County Clerk (Ms Saylor):

Please record this letter for the official record.....and forward to the BOS for the second reading of this "action" for May21st I believe. Thank you.

I offer two comments for the attention of the BOS and its Chairperson.who represents the Meyers area.

First: I am opposed to the general concept of selling commercial Cannabis to residents and visitors in El

Dorado.....WHY. I worked in hospitals for most of my life;

My first assignment was as a manager in a Methadone Clinic in Berkeley. We had hundreds of patients and thousands more family members.

I personally interviewed many of these patients.....their common refrain when questioned about "how" it all began.....was I began with "Pot". thought such was harmless.....its not.

Additionally; Have you ever witnessed a new mother; drug addicted; deliver her new born child. The child is born addicted to drugs.....often malnourished ; skelittle frame; in unending pain; cries constantly; and brain is frequently permanently. Lastly; it takes months to overcome these physicals characteristics.....THAT IS WHAT you are endorsing.....your motives are unspoken.....but I am guessing it is focused on MONEY.....and taxes. THINK AGAIN while there is time?

Secondly: IF you are going to get into the drug business.....which your actions indicate. THEN you have an ethical obligation to also provide Treatment clinics; nurses; doctors; rehab facilities; job placement; counseling; etc. ALL thing I am very familiar with.....because I had a professional career in Hospitals.....that was among out many community services.....

NOTICE; El Dorado has No county hospital! Just a MD and a few staff.....minimal funding and budget.....IT will take much more than that.....a great deal more.

YOU should put such in your budget.....which exceeds 800 million dollars.....

OR will you saddle some other county with such treatment obligations?

You are acting irresponsibly.....immorally.....and are being harmful to all who live here..... You can do better.....much better.
