ADDENDUM A: MCIP Administrative Costs

The MCIP Administrative Contract is a three-year contract. At the beginning of each calendar year, counties have the opportunity to inform DHCS of their intent to continue participation in MCIP for the upcoming State Fiscal Year (SFY) by completing the MCIP Letter of Intent (LOI).

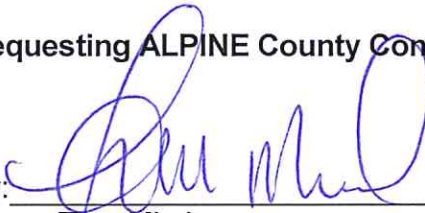

The methodology for calculating each county's nonfederal share of administrative costs was developed by DHCS in consultation with the California State Association of Counties, County Health Executives Association of California, California Association of Public Hospitals and Health Systems, and the California State Sheriffs' Association. The nonfederal share of administrative costs allocated to each county is based on the following:

- 1) 30% of the total administrative costs will be distributed evenly to participating counties over 50,000 in population. *
- 2) 70% of the total administrative costs will be allocated to participating counties pro-rata based on population. *

**Population data will be obtained from the California Department of Finance, Demographic Estimates*

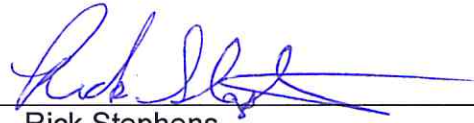

To account for a cost of living adjustment on a yearly basis after the initial SFY of the current Agreement, DHCS will include a year over year growth factor of 5% to the maximum payable amount of the annual administrative cost for each subsequent SFY. DHCS will invoice participating counties for the nonfederal share of administrative costs quarterly after the close of the previous quarter based on actual administrative costs per the methodology above.
