, Building Inspector, and Planning and Zoning. The departments that exceeded their final budget included Coroner, and Emergency Services.

- Health and Sanitation Environmental Management – Actual expenditures fell below final budget by \$261 thousand or 13.0 percent, due mostly to the actual to budget variances of \$90 thousand in salaries and benefits and \$88 thousand in services and supplies, and \$72 thousand in intrafund abatements.
- Public Assistance – Actual expenditures fell below final budget by \$8.1 million or 15.2 percent, mostly due to the Social Services Administration, Social Services Programs, and Categorical Aids, which fell below budget by \$3.7 million, \$1.3 million, and \$3.0 million, respectively. However, Aid to Indigents exceeded their final budget by \$12 thousand.
- Education – County library fell under budget by \$268 thousand or 7.6 percent, with salaries and benefits making up the majority, followed by services and supplies and other charges.
- Recreational and Cultural Services – Actual expenditures fell below budget by \$492 thousand or 34.7 percent.

In general, both General Fund inflows and outflows fell below budget. Specifically, actual revenues, not including budgetary fund balance, fell \$4.5 million or 1.7 percent under budget while expenditures, not including contingency, fell \$29.9 million or 11.8 percent under budget.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The County's net investment in capital assets for its governmental and business-type activities as of June 30, 2015 amounts to \$341.7 million. The net investment in capital assets includes land and improvements, construction in progress, infrastructure, structures and improvements, and equipment. Additions to capital assets totaled \$27.8 million in 2015.

Major capital asset additions during the current fiscal year included the following:

- \$325 thousand in additions to the land and land improvements, right of way purchases by the Road fund,
- \$6.8 million in additions to construction in progress
- \$4.9 million in new road construction, including \$4.0 million for the US 50 Silva Valley Road Interchange,
- \$6.6 million in road reconstruction, including \$823 thousand for Francisco Drive Turn Pocket, \$477 thousand for Overlay Goldhill, \$504 thousand for White Rock Road West County Line to Windfield, \$2.1 million for Green Valley Road at Weber Creek-Bridge Replacement, and \$451 thousand for Mosquito Road Bridge/South Fork American River Bridge Replacement,
- \$356 thousand for signals, safety and lighting, including \$304 thousand for Pleasant Valley Road-Patterson Drive Signalization,
- \$1.1 million for pedestrian ways and bike paths, including \$944 thousand for Lake Tahoe Boulevard Bike Trail project,
- \$1.2 million for storm drains,
- \$2.8 million of donated roads,
- \$3.5 million in equipment, including \$653 thousand in road construction and maintenance equipment, \$1.1 million in law enforcement equipment, and \$1.1 million of new vehicle purchases by Fleet Management.

Additional information on the County's capital assets can be found in note 4 in the notes to the financial statements.

Debt Administration and Long-Term Debt. As of June 30, 2015 the County's outstanding long-term debt totaled \$6.5 million. The components of this obligation consisted of notes payable associated with the Housing and Urban Development (HUD) Home program (\$6 million), and HUD State Community Development Block Grant (CDBG) Program (\$483 thousand). Additional information on the County's long-term debt can be found in note 6 in the notes to the financial statements.

OTHER LONG-TERM OBLIGATIONS

In addition to long-term debt, as of June 30, 2015, the County had long-term liabilities of \$346.7 million associated with compensated absences (\$14.2 million), landfill closure (\$17.3 million), self-insurance (\$17.0 million), other post-employment benefits (\$75.6 million), and pension benefits (\$222.6 million). Additional information on the County's long-term obligations follows.

Post Employment Retirement Benefits.

The County has contractually obligated itself with various labor organizations to provide post employment retirement benefits to its employees and former employees. As a result, the County has assumed significant obligations to its retirees and future retirees. These obligations are described in the notes to the financial statements.

The Retiree's Health obligation has been partially presented, in year eight of a 20-year amortization, as a liability on the County's financial statements. As of June 30, 2015 the County recognized Retiree's Health liability at \$75.6 million. This liability was based on the assumption that the Board of Supervisors has enforced and will continue to enforce a cap on the County's contribution. Because the Retiree's Health benefit plan is a defined benefit plan, generally accepted accounting principles required that the County recognize its retiree's health obligation without the cap limitation until it was enforced by the Board of Supervisor's and began to impact the pattern of shared costs. The Board of Supervisors voted to enforce the cap in fiscal year 2012. The effect on benefits of the Retiree Health defined benefit plan was that the County's share of benefit costs was reduced by 30 percent in 2015 and 39 percent in 2014. The Retiree's Health plan has no assets held in a qualifying trust. However, the County has charged departments and programs to set aside cash to fund this obligation, which as of June 30, 2015 and 2014 totaled \$12,903,273 and \$12,807,094, respectively.

Further, the County has two pension plans: the miscellaneous plan and the safety plan. As prescribed by GASB Statement No. 68, the County reported net pension liability of \$130.9 million for its miscellaneous plan and \$91.7 million for its safety plan as of June 30, 2015.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the County's finances for those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the El Dorado County Auditor-Controller, 360 Fair Lane, Placerville, California 95667.

Respectfully submitted,

Joe Harn
El Dorado County Auditor-Controller

COUNTY OF EL DORADO

Reconciliation of the Governmental Funds Balance Sheet
to the Government-Wide Statement of Net Position - Governmental Activities
June 30, 2015

Fund Balance - total governmental funds	\$ 228,861,446
Amounts reported for governmental activities in the statement of net position are different because:	
Long-term interest receivables are not financial resources, and therefore, are not reported in the governmental funds.	197,657
Capital assets used in governmental activities are not financial resources, and therefore, are not reported in the governmental funds.	331,321,122
Unavailable revenues are not available to pay for current period expenditures, and therefore, are deferred inflows of resources in the governmental funds.	4,417,322
Deferred outflows or resources reported in statement of net position	22,088,806
Internal service funds are used by the County to charge the cost of self-insurance risk management and management of fleet maintenance to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the statement of net position. The net position of internal service funds is:	(53,959,349)
Interest payable on long-term debt does not require the use of current financial resources and, therefore, is not accrued as a liability in the governmental funds.	(197,196)
Deferred inflows or resources reported in statement of net position	(42,879,424)
Long-term liabilities, including bonds payable, are not due and payable in the current period, and therefore are not reported in the governmental funds.	
Notes payable	(6,483,000)
Compensated absences	(14,137,038)
Liability for landfill closure and post-closure	(17,285,702)
Net pension liability	<u>(222,640,308)</u>
Net position of governmental activities	<u>\$229,304,336</u>

The accompanying notes are an integral part of these financial statements.

COUNTY OF EL DORADO

Reconciliation of the Statement of Revenues, Expenditures, and
Changes in Fund Balances of Governmental Funds to the
Government-Wide Statement of Activities - Governmental Activities
For the Year Ended June 30, 2015

Net change to fund balance - total governmental funds		\$ (13,071,555)
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlay as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Capital outlays	\$ 23,495,165	
Depreciation	<u>(23,057,081)</u>	438,084
Disposal of capital assets: proceeds from the sale of capital assets are a financial resource in governmental funds, but only the net gain or loss is presented in the statement of activities.		(122,065)
Because long-term receivables will not be collected within the year, they are reported as deferred inflows of resources in the governmental funds. Unavailable revenues increased by this amount this year:		38,935
Because long-term interest receivables will not be collected within the year, they are not considered available resources and are not reported in governmental funds. Long-term interest receivables decreased by this amount:		(45,337)
Repayment of debt principal is reported as an expenditure in the governmental funds, but is reported as a decrease to liabilities in the statement of net position.		1,500,000
Some revenues reported in the statement of activities do not result in the increase of current financial resources and, therefore, are not reported as revenues in governmental funds.		3,116,161
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds.		
Change in compensated absences		(293,253)
Change in accrued interest payable		(39,794)
Change in liability for closure and post-closure		(1,142,807)
Change in net pension liability and deferred pension inflows/outflows		2,230,690
Change in other long-term liabilities		50,183
Internal service funds are used by the County to charge the costs of certain activities, such as insurance, to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities.		<u>(2,780,119)</u>
Change in net position of governmental activities		<u><u>\$(10,120,877)</u></u>

The accompanying notes are an integral part of these financial statements.

**BASIC FINANCIAL STATEMENTS –
NOTES TO THE BASIC FINANCIAL STATEMENTS**

THIS PAGE INTENTIONALLY LEFT BLANK

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Description of the Reporting Entity

The County of El Dorado (the "County") is a political subdivision of the State of California (the "State"). As such, it can exercise the powers specified by the Constitution and statutes of the State. The County's powers are exercised through a Board of Supervisors (the "Board"), which acts as the governing body of the County. The Board is responsible for the legislative and executive control of the County. The County provides various services on a countywide basis including law and justice, education, detention, social, health, road construction, road maintenance, transportation, park and recreation facilities, elections and records, communications, planning, zoning and tax collection.

The governmental reporting entity consists of the County (Primary Government) and its component units. Component units are legally separate organizations for which the Board is financially accountable or other organizations whose nature and significant relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The following circumstances set forth the County's financial accountability for a legally separate organization.

- The County is financially accountable if it appoints a voting majority of the organization's governing body *and* (1) it is able to impose its will on that organization *or* (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County.
- The County is financially accountable if an organization is fiscally dependent on *and* there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the County regardless of whether the organization has (1) a separately elected governing board, (2) a governing board appointed by a higher level of government, or (3) a jointly appointed board.

The financial statements include both blended and discretely presented component units. The blended component units, although legally separate entities, are in substance, part of the County's operations and so data from these units are combined with data of the primary government. The discretely presented component units, on the other hand, are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the County. For financial reporting purposes, the County's basic financial statements include all financial activities that are controlled by or are dependent upon activities taken by the County's Board. Financial information on these component units may be obtained from the County Auditor/Controller's Office.

Blended Component Units: The following component units are blended into the County's financial statements because the governing board members are substantively the same as the County Board of Supervisors and the County's management has operational responsibility for these component units.

- The County Service Areas are separate legal entities created to provide services such as water, sewer, lighting and road maintenance throughout the County.
- The Air Quality Management District was established as a separate legal entity to maintain and improve the County's air quality.
- The In-Home Supportive Services Public Authority was created for the purpose of collective bargaining for in-home supportive services (IHSS) providers.
- The El Dorado County Housing Authority was formed to issue certificates and vouchers for Section 8 housing.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Description of the Reporting Entity (continued)

Blended Component Units: (continued)

- The El Dorado County Bond Authority was established pursuant to a joint exercise of powers agreement between the County and the El Dorado Redevelopment Agency to obtain financing for public capital improvements.
- The El Dorado Hills Business Park Light and Landscape District was formed to provide lighting and landscaping to the business park in El Dorado Hills.

The following component unit is blended into the County's financial statements because its total debt outstanding, if any, is expected to be repaid entirely or almost entirely with the County's resources.

- The County Water Agency is a separate legal entity formed to provide water service within the County.

Discretely Presented Component Units: The following component units are discretely presented because their governing boards are not substantively the same as that of the County and they do not meet other criteria as blending component units.

- The El Dorado County Transit Authority (EDCTA) was established pursuant to a joint exercise of powers agreement by and between the County and the City of Placerville to provide transit services. The County Board appoints three of the five EDCTA board members.
- The Children and Families Commission of El Dorado County (the Commission) was established in December 1998, under the authority of the California Children and Families First Act of 1998 and sections 130100, et seq. of the Health and Safety Code. The County Board appointed all members of the Commission. The Board can remove appointed members at will. The Commission accounts for receipts and disbursements of California Children and First Families Trust Fund (Proposition 10) allocations and appropriations for the Commission.
- The El Dorado County Transportation Commission (EDCTC) was created pursuant to Section 29532 and 29535 of the California Government Code as a local transportation commission for the western slope of the County in 1975 to administer transportation planning and allocate the funds in accordance with the Transportation Development Act. Provided by the law change through California Assembly Bill No. 1204, the County Board appoints four of the seven EDCTC board members.

The reporting entity excludes certain separate legal entities which may have "El Dorado" in their title, or which are required to keep their funds in the County Treasury or receive their tax apportionment from the County. Examples are school districts and a variety of special purpose districts for fire protection, recreation and parks, etc. These entities are autonomous organizations with their own governmental powers and constituencies over which the County Board has no oversight responsibility. Accordingly, they are not included in the accompanying combined financial statements, except as to their assets held by the County (principally cash and investments held by the County Treasurer) as discussed under "Fiduciary Funds."

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Description of the Reporting Entity (continued)

Also, excluded from the reporting entity are the following Joint Power Authorities (JPA):

- American River Authority. The County participates with Placer County, Placer County Water Agency, El Dorado County Water Agency, and San Joaquin County in this Joint Powers Authority that was created to facilitate construction of a dam, reservoir and hydroelectric power facilities at the Auburn Dam Site. The participants share the costs of operating the JPA equally. The governing board consists of one member from each of the participants and a public resident who alternates among El Dorado, Placer and San Joaquin County.
- El Dorado County-Folsom Joint Powers Agreement. The County participates with the City of Folsom in this JPA, the purpose of which is to manage growth toward the goal of achieving an improved quality of life for the citizens of both political jurisdictions. The governing board consists of two members from each of the participating entities.
- Sacramento-Placerville Transportation Corridor Joint Powers Agreement. The County participates with Sacramento County, the City of Folsom and Regional Transit in this JPA. The agency was formed to acquire the Placerville Branch of the Southern Pacific Railroad Right of Way. The participants share the costs of operating the Joint Powers Authority equally. The board is made up of one member from each participant and one public member at large.

B. Basis of Presentation

Government-Wide Financial Statements

The statement of net position and statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except fiduciary activities. These statements distinguish between the *governmental* and *business-type activities* of the County and between the County and its discretely presented component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Certain indirect costs, which cannot be identified and broken down, are included in the program expenses reported for individual functions and activities. Program revenues include 1) charges paid by the recipients of goods or services offered by the programs and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented instead as general revenues.

When both restricted and unrestricted components of net position are available, restricted resources are used just before the unrestricted resources are used.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. **Basis of Presentation** (continued)

Fund Financial Statements

The fund financial statements provide information about the County's funds, including blended component units and fiduciary funds. Separate statements for each fund category – *governmental, proprietary, and fiduciary* – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are separately aggregated and reported as nonmajor funds.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. *Operating* revenues, such as charges for services, result from exchange transactions associated with the principal activities of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. *Nonoperating* revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. *Operating* expenses include costs of providing services and delivering goods. All other expenses not meeting this definition are reported as nonoperating expenses.

The County reports the following major governmental funds:

- The General Fund is used to account for all revenues and expenditures necessary to carry out basic governmental activities of the County that are not accounted for through other funds. For the County, the General Fund includes such activities as general government, public protection, health and sanitation, public assistance, education, and recreation and cultural services.
- The Road Fund is a special revenue fund used to account for funds allocated for the planning, design, construction, maintenance and administration of County transportation activities (public ways and facilities). The Road Fund's revenues primarily come from intergovernmental sources. The State provides the allocation to the Road Fund from sources such as gas taxes, transportation planning funds and Proposition 1B. The federal government also provides funding through various federal construction funds. In addition, Road Fund receives operating transfers of local revenues generated from road improvement fees and traffic impact mitigation fees charged on new development.
- The Silva Valley Interchange Traffic Impact Mitigation Fee (TIM) Fund is a special revenue fund used to account for traffic impact mitigation fees received from individual property owners in the El Dorado Hills area to mitigate traffic impacts and to fund the construction of the Silva Valley interchange. The impact fees are the primary revenues of the Silva Valley Interchange TIM Fund.

The County reports the following nonmajor enterprise fund:

- The County Airports Fund accounts for the activities of the County airports.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. **Basis of Presentation** (continued)

Fund Financial Statements (continued)

In addition, the County reports the following additional fund types:

- Internal Service Funds – Fleet Management and Risk Management Authority are internal service funds used to account for the County's fleet maintenance provided to other departments, and for employee and retiree health benefits and self-insurance programs including workers' compensation, personal injury and property damage on a cost-reimbursement basis.
- Investment Trust Funds – Investment Trust Funds account for the assets, primarily cash and investments, of legally separate entities that deposit cash with the County Treasurer in an investment pool, which commingles resources in an investment portfolio for the benefit of all participants. These participants include school and community college districts, other special districts governed by local boards, regional boards and authorities.
- Agency Funds – Agency Funds are custodial in nature and do not involve measurement of the results of operations. Such funds have no equity accounts since all assets are due to individuals or entities at some future time. These funds account for assets held by the County as an agent for individuals and other government units.

C. **Basis of Accounting and Measurement Focus**

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied. The government-wide and proprietary financial statements are reported using the economic resources measurement focus and the accrual basis of accounting.

Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Nonexchange transactions, in which the County does not give (or receive) equal value in exchange, includes property and sales taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenues from sales taxes are recognized when the underlying transactions take place. Revenues from grants, entitlements and donations are recognized in the fiscal year for which all eligibility requirements have been satisfied.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when earned, measurable and available. Property and sales taxes, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within 180 days after the end of the accounting period so as to be both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments are recorded only when payment is due. General capital assets acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (CONTINUED)

D. Cash and Investments

The County sponsors an investment pool that is managed by the County Treasurer. The Treasurer invests on behalf of most funds of the County and external participants in accordance with the California State Government Code and the County's investment policy. The State of California (State) statutes authorize the County to invest its cash surplus in obligations of the U.S. Treasury, agencies and instrumentalities, corporate bonds, medium term notes, bankers acceptances, certificates of deposit, commercial paper, repurchase agreements, and the State of California Local Agency Investment Fund.

Investments are reported at fair value. The fair value represents the amount the County could reasonably expect to receive for an investment in a current sale between a willing buyer and seller. The fair value of investments is obtained by using quotations obtained from independent published sources.

Participants' equity in the investment pool is determined by the dollar amount of participant deposits, adjusted for withdrawals and distributed investment income. Investment income is determined on an amortized cost basis. Amortized premiums and accreted discounts, accrued interest, and realized gains and losses, net of expenses, are apportioned to pool participants every month. This method differs from the fair value method used to value investments in these financial statements, on an annual basis, as unrealized gains or losses are not apportioned to pool participants.

Income from pooled investments is allocated to the individual funds or external participants based on the fund or participants' average daily cash balance at month end in relation to the total pool investments.

E. Cash and Cash Equivalents

For purposes of the accompanying statement of cash flows, the enterprise and internal service funds consider all highly liquid investments with a maturity of three months or less when purchased, and their equity in the County Treasurer's investment pool, to be cash equivalents.

F. Mortgages Receivables

Governmental fund long-term mortgage receivables arise from mortgage subsidiary programs. These long-term receivables are recorded in the governmental fund balance sheet as well as in the governmental activities of the government-wide statement of net position.

G. Inventories and Prepaid Expenses

Inventories of expendable supplies are valued at the lower of cost (first-in, first-out) or market. The cost is recorded as an expenditure at the time individual inventory items are consumed. Reported inventory is equally offset by the nonspendable fund balance to indicate that portion of fund balance is not in spendable form.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses.

H. Capital Assets and Depreciation

Capital assets (including infrastructure) are recorded at historical cost or at estimated historical cost if actual historical cost is not available. Contributed capital assets are valued at their estimated fair market value on the date contributed. Capital assets include public domain (infrastructure) general capital assets consisting of certain improvements including roads, bridges, water/sewer, lighting system, drainage systems, and flood control. The County defines infrastructure and building and improvements as purchases or improvements with an aggregate cost of more than \$10,000 and equipment with an initial, individual cost of more than \$1,500 and an estimated useful life in excess of one year.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Capital Assets and Depreciation (continued)

The estimated useful lives are as follows:

Infrastructure (except for the maintained pavement subsystem)	15 to 25 years
Structures and improvements	8 to 50 years
Equipment	3 to 20 years

Governmental Funds – Capital assets that the County acquires through the use of resources from a governmental fund are recorded as an outflow/expenditure for the period. Further, since the governmental fund balance sheet presents only those assets that represent financial resources available for current appropriation and expenditure, capital assets are not reported in a specific governmental fund but, rather, are reported in the government-wide statement of net position. Leasehold improvements of governmental funds are amortized in the government-wide statements using the straight-line method over the lesser of the lease period or their estimated useful lives. Other capital assets of governmental funds are depreciated in the government-wide statements using the straight-line method over their estimated useful lives.

Proprietary Funds – Capital assets are capitalized and depreciated using the straight-line method over their estimated useful lives; however, the Fleet Management Fund uses the “per mile” depreciation method, which approximates the straight-line method.

I. Property Tax Levy, Collection and Maximum Rates

The State Constitution Article XIII A provides that the combined maximum property tax rate on any given property may not exceed one percent (1%) of its assessed value unless an additional amount for general obligation debt has been approved by voters. Assessed value is calculated at 100% of market value, as defined by Article XIII A, and may be adjusted by no more than two percent (2%) per year unless the property is sold or transferred. The State Legislature has determined the method of distribution of receipts from a one percent (1%) tax levy among the County, cities, school districts, and other districts. The total 2014-2015 net assessed valuation of the County was \$27,063,353,619.

Secured property taxes are recorded as revenues when levied under the alternate plan described in Division I, Part 8, Chapter 3 of the Revenue and Taxation Code of the State so that fund balances include property taxes apportioned but not collected. Unsecured taxes are recorded as revenues when collected. The County’s property tax calendar is as follows:

	<u>Secured</u>	<u>Unsecured</u>
Lien date	January 1	January 1
Levy date	July 1	July 1
Due dates:		
First installment	November 1	January 1
Second installment	February 1	
Delinquent dates:		
First installment	December 10	August 31
Second installment	April 10	

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (CONTINUED)

J. Compensated Absences (Accrued Vacation, Sick Leave and Compensatory Items)

The County's policy allows employees to accumulate earned but unused vacation, sick leave, and compensatory time-off. Vacation pay may be accumulated to a maximum of six to eight weeks depending on the employee's years of service and is payable upon termination. Employees with at least five years of service receive a percentage of their unused sick leave upon termination ranging from 20% at five years to 100% at twenty years up to a maximum cap between 500-504 hours. Compensated time off may be accumulated up to a maximum of 160 to 200 hours depending on the employee's bargaining unit and, similar to vacation pay, is payable upon termination.

Governmental Funds – Because vacation and sick leave balances do not require the use of expendable financial resources, no liability is recorded within the governmental funds. However, this liability is reflected in the government-wide statement of net position.

Proprietary Funds – Vacation, sick leave and compensatory time-off are recorded as an expense and the related salaries and benefits liability in the year earned. Accrued but unpaid liabilities at year-end are recorded in the respective funds.

K. Interfund Transactions

Interfund transactions are reflected as either loans, services provided, reimbursements or transfers. Loans are reported as receivables and payables as appropriate, are subject to elimination upon consolidation and are referred to as either "due from/to other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). Any residual balances outstanding between the *governmental activities* and the *business-type activities* are reported in the government-wide financial statements as "internal balances". Advances to other funds reported in the General Fund financial statement are offset by the nonspendable fund balance to indicate that they are not in spendable form.

Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between *governmental activities* or *business-type activities* are netted as part of the reconciliation to the government-wide presentation.

L. Self-Insurance

The County self-insures for property damage, liability, workers' compensation, and unemployment claims. Self-insurance programs are accounted for in an internal service fund and interfund charges are treated as quasi-external transactions.

M. Pensions

For purposes of measuring the net pension liabilities, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expenses, information about the fiduciary net positions of the County's pension plans (the Plans) and additions to/deductions from the Plans' fiduciary net positions have been determined on the same basis as they are reported by the California Public Employees' Retirement System (CalPERS) Financial Office. For this purpose, benefit payments (including refunds of employee contributions) are recognized when currently due and payable in accordance with the benefit terms. Investments are reported at fair value.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (CONTINUED)

N. Deferred Outflows and Inflows of Resources

Pursuant to Governmental Accounting Standards Board (GASB) Statement No. 63, "*Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of resources, and Net Position*" and GASB Statement No. 65, "*Items Previously Reported as Assets and Liabilities*", the County recognized deferred outflows and inflows of resources.

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets by the County that is applicable to a future reporting period and will not be recognized as an outflow of resources (expense/ expenditure) until then. The County has only one type of deferred outflows of resources, which is from pension activities and is reported in the government-wide statement of net position.

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets by the County that is applicable to a future reporting period and will not be recognized as an inflow of resources (revenue) until that time. The County has two types of deferred inflows of resources. The first type, unavailable revenue, arises under the modified accrual basis of accounting and therefore, is reported only in the governmental fund balance sheet. The second type is from pension activities and is reported in the government-wide statement of net position.

O. Net Position and Fund Balances

Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- *Net Investment in Capital Assets*: This category groups all capital assets, including infrastructure, into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- *Restricted Net Position*: This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation. Included in governmental activities restricted net position at June 30, 2015, is net position restricted by enabling legislation of \$111.0 million.
- *Unrestricted Net Position*: This category represents net position of the County, not restricted for any project or other purpose.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

O. **Net Position and Fund Balances** (continued)

Fund Balances

As prescribed by GASB Statement No. 54, governmental funds report fund balances in classifications based primarily on the extent to which the County is bound to observe constraints imposed upon the use of the resources reported in those funds. As of June 30, 2015, fund balances for governmental funds comprise the following based on the relative strength of the constraints that control how specific amounts can be spent:

- *Nonspendable Fund Balance*: This category includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories, and prepaid amounts.
- *Restricted Fund Balance*: This category includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation. Restrictions may effectively be changed or lifted only with the consent of resource providers.
- *Committed Fund Balance*: This category includes amounts that can be used only for the specific purposes determined by a formal action of the County's highest level of decision-making authority (resolution by the County's Board). Commitments may be changed or lifted only by the County's Board taking the same formal action that imposed the constraint originally.
- *Assigned Fund Balance*: This category comprises amounts intended to be used by the County for specific purposes that are neither restricted nor committed. *Intent* is expressed by (a) the County's Board or (b) a body (a budget or finance committee, for example) or official to which the County's Board has delegated the authority to assign amounts to be used for specific purposes.
- *Unassigned Fund Balance*: This category is the residual classification for the General Fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification was used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

In circumstances when an expenditure is incurred for purposes for which amounts are available in multiple fund balance classifications, fund balance is generally depleted in the order of restricted, committed, assigned, and unassigned.

P. **Use of Estimates**

The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenditures/expenses during the reporting period. Actual results could differ from these estimates and the differences may be material.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 1: **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (CONTINUED)

Q. **Implementation of GASB Statement No. 68, 69 and 71**

In June 2012, GASB issued Statement No. 68, *Accounting and Financial Reporting for Pensions*, which is effective for periods beginning after June 15, 2014. The principal objective of this statement is to improve the usefulness of information for decisions made by the various users of the general purpose external financial reports of governments whose employees – both active employees and inactive employees – are provided with pensions. An additional objective is to improve the information provided in government financial reports about pension-related financial support provided by certain non-employer entities that make contributions to pension plans that are used to provide benefits to the employees of other entities. This statement was implemented by the County during fiscal year ended June 30, 2015.

In January 2013, GASB issued Statement No. 69, *Government Combinations and Disposals of Government Operations*, which is effective for periods beginning after December 15, 2013. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. There was no impact to the County's financial statements as a result of implementation of this statement.

In November 2013, GASB issued Statement No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, which is effective for periods beginning after June 15, 2014. This statement is an amendment to GASB Statement No. 68 and should be applied concurrently. This statement was implemented by the County during fiscal year ended June 30, 2015.

R. **New Accounting Pronouncements**

GASB recently released the following new accounting and financial reporting standard, which may have a significant impact on the County's financial reporting process.

GASB Statement No. 72, *Fair Value Measurement and Application*, is effective for periods beginning after June 15, 2015. This statement addresses accounting and financial reporting issues related to fair value measurements. This statement provides guidance for determining a fair value measurement for financial reporting purposes and also provides guidance for applying fair value to certain investments and disclosures related to all fair value measurements.

NOTE 2: **CASH AND INVESTMENTS**

The County sponsors an investment pool that is managed by the County Treasurer for the purpose of increasing interest earnings through investment activities. Cash and investments for most County activities are included in the investment pool. Interest earned on the investment pool is distributed to the participating funds using a formula based on the average daily cash balance of each fund.

The investment pool includes both voluntary and involuntary participation from external entities. The State of California statutes require certain special districts and other governmental entities to maintain their cash surplus with the County Treasurer.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

The County investment pool is not registered with the Securities and Exchange Commission as an investment company. Investments made by the Treasurer are regulated by the California Government Code and by the County's investment policy. The objectives of the policy are in order of priority, safety, liquidity, public trust, and yield.

The County Board of Supervisors reviews and approves the investment policy annually. The County Treasurer prepares and submits a comprehensive investment report to the investment pool participants every quarter. The report covers the type of investments in the pool, maturity dates, par value, actual costs and fair value.

At June 30, 2015, total County cash and investments were as follows:

	Pooled Treasury	External to Pool	Total
Cash:			
Imprest cash	\$ --	\$ 220,220	\$ 220,220
Cash on hand	500	--	500
Deposits	136,474,852	12,130,593	148,605,445
Total Cash	<u>136,475,352</u>	<u>12,350,813</u>	<u>148,826,165</u>
Investments	<u>293,226,384</u>	<u>1,185,364</u>	<u>294,411,748</u>
Total Cash and Investments	<u>\$ 429,701,736</u>	<u>\$ 13,536,177</u>	<u>\$ 443,237,913</u>

Total cash and investments at June 30, 2015 were presented on the County's financial statements as follows:

	Primary Government	Fiduciary Funds	Component Units	Total
County Investment Pool:				
Unrestricted	\$ 242,699,834	\$ 181,261,803	\$ 2,181,543	\$ 426,143,180
Restricted	2,260,891	--	1,297,665	3,558,556
Total in County Investment Pool	<u>244,960,725</u>	<u>181,261,803</u>	<u>3,479,208</u>	<u>429,701,736</u>
External to Pool:				
Other restricted cash and investments	--	--	4,759,606	4,759,606
Other unrestricted cash and investments	--	476,983	8,079,368	8,556,351
Imprest cash	219,820	--	400	220,220
Total External to Pool	<u>219,820</u>	<u>476,983</u>	<u>12,839,374</u>	<u>13,536,177</u>
Total Cash and Investments	<u>\$ 245,180,545</u>	<u>\$ 181,738,786</u>	<u>\$ 16,318,582</u>	<u>\$ 443,237,913</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

In the Statement of Fiduciary Net Position, the total cash and investments balance for Investment Trust and Agency Funds in the amount of \$181,738,786 includes, and is decreased by the negative cash balances maintained in certain agency funds used to allocate property taxes under the alternate method of tax apportionment (Teeter Plan). The total cash deficits of these Teeter Plan funds of \$9,349,271 is entirely offset by, and is significantly less than, the total \$14,476,261 that has been recorded by these funds as taxes receivable.

Cash and investments were restricted at June 30, 2015, for the following purposes:

	Primary Government	Component Units	Total
Closure and post-closure costs	\$ 2,260,891	\$ --	\$ 2,260,891
Transit and transportation grant expenditures	--	5,987,571	5,987,571
Risk financing	--	69,700	69,700
	<u>\$ 2,260,891</u>	<u>\$ 6,057,271</u>	<u>\$ 8,318,162</u>

Investments

The table below identifies the investment types that are authorized for the County by the California Government Code or the County's investment policy, whichever is more restrictive. The table also identifies certain provisions of the County's investment policy that address interest rate risk, credit risk, and concentration risk.

Authorized Investment Type	Maximum Maturity	Maximum Percentage of Portfolio	Maximum Investment in One Issuer *
U.S. Treasury Obligations	5 years	100%	100%
Bankers Acceptances	180 days	40%	5%
Domestic Commercial Paper	31 days	20%	5%
Certificates of Deposit, Negotiable	5 years	30%	5%
Certificates of Deposit, Non-negotiable	5 years	100%	100%
Repurchase Agreements	1 year	100%	5%
U.S. Agency Obligations	3 years	100%	5%
Demand Deposit Savings Accounts	5 years	100%	100%
State Warrants	1 year	100%	100%
Local Agency Investment Fund (LAIF)**	N/A	100%	100%
Medium-Term Notes U.S. Corporations under the Temporary Liquidity Guarantee Program (TLGP)	3 years	30%	30%
Commercial Paper under TLGP	270 days	40%	40%
Money Market Account	N/A	100%	5%
Deposit placed with Private Sector Entity	5 years	30%	***

* Limitations apply only at the time an investment is purchased.

** Subject to a \$50 million cap set by LAIF.

*** Individual deposit no more than can be federally insured.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 2: CASH AND INVESTMENTS (CONTINUED)

Investments (continued)

At June 30, 2015, the County had the following investments:

	Interest Rates	Maturities	Par Value	Book Value	Fair Value	WAM (Years)
Investments in Investment Pool						
Treasury Securities - Coupon	0.250%-3.250%	07/15/15-01/31/18	\$ 195,200,000	\$ 195,829,684	\$ 196,291,479	0.88
California Local Agency Investment Fund	0.299%	On Demand	50,000,000	50,000,000	50,000,000	0.00
Money Market Account	0.100%-0.300%	On Demand	47,396,700	47,396,700	47,396,700	0.00
Total Investments in Investment Pool			\$ 292,596,700	\$ 293,226,384	\$ 293,688,179	0.59
Investments Outside Investment Pool						
Component Units:						
<i>El Dorado County Transit Authority</i>						
California Local Agency Investment Fund	0.299%	On Demand	\$ 1,185,364	\$ 1,185,364	\$ 1,185,364	--
Total Investments Outside Investment Pool			\$ 1,185,364	\$ 1,185,364	\$ 1,185,364	--

At June 30, 2015 the difference between the carrying value and fair value of cash and investments was not material (fair value was 100.16% of carrying value). No adjustment has been recorded on the financial statements.

Interest Rate Risk

The County manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio to five years or less in accordance with its investment policy. As of June 30, 2015, the investment pool had a weighted average maturity of 0.59 year.

Credit Risk

State law and the County's investment policy limit investments in commercial paper to the rating of A-1 by Standards & Poor's or P-1 by Moody's Investors Service. State law and the County's Investment Policy also limit investments in corporate bonds to the rating of A by Standard & Poor's and Moody's Investors Service. The County does not have credit limits on government agency securities.

The following is a summary of the credit quality distribution and concentration of credit risk by investment type as a percentage of the County investment pool's fair value at June 30, 2015.

	Standard & Poor's Rating	% of Portfolio
Treasury Securities - Coupon	AA	66.84%
California Local Agency Investment Fund	Unrated	17.02%
Money Market Account	Unrated	16.14%
Total		100.00%

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 2: **CASH AND INVESTMENTS** (CONTINUED)

Custodial Credit Risk

For all investments, custodial credit risk is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or deposits that are in the possession of an outside party. At year end, the County had no securities exposed to custodial credit risk.

The custodial credit risk pertaining specifically to deposits is the risk that the County will not be able to recover deposits or will not be able to recover collateral securities that are in possession of an outside party. The County's bank deposits are insured by FDIC up to \$250,000 per account, which serves to mitigate the County's risk.

Local Agency Investment Fund

The County Treasurer's pool maintains an investment in the State of California Local Agency Investment Fund (LAIF), managed by the State Treasurer. This fund is not registered with the Securities and Exchange Commission as an investment company, but is required to invest according to California Government Code. Participants in the pool include voluntary and involuntary participants, such as special districts and school districts for which there are legal provisions regarding their investments. The Local Investment Advisory Board (LIAB) has oversight responsibility for LAIF. The LIAB consists of five members as designated by State Statute.

At June 30, 2015, the County's investment position in LAIF was \$50 million, which approximates fair value and is the same as value of the pool shares. The total amount invested by all public agencies in LAIF on that day was \$21.5 billion. LAIF is part of the State of California Pooled Money Investment Account (PMIA), whose balance at June 30, 2015 was \$69.6 billion. Of that amount, 2.08% was invested in structured notes and asset-backed securities.

County Investment Pool Condensed Financial Statements

The following represents a condensed statement of net position and changes in net position for the Treasurer's investment pool as of June 30, 2015:

Statement of Net Position

Net position held for pool participants	<u>\$ 429,701,736</u>
Equity of internal pool participants	251,651,174
Equity of external pool participants	<u>178,050,562</u>
Total net position	<u>\$ 429,701,736</u>

Statement of Changes in Net Position

Net position at July 1, 2014	\$ 461,448,963
Investment income	2,361,057
Investment expenses	(614,958)
Net contributions (withdrawals) by pool participants	<u>(33,493,326)</u>
Net position at June 30, 2015	<u>\$ 429,701,736</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 3: LONG-TERM RECEIVABLES

The accounts receivable balances reported in the governmental funds include an allowance for uncollectible amounts of \$10,674,341. Among these accounts receivables, \$2,776,717 (net of uncollectible amount) are long-term accounts receivables. In addition, the due from other government balances reported in other governmental funds include long-term receivables of \$1,551,484. These long-term receivables are not expected to be fully collected in the next fiscal year and are therefore equally offset by the deferred inflows of resources (unavailable revenue). Similarly, the governmental funds report special assessment receivables of \$89,121 (net of uncollectible amounts of \$1,737,171), which are also not expected to be fully collected in the next fiscal year and are therefore equally offset by the deferred inflows of resources (unavailable revenue). Further, the governmental funds and the governmental activities report long-term notes receivables of \$11,238,632. The governmental activities also report long-term interest receivables of \$197,657.

NOTE 4: CAPITAL ASSETS

Airports	<u>\$ 282,022</u>
Total depreciation expense business-type activities	<u>\$ 282,022</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 5: UNEARNED REVENUE AND DEFERRED OUTFLOWS/INFLOWS OF RESOURCES

Unearned Revenues

Under both the accrual and modified accrual basis of accounting, revenue may be recognized only when earned. Therefore, the government-wide statement of net position as well as governmental and enterprise funds delay revenue recognition in connection with resources that have been received as of year-end, but not yet earned. Assets recognized in connection with a transaction before the earning process is complete are offset by a corresponding liability for unearned revenue.

As of June 30, 2015, governmental funds, governmental activities, enterprise fund, and business-type activities report unearned revenue in connection with resources that have been received, but not yet earned. The various components of unearned revenue were reported as follows:

	Governmental Funds / Governmental Activities	Enterprise Fund / Business-Type
	<u>Unearned Revenue</u>	<u>Unearned Revenue</u>
Governmental Funds/Governmental Activities:		
General Fund:		
Various grants and charges	\$ 55,159	\$ --
Road Fund:		
Various grants and charges	158,068	--
Other Governmental Funds:		
Various grants, charges, and special assessments and loans	5,160,929	--
Enterprise Fund/Business-Type Activities:		
County Airports:		
Service fees	--	1,908
Total	<u>\$ 5,374,156</u>	<u>\$ 1,908</u>

Deferred Outflows and Inflows of Resources

As described in Note 1N, pursuant to GASB Statement No. 63 and Statement No. 65, the County recognizes deferred outflows and inflows of resources in the financial statements. Under the modified accrual basis of accounting, in addition to "having been earned", revenue must also be available to finance expenditures of the current period for it to be recognized in the current period. When an asset is recorded in governmental fund financial statements but the revenue is not available, governmental funds report a deferred inflow of resources until such time as the revenue becomes available. These deferred inflows of resources are in connection with receivables for revenues considered unavailable for the current period. Further, the County reports deferred outflows and inflows of resources related to pensions in its governmental activities.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 5: UNEARNED REVENUE AND DEFERRED OUTFLOWS / INFLOWS OF RESOURCES (CONTINUED)

Deferred Outflows and Inflows of Resources (continued)

The summary of the deferred outflows and inflows of resources reported for the year ended June 30, 2015, is as follows:

	Governmental Funds	Governmental Activities	
	(Unavailable Revenue) Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Governmental Funds:			
General Fund:			
Various grants and charges	\$ 751,717	\$ --	\$ --
Road Fund:			
Various grants and charges	192,893	--	--
Other Governmental Funds:			
Various grants, charges, and special assessments and loans	3,472,712	--	--
Governmental Activities:			
Deferred pension outflows	--	22,088,806	
Deferred pension inflows	--		42,879,424
Total	<u>\$ 4,417,322</u>	<u>\$ 22,088,806</u>	<u>\$ 42,879,424</u>

NOTE 6: LONG-TERM LIABILITIES

Long-term debt at June 30, 2015 consisted of the following:

Governmental Activities

	Date of Issue	Maturity	Interest Rates	Annual Principal Installments	Original Issue Amount	Outstanding at June 30, 2015
Notes Payable						
HUD HOME Program ¹⁾	2003	2058	0.00%	2)	\$ 3,000,000	\$ 3,000,000
HUD HOME Program ¹⁾	2013	2067	3.00%	2)	3,000,000	3,000,000
HUD State CDBG Program ¹⁾	2013	2068	3.00%	2)	483,000	483,000
						<u>\$ 6,483,000</u>

¹⁾ Note payable is offset by a long-term note receivable secured by a deed of trust.

²⁾ Principal payment is due in total at the end of note maturity.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 6: LONG-TERM LIABILITIES (CONTINUED)

The following is a summary of long-term liabilities transactions for the year ended June 30, 2015:

	(Restated) Balance July 1, 2014	Additions	Retirements	Balance June 30, 2015	Amounts Due Within One Year
Governmental Activities					
Notes payable:					
California Housing Finance Agency	\$ 1,500,000	\$ --	\$ 1,500,000	\$ --	\$ --
HUD HOME Program	6,000,000	--	--	6,000,000	--
HUD State CDBG Program	483,000	--	--	483,000	--
Compensated absences	13,877,952	1,863,515	1,542,476	14,198,991	1,515,325
Landfill closure / post-closure liability	16,142,895	1,142,807	--	17,285,702	--
Liability for self-insurance claims	17,287,000	35,729,518	36,052,518	16,964,000	4,045,482
Other postemployment benefits	71,041,226	6,937,550	2,357,186	75,621,590	--
Net pension liability	265,785,892	40,363,998	83,509,582	222,640,308	--
	<u>\$ 392,117,965</u>	<u>\$ 86,037,388</u>	<u>\$ 124,961,762</u>	<u>\$ 353,193,591</u>	<u>\$ 5,560,807</u>
Business-Type Activities					
Compensated absences	<u>\$ 31,722</u>	<u>\$ 5,203</u>	<u>\$ --</u>	<u>\$ 36,925</u>	<u>\$ 4,062</u>
	<u>\$ 31,722</u>	<u>\$ 5,203</u>	<u>\$ --</u>	<u>\$ 36,925</u>	<u>\$ 4,062</u>

The liability for self-insurance claims is liquidated by the cumulative charge for services recorded in the internal service fund. Similarly, the liability for other postemployment benefits is liquidated by the cumulative charge to County departments recorded in the internal service fund. Compensated absences and net pension liability are generally liquidated by the General Fund and related special revenue funds. Landfill closure / post-closure liability is liquidated from special revenue funds.

As of June 30, 2015, there are no annual debt service requirements of governmental activities with fixed maturities and there are no annual debt service requirements of business-type activities to maturity.

NOTE 7: LEASES

Operating Lease Obligations

The County leases various office space and buildings under various noncancelable operating leases. Annual rent expenditures were approximately \$3.3 million for the year ended June 30, 2015.

Future minimum operating lease commitments are as follows:

Year Ending June 30:	
2016	\$ 2,505,915
2017	2,158,737
2018	1,965,189
2019	1,757,791
2020	1,503,031
2021-2025	5,618,030
	<u>\$ 15,508,693</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 8: **LIABILITY FOR CLOSURE AND POST-CLOSURE COSTS**

State and federal laws and regulations require the County to place a final cover on its Union Mine landfill site and perform certain maintenance and monitoring functions at the site for thirty years after final closure. In addition to operating expenditures related to current activities of the landfill, an estimated liability is being recognized based on the future closure and postclosure maintenance costs that will be incurred near or after the date the landfill no longer accepts waste.

The County ceased accepting waste from the public in 1997 and 8.2 acres or 19.4 percent of the landfill's 42.3 acres remain open to waste generated onsite. The estimated landfill closure care liability of \$2,406,234 reported as of June 30, 2015, is the current cost estimate of closing the remaining 8.2 acres. Because the landfill is no longer accepting waste from the public, the additional liability of \$14,879,468 representing postclosure costs for the entire 42.3 acres has been recognized and is a cumulative amount reported to date based on County staff estimates and adjustments for CPI (Consumer Price Index) rate changes.

State and federal laws require the County to make contributions to a special fund in order to finance closure care. At June 30, 2015, cash and investments held of \$2,260,891 in this special fund are part of the pooled funds held by the County treasurer and are reported as restricted assets on the Statement of Net Position. Currently, the amount held as restricted cash, combined with due from other funds in the amount of \$145,343 recorded in this special fund, is sufficient to cover the entire closure liability.

The County has filed a Pledge of Revenue with the California Integrated Waste Management Board that waives the requirement to make contributions to a special fund to finance postclosure costs. The estimated postclosure costs of \$14,879,468, to be paid over a 30-year period upon final closure, may need to be funded by charges to future landfill users and/or from future tax revenue.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 9: INTERFUND TRANSACTIONS

The composition of interfund balances as of June 30, 2015 is as follows:

NOTE 10: PENSIONS

A. General Information about the Pension Plans

Plan Description

The County has two pension plans (the Plans): the miscellaneous plan and the safety plan. Both Plans are agent multiple-employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS), which acts as a common investment and administrative agent for participating public employers within the State of California. Benefit provisions under the Plans are established by State statutes and County's resolutions. CalPERS issues publicly available reports that include a full description of the Plans regarding benefit provisions, assumptions and membership information. These reports and CalPERS' audited financial statements can be viewed at CalPERS' website: <http://www.calpers.ca.gov>.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 10: **PENSIONS** (CONTINUED)

A. **General Information about the Pension Plans** (continued)

Benefits Provided

CalPERS provides service retirement, disability benefits, annual cost-of-living adjustments, and death benefits to plan members, who must be public employees, and beneficiaries. Benefits are based on years of credited service, equal to a year of full time employment. Members with five years of total service are eligible to retire at age 50 (52 for miscellaneous members hired after January 1, 2013) with statutorily reduced benefits. All members are eligible for non-duty disability benefits after five years of service. The death benefit is one of the following: the Basic Death Benefit, the 1957 Survivor Benefit, the Optional Settlement 2W Death Benefit, or the Special Death Benefit (for safety members only). The cost of living adjustments for each plan are applied as specified by the Public Employees' Retirement Law (PERL).

Below is a summary of the Plans' provisions and benefits in effect at June 30, 2015:

	Miscellaneous		
		On or after October 5, 2012	
	Prior to October 5, 2012	Prior to January 1, 2013	On or after January 1, 2013
Hire Date			
Benefit formula	2% @ 55	2% @ 60	2% @ 62
Benefit vesting schedule	5 years of service	5 years of service	5 years of service
Benefit payments	monthly for life	monthly for life	monthly for life
Retirement eligibility age	50	50	52

* The required contribution for fiscal year 2014-2015 was determined as part of the June 30, 2012 actuarial.

** The required contribution rate for fiscal year 2014-2015 was listed in Appendix D of the June 30, 2013 actuarial.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 10: **PENSIONS** (CONTINUED)

A. General Information about the Pension Plans (continued)

Employees Covered

Listed below is the summary of number of employees covered by the benefit terms as of June 30, 2014, the most recent actuarial valuation date:

	<u>Miscellaneous</u>	<u>Safety</u>
Inactive employees or beneficiaries currently receiving benefits	1,595	353
Inactive employees entitled to but not yet receiving benefits (Transferred + Terminated)	1,313	218
Active employees	<u>1,351</u>	<u>371</u>
Total	<u><u>4,259</u></u>	<u><u>942</u></u>

Contribution

Section 20814(c) of the PERL requires that the employer contribution rates for all public employers be determined on an annual basis by the actuary and shall be effective on the July 1 following notice of a change in the rate. The total plan contributions are determined through CalPERS' annual actuarial valuation process. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For the measurement period ended June 30, 2014 (the measurement date), the average active employee contribution rate is 6.966 percent of annual pay for miscellaneous employees and 9.037 percent of annual pay for safety employees. The employer's contribution rate is 15.661 percent of annual payroll for miscellaneous employees and 29.935 percent of annual payroll for safety employees. Employer contribution rates may change if plan contracts are amended. Further, the employees pay a portion or all of their required CalPERS contribution to CalPERS depending on their labor agreements with the County. When employees are required to pay only a portion of their required contribution, the County pays the remaining portion on their behalf and for their account. The impact due to these employer paid member contributions was not material and therefore no adjustments were made to the County's financial statements.

B. Net Pension Liability

The County's net pension liability for each Plan is measured as the total pension liability, less the pension plan's fiduciary net position. The net pension liability of each Plan is measured as of June 30, 2014, using standard update procedures.

Actuarial Methods and Assumptions Used to Determine Total Pension Liability

For the measurement period ended June 30, 2014 (the measurement date), the total pension liability for each Plan was determined by rolling forward the June 30, 2013 total pension liability of each Plan. The June 30, 2013 and the June 30, 2014 total pension liabilities for each Plan were based on the following actuarial methods and assumptions:

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 10: **PENSIONS** (CONTINUED)

B. Net Pension Liability (continued)

Actuarial Methods and Assumptions Used to Determine Total Pension Liability (continued)

	Miscellaneous	Safety
	Entry age normal	Entry age normal
Actuarial cost method		
Actuarial assumptions		
Discount rate	7.50%	7.50%
Inflation	2.75%	2.75%
Salary increases	Varies by entry age and service	Varies by entry age and service
Investment rate of return ³⁾	7.50%	7.50%
Mortality rate table ⁴⁾	Derived using CalPERS' membership data for all funds	
Post retirement benefit increase	Contract COLA up to 2.75% until purchasing power protection allowance floor on purchasing power applies, 2.75% thereafter	

³⁾ Net of pension plan investment and administrative expenses; includes inflation.

⁴⁾ The mortality table used was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 experience study report.

All other actuarial assumptions used in the June 30, 2013 valuation were based on the results of an actuarial experience study for the period from 1997 to 2011, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website under Forms and Publications.

Discount Rate

The discount rate used to measure the total pension liability was 7.50 percent. To determine whether the municipal bond rate should be used in the calculation of a discount rate for each plan, CalPERS stress tested plans that would most likely result in a discount rate that would be different from the actuarially assumed discount rate. Based on the testing, none of the tested plans run out of assets. Therefore, the current 7.50 percent discount rate is adequate and the use of the municipal bond rate calculation is not necessary. The long-term expected discount rate of 7.50 percent is applied to all plans in the Public Employees Retirement Fund. The stress test results are presented in a detailed report called "GASB Crossover Testing Report" that can be obtained at CalPERS' website under the GASB Statement No. 68 section.

According to Paragraph 30 of GASB Statement No. 68, the long-term discount rate should be determined without reduction for pension plan administrative expense. The 7.50 percent investment return assumption used in this accounting valuation is net of administrative expenses. Administrative expenses are assumed to be 15 basis points. An investment return excluding administrative expenses would have been 7.65 percent. Using this lower discount rate has resulted in a slightly higher total pension liability and net pension liability. This difference was deemed immaterial to the agent multiple-employer plan, including the County's both Plans.

CalPERS is scheduled to review all actuarial assumptions as part of its regular Asset Liability Management review cycle that is scheduled to be completed in February 2018. Any changes to the discount rate will require CalPERS Board action and proper stakeholder outreach. For these reasons, CalPERS expects to continue using a discount rate net of administrative expenses for GASB Statements No. 67 and No. 68 calculations through at least the 2017-2018 fiscal year. CalPERS will continue to check the materiality of the difference in calculation until such time as they have changed their methodology.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 10: **PENSIONS** (CONTINUED)

B. Information about the Net Pension Liability (continued)

Discount Rate (continued)

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS staff took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Such cash flows were developed assuming that both members and employers will make their required contributions on time and as scheduled in all future years. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11-60 years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equivalent to the single equivalent rate calculated above and rounded down to the nearest one quarter of one percent.

The table below reflects long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These geometric rates of return are net of administrative expenses.

Asset Class	New Strategic Allocation	Real Return Years 1 - 10⁵⁾	Real Return Years 11+⁶⁾
Global Equity	47.0%	5.25%	5.71%
Global Fixed Income	19.0	0.99	2.43
Inflation Sensitive	6.0	0.45	3.36
Private Equity	12.0	6.83	6.95
Real Estate	11.0	4.50	5.13
Infrastructure and Forestland	3.0	4.50	5.09
Liquidity	2.0	(0.55)	(1.05)

⁵⁾ An expected inflation of 2.5% used for this period

⁶⁾ An expected inflation of 3.0% used for this period

C. Changes in the Net Pension Liability (continued)

Sensitivity of the Net Pension Liability to Change in the Discount Rate

The following presents the net pension liability of the County for each Plan, calculated using the discount rate for each Plan, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1 percentage-point lower or 1 percentage-point higher than the current rate:

		<u>Miscellaneous</u>	<u>Safety</u>
		Net Pension Liability	Net Pension Liability
1% Decrease	6.50%	\$ 198,845,697	\$ 130,734,755
Current Discount Rate	7.50%	\$ 130,911,718	\$ 91,728,590
1% Increase	8.50%	\$ 73,928,740	\$ 59,548,391

Pension Plan Fiduciary Net Position

Detailed information about each Plan's fiduciary net position is available in the separately issued CalPERS financial reports.

D. Pension Expenses and Deferred Outflows / Inflows of Resources Related to Pensions

For the year ended June 30, 2015, the County recognized pension expense of \$10,906,940 for its miscellaneous plan and \$8,951,176 for its safety plan. At June 30, 2015, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ --	\$ --
Changes of assumptions	--	--
Net difference between projected and actual earnings on plan investments		
Miscellaneous	--	29,360,342
Safety	--	13,519,082
County contributions subsequent to the measurement date		
Miscellaneous	13,279,626	--
Safety	8,809,180	--
Total	<u>\$ 22,088,806</u>	<u>\$ 42,879,424</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 10: **PENSIONS** (CONTINUED)

D. Pension Expenses and Deferred Outflows / Inflows of Resources Related to Pensions (continued)

\$22,088,806 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2016. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending June 30,	Amounts
2016	\$ (10,719,855)
2017	(10,719,855)
2018	(10,719,855)
2019	(10,719,859)
2020	--
Thereafter	--
Total	<u>\$ (42,879,424)</u>

NOTE 11: **OTHER POST-EMPLOYMENT BENEFITS (OPEB)**

Plan Description. The County of El Dorado (County) Retiree Healthcare Plan is a single-employer defined benefit healthcare plan administered by the County. The Plan provides healthcare insurance benefits to employees who retire from active service due to disability or after the age of 50 and are eligible to commence pension benefits.

- County Contribution Subsidy – The County pays a monthly amount up to a percentage of the premium for the County sponsored Blue Shield Standard plus dental single coverage. The applicable percentage is based on the retiree’s years of service with the County, and multiplied by a calculated percentage each year for payroll cap adjustment.
- Implicit Subsidy – For coverage prior to age 65, the retiree pays premiums that are developed by blending active and retiree costs. Since retirees are older and generally cost more than actives, the premium paid by the retiree is less than the “true cost” of coverage for retirees.

New hires were no longer eligible for the County Contribution Subsidy. The new hire cut off dates ranged from January 2009 to January 2010, depending on the bargaining unit. While not eligible for the County Contribution Subsidy, new hires are allowed to participate in the plan with payment of premiums and, as a result, benefit from the Implicit Subsidy. The County’s Retiree Health Plan agreement places a cap on the County’s contribution so that the amount paid to each individual retiree will be limited such that total County contributions do not exceed 1.2% of total payroll. This 1.2% payroll cap applies to the County’s Contribution Subsidy only, and because this cap is a limitation on the employer’s contribution, and not a limitation of retiree benefits, it cannot be considered to reduce the County’s liability until the cap is enforced and thereby begins to alter the established pattern of shared costs. Effective July 1, 2011, the County contribution cap (1.2%) has been enforced and the rate has been adjusted to meet the cap.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Funding Policy. The contribution requirements of the plan members and the County are established and may be amended by the County. The annual required contribution (ARC) is an amount actuarially determined in accordance with the parameters of GASB Statement 45. The County ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize the unfunded actuarial liability over a period of 20 years. The 2014-2015 ARC is \$9,822,000.

Annual OPEB Cost and Net OPEB Obligation.

For 2014-2015, the County's annual OPEB cost (expense) was \$6,937,550 and the Net OPEB Obligation was \$75,621,590. Actual contributions made during the year were \$2,357,186.

The following table shows the components of the County's Annual OPEB Cost for the year ended June 30, 2015, the amount actually contributed to the plan, and changes in the County's Net OPEB Obligation/(Asset).

Annual Required Contributions	\$ 9,822,000
Interest on Net OPEB Obligation/(Asset)	2,841,649
Adjustment to Annual Required Contributions	<u>(5,726,099)</u>
Annual OPEB Cost (Expense)	6,937,550
Contributions made	<u>(2,357,186)</u>
Increase to Net OPEB Obligations/Asset)	4,580,364
Net OPEB Obligation/(Asset) - Beginning of Year	<u>71,041,226</u>
Net OPEB Obligation/(Asset) - End of Year	<u><u>\$ 75,621,590</u></u>

The County's Annual OPEB Cost, the percentage of Annual OPEB Cost contributed to the Plan (as described in the funding policy above), and the Net OPEB Obligation for the past three fiscal years are as follows (dollar amounts in thousands):

<u>Fiscal</u> <u>Year</u> <u>Ended</u>	<u>Annual</u> <u>OPEB</u> <u>Cost</u>	<u>Percentage of</u> <u>Annual OPEB</u> <u>Cost Contributed</u>	<u>Net</u> <u>OPEB</u> <u>Obligation</u>
6/30/2013	\$ 6,708	41.6%	\$ 66,343
6/30/2014	6,831	31.2%	71,041
6/30/2015	6,938	34.0%	75,622

Funded Status and Funding Progress. The funded status of the plan as of June 30, 2014, the plan's most recent actuarial valuation date, was as follows (dollar amounts in thousands):

Actuarial accrued liability (AAL)	\$ 72,030
Market Value of plan assets	<u>--</u>
Unfunded actuarial accrued liability (UAAL)	<u><u>\$ 72,030</u></u>
Funded ratio (market value of plan assets/AAL)	0.0%
Covered payroll (active Plan members)	\$ 146,206
UAAL as a percentage of covered payroll	49.3%

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 11: OTHER POST-EMPLOYMENT BENEFITS (OPEB) (CONTINUED)

Funded Status and Funding Progress (continued)

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the market value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2014 actuarial valuation, the entry age normal actuarial cost method was used. The actuarial assumptions included a 4% investment rate of return based on the assumption that benefits will be paid from general County assets earmarked for purposes of County Postretirement Benefits, and not invested in a separate trust. This rate includes a 3.0% inflation assumption. The actuarial value of assets is equal to the market value. The UAAL is being amortized as a level percentage of projected payroll over 20 years on a closed basis. The remaining amortization period at June 30, 2015 was 12 years.

NOTE 12: RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County has established the Risk Management Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Risk Management Fund provides coverage for up to a maximum of \$300,000 for each workers' compensation claim, \$1,000,000 for each general liability claim, and \$25,000 for each property damage claim. The County purchases commercial insurance for claims in excess of coverage provided by the Risk Management Fund and for all other risks of loss. The amount of settlements did not exceed coverage provided by the Risk Management Fund in each of the last three years.

All funds of the County participate in the program and make payments to the Risk Management Fund based on actuarial estimates of the amounts needed to pay prior and current year claims and to establish a reserve for catastrophic losses. The claims liability of \$16,964,000 reported in the Risk Management Fund at June 30, 2015 is based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the County's claims liability for the fiscal years ended June 30, 2015 and 2014 were as follows:

	<u>2015</u>	<u>2014</u>
Unpaid claims, beginning of year	\$ 17,287,000	\$ 16,459,000
Plus estimated claims incurred	35,729,518	35,736,561
Less claims payments	<u>(36,052,518)</u>	<u>(34,908,561)</u>
Unpaid claims, end of year	<u>\$ 16,964,000</u>	<u>\$ 17,287,000</u>

COUNTY OF EL DORADO

Notes to the Basic Financial Statements For the Year Ended June 30, 2015

NOTE 12: **RISK MANAGEMENT** (CONTINUED)

Nonincremental claims adjustment expenses have not been included as part of the unpaid claims liability.

The Risk Management Fund also accounts for the health insurance program. Effective July 1, 2011, the County entered into an agreement with CSAC Excess Insurance Authority (Authority) and participated in the Authority's health program. All funds of the County participate in the program and make payments to the Risk Management Fund based on the premiums established by the Authority's health program committee.

NOTE 13: **COMMITMENTS AND CONTINGENCIES**

Grants

The County recognizes as revenue, grant monies received as reimbursement for costs incurred in certain Federal and State programs it administers. Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the Federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the County expects such amounts, if any, to be immaterial.

Pending Litigation

The County is also a defendant in several lawsuits arising in the normal course of business. In the aggregate, these claims seek monetary damages in significant amounts. To the extent the outcome of such litigation has been determined to result in probable loss to the County, such loss has been accrued in the accompanying financial statements. Litigation where loss to the County is reasonably possible has not been accrued. The outcome of the remaining claims cannot be determined at this time.

Encumbrances

The County uses an encumbrances system to control expenditures for the year and to enhance cash management. Under this system, purchase orders and contracts are recorded in order to reserve that portion of applicable appropriations. Encumbrances still open at the end of the year are not accounted for as expenditures and liabilities but rather as part of the fund balances. As of June 30, 2015, General Fund had a total of \$239,408 in encumbrances, which were reported as part of the assigned fund balances on the governmental fund balance sheet. Road Fund had a total of \$939,361 in encumbrances, which were reported as part of the restricted fund balances. Other (nonmajor) governmental funds had a total of \$470,620 in encumbrances, which were reported as part of the restricted, committed or assigned fund balances.

Construction Commitments and Other Significant Commitments

At June 30, 2015, the County has ongoing construction commitments that totaled approximately \$18.0 million and other significant commitments that totaled \$6.4 million.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 13: COMMITMENTS AND CONTINGENCIES (CONTINUED)

Road Improvement Reimbursement Agreements

The County has entered into reimbursement agreements with various developers and homebuilders (developers) in the El Dorado Hills Traffic Impact Mitigation Fee (TIM Fee) zone. The developers built road improvements in the El Dorado Hills area and the County is required to reimburse the developers in accordance with the terms of the reimbursement agreements. In accordance with the agreements, the County is only required to make reimbursements to the developers if TIM Fee revenues are available. Accordingly, the County is only contingently liable for these reimbursement and these obligations are not included on the County's statement of net position. The outstanding reimbursement obligations are as follows:

Post St. / White Rock Road Signalization	\$	85,000
White Rock Road East (RIA)		37,921
White Rock Road West		504,486
Bass Lake Road (SIA)		3,692,150
Silva Valley Interchange		11,094,966
Silva Springs Pkwy		2,126,610
Green Valley / Deer Valley Intersection		<u>379,560</u>
Total	\$	<u>17,920,693</u>

Noncompliance with Government Code Sections 66000-66008

The County levies and collects fees pursuant to California Government Code Section 66000 (State law) on behalf of various special districts. State law requires that not less than once every five years, the Board of Supervisors review the fees to determine whether the fee amounts are reasonably related to the impacts of development. A County ordinance requires that this review be conducted annually by the Board of Supervisors. These reviews for certain districts have not been conducted in over 6 years. The County is in violation of both State law and our County ordinance. The impact that this noncompliance may have on the financial statements is not determinable at this time.

Medicaid Administrative Activities (MAA) / Targeted Case Management (TCM) Program Audit

The State Department of Health Care Services conducted the 2010-2011 MAA/TCM cost report audit and determined that the County was overpaid by \$82,714. The State is likely to offset this overpayment against future payments to the County. The County management anticipates the State to audit the County's cost reports from 2011-2012 through 2013-2014. The County's Health and Human Services Agency will be seeking the Board's approval for the establishment of an audit reserve in the amount of \$240,000 to mitigate the impact to the General Fund for these cost report audits. No liability or allowance has been recognized in the financial statements for the future revenue offsets.

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 14: FUND BALANCES / NET POSITION

A. Fund Balances

Fund balances for all the major and nonmajor governmental funds as of June 30, 2015, were presented as follows:

	General	Road Fund	Silva Valley Interchange TIM Fund	Other Governmental Funds	Total Governmental Funds
Nonspendable:

COUNTY OF EL DORADO

Notes to the Basic Financial Statements
For the Year Ended June 30, 2015

NOTE 14: FUND BALANCES / NET POSITION (CONTINUED)

B. Prior Period Adjustments

Adjustments resulting from errors or changes to comply with provisions of the accounting standards are treated as adjustments to prior periods. Accordingly, the County reports these changes as restatements of beginning fund balances / net position.

The impact of the restatements on the fund balances / net position as previously reported is presented below:

	Primary Government		Component Units		
	Governmental Activities				
	Fund Financial Statements	Government-Wide	Statement of Net Position		
		Statement of Net Position	El Dorado County Transit Authority	El Dorado County Transportation Commission	Total Component Units
Other Governmental Funds	Total Governmental Activities				
Fund Balance / Net Position, June 30, 2014, as previously reported	\$ 134,304,048	\$ 485,086,829	\$ 12,384,697	\$ 2,501,225	\$ 18,072,265
Restatements:					
Understatement of notes receivable	12,693,000	--	--	--	--
Implementation of GASB 68 and 71:					
Deferred pension outflows - beginning balance	--	20,124,276	303,787	97,667	401,454
Net pension liability - beginning balance	--	(265,785,892)	(2,551,312)	(320,269)	(2,871,581)
Total restatements	12,693,000	(245,661,616)	(2,247,525)	(222,602)	(2,470,127)
Fund Balance / Net Position, June 30, 2014, as restated	\$ 146,997,048	\$ 239,425,213	\$ 10,137,172	\$ 2,278,623	\$ 15,602,138

C. Deficit Fund Balances / Net Position

The following funds had deficit fund balances or net position as of June 30, 2015:

Nonmajor Governmental Funds:

Erosion Control	\$ 18,071
CSA#3 West Shore Snow Removal	109,538

Internal Service Fund:

Risk Management Authority	62,782,697
---------------------------	------------

The deficit in the nonmajor governmental fund is expected to be eliminated in future years through future revenues and/or transfers from other funds. The deficit in the internal service fund is expected to be eliminated in future years through either a reduction of the benefits or an increase in charges to other funds.

NOTE 16: SUBSEQUENT EVENTS

El Dorado County Public Safety Facility

On November 18, 2015, the U.S. Department of Agriculture (USDA) Rural Development Program approved the County's pre-application for a loan to fund the development and construction of a new public safety facility in Diamond Springs. The County has been approved by USDA to proceed with a formal application for the loan in the amount of \$54,530,000. Subsequently, on March 8, 2016, the Board approved the purchase of 30.73 acres of land for approximately \$2,627,000 for the future location of the public safety facility.

 Plan net pension liability as a percentage of covered-employee payroll	171.73%	335.45%

* Net of administrative expenses

Notes to Schedule For the Year Ended June 30, 2015:

Benefit changes: The figures above do not include any liability impact that may have resulted from plan changes which occurred after June 30, 2013. This applies for voluntary benefit changes as well as any offers of Two Years Additional Service Credit (a.k.a. Golden Handshakes).

Changes of assumption: There were no changes in assumptions.

COUNTY OF EL DORADO

Required Supplementary Information
For the Year Ended June 30, 2015

SCHEDULE OF PLAN CONTRIBUTIONS

Last 10 Fiscal Years	Miscellaneous	Safety
Fiscal year	<u>2013-2014</u>	<u>2013-2014</u>
Actuarially determined contribution	\$ 11,938,552	\$ 8,185,724
Contributions in relation to the actuarially determined contribution	<u>(11,938,552)</u>	<u>(8,185,724)</u>
Contribution deficiency (excess)	<u>\$ --</u>	<u>\$ --</u>
Covered-employee payroll	\$ 76,231,096	\$ 27,344,994
Contributions as a percentage of covered-employee payroll	15.661%	29.935%

Notes to Schedule For the Year Ended June 30, 2015:

Actuarially determined contribution rates are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported.

Valuation date:	6/30/2011	6/30/2011
-----------------	-----------	-----------

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal	
Amortization method	Level percent of payroll	
Remaining amortization period (as of the valuation date)	28 years	30 years
Asset valuation method	15 year smoothed market	
Inflation	2.75%	
Salary increases	Varies by entry age and service	
Investment rate of return	7.50%, net of pension plan investment expenses, including inflation	
Retirement age	The probabilities of retirement are based on the 2010 CalPERS experience study for the period from 1997 to 2007.	
Mortality	The probabilities of mortality are based on the 2010 CalPERS experience study for the period from 1997 to 2007. Pre-retirement and post-retirement mortality rates include 5 years of projected mortality improvement using Scale AA published by the Society of Actuaries.

Required Supplementary Information Notes to the Budgetary Comparison Schedule For the Year Ended June 30, 2015

BUDGETARY BASIS OF ACCOUNTING

In accordance with the provisions of Sections 29000 and 29143, inclusive, of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares a budget for each fiscal year on or before October 2. Budgeted expenditures are enacted into law through the passage of an Appropriation Resolution. This resolution mandates the maximum authorized expenditures for the fiscal year and cannot be exceeded except by subsequent amendments to the budget by the County's Board of Supervisors.

An operating budget is adopted each fiscal year for all Governmental Funds. Expenditures are controlled at the object level within budget units for the County. The object level within a budget unit is the level at which expenditures may legally not exceed appropriations. The County Administrator approves any budget amendments transferring appropriation within object categories such as salaries and benefits or services and supplies. In addition, the County Administrator also approves budget amendments transferring appropriations between object categories. The Board of Supervisors approves budget amendments transferring appropriations between budget units, departments, or funds. The Board of Supervisors also approves appropriations from unappropriated reserves and unanticipated revenues received during the year. Budgeted amounts in the budgetary financial schedules are reported as originally adopted and as amended during the fiscal year.

The County uses an encumbrances system as an extension of normal budgetary accounting for the general, special revenue, and debt service funds and to assist in controlling expenditures of the capital projects funds. Under this system, purchase orders, contracts, and other commitments for the expenditure of monies are recorded in order to reserve that portion of applicable appropriations. Encumbrances outstanding at year-end are reported as part of the restricted, committed, or assigned fund balances since they do not constitute expenditures or liabilities. Encumbrances are combined with expenditures for budgetary comparison purposes. Unencumbered appropriations lapse at year-end. Encumbered appropriations are carried forward in the ensuing year's budget.

The budgets for the governmental funds may include an object level known as "intrafund transfers" in the charges for appropriations. This object level is an accounting mechanism used by the County to show reimbursements between operations within the same fund (an example would be the General Fund).

The amounts reported in the budgetary basis differ from the basis used to present the basic financial statements in accordance with generally accepted accounting principles (GAAP). Annual budgets are prepared on the modified accrual basis of accounting except that current year encumbrances are budgeted as expenditures.
