Subject Meeting with Building Industry re: Streamlining and
Fee/Budget Issues

Helen,

Pursuant to the Board's direction on tuesday, I have set up a meeting with representatives from the Building Industry to discuss streamlining ideas and determine if they will be able to support any kind of fee increase tied to implementation of streamlining. Joshua Wood, Jason Lussier, John Costa, Sam Driggers, Dave Machado, along with myself and key building staff will be involved in the meeting. The meeting is set for tuesday afternoon at our edh office. It's likely that we may have several meetings next week to try to reach consensus. I have told Joshua that I would like to report back to your Board on tuesday **June 5** on the outcome of our discussions. Tuesday June 5 is also the day that the Resolution to initiate the reduction in force will be on your agenda for action. I would like to request that you consider the report from the building industry and myself prior to taking action on the **resolution**. Thank you.

Greg

Subject Re: Meeting with Building Industry re: Streamlining and
Fee/Budget Issues 

Greg,

I'm in support of hearing the report from your meeting with the industry prior to any consideration of a resolution for the reduction of the workforce. Otherwise, we would be putting the cart before the horse which is contrary to the intent of the motion as I understand it. As I stated repeated during the course of the meeting, we need a good organizational assessment given any new streamline processes as well as working with labor to see if any of the workforce can be moved to other departments, retraining, etc.

Norma
