THIS AGREEMENT, made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and Field Solutions, Inc., a corporation duly qualified to conduct business in the State of California, whose principal place of business is 6280 San Ignacio Avenue, Suite P, San Jose, California 95119-1363 (hereinafter referred to as "Consultant");

R E C I T A L S

WHEREAS, County has determined that it is necessary to obtain a consultant to assist its Community Development Agency in providing leachate mound pumping, reporting services, and landfill gas compliance monitoring in accordance with County of El Dorado Air Quality Management District Permits 10-625, 10-1400, and 13-1395 (AQMD Permits), Assembly Bill 32 (AB 32), and the Local Enforcement Agency (LEA);

WHEREAS, County has determined that it is necessary to obtain a consultant to assist its Community Development Agency by providing collection system repairs and maintenance work at the Union Mine Disposal Site (Landfill) on an as-needed basis;

WHEREAS, Consultant has represented to County that it is specially trained, experienced, expert, and competent to perform the special services required hereunder, and County has determined to rely upon such representations;

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable state and local laws;

WHEREAS, County has determined that the provision of such services provided by Consultant are in the public's best interest, and authorized by El Dorado County Charter, Section 210(b)(6) and/or Government Code Section 31000;

NOW, THEREFORE, County and Consultant mutually agree as follows:

ARTICLE I

Scope of Services: Consultant agrees to furnish personnel, materials, equipment, subconsultants/subcontractors, and services necessary to provide landfill gas compliance monitoring and reporting services for the Union Mine Disposal Site. Services shall include, but not be limited to, those tasks as identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof.

Unless otherwise indicated, receipt of this executed Agreement is Consultant's Notice to Proceed with Tasks 1 – 5 specified herein. No payment will be made for any work performed prior to the effective date of the Agreement.

In addition to Tasks 1 – 5 of the Scope of Work identified in Exhibit A, hereto, this Agreement also includes Task 6, General Assistance. Consultant shall provide County's Contract Administrator with a written scope of work, a schedule including a list of tasks with completion dates, a target completion date for the overall scope of work, and a not-to-exceed cost itemization to complete the work, which shall require written approval, authorization, and written notification to proceed from County's Contract Administrator or designee, prior to commencement of any work related to Task 6. County's Contract Administrator or designee will issue a separate memorandum (may consist of an email) to Consultant for any work to be provided under this Task. No payment will be made for any Task 6 work performed prior to the date of the memorandum.

If a submittal or deliverable is required to be an electronic file, Consultant shall produce the file using Microsoft (MS) Office 2010 applications (specifically, MS Word, MS Project and MS Excel). Signed reports shall be submitted in Adobe portable document format (PDF). All deliverables shall be submitted in language, format and design that are compatible with and completely transferable to County's computer and that are acceptable to County's Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator.

ARTICLE II

Term: This Agreement shall become effective on May 22, 2015, hereto and shall expire three years (3) thereafter.

ARTICLE III

Compensation for Services: For services provided herein, County agrees to pay Consultant monthly in arrears. Payment shall be made within forty-five (45) days following County's receipt and approval of itemized invoices detailing the services rendered.

For the purposes hereof, the billing rates shall be in accordance with Exhibit B marked "Schedule of Charges," incorporated herein and made by reference a part hereof. The rates listed on the Schedule of Charges may be adjusted annually upon sixty (60) day advanced written notice from Consultant and approval by County's Contract Administrator. Any rate increase shall not exceed three percent (3%) annually. Any rate increases authorized by County's Contract Administrator shall not increase the total not-to-exceed amount of the Agreement.

For the purposes of budgeting the items of work identified in Exhibit A, Scope of Work, the maximum allowable billing amounts for each item of work are described in Exhibit C, marked "Cost Estimate*," incorporated herein and made by reference a part hereof.

The amounts indicated in Exhibit C represent the composition of the total not-to-exceed budget for the various tasks. In the performance of the scope of services to be provided under this Agreement, Consultant may request to reallocate the expenses listed in Exhibit C among the various Scope of Work tasks identified therein, subject to County's Contract Administrator's written approval. Direct costs are included in the budget of each of the tasks and subconsultant/subcontractor charges are included in the budget of Task 6, General Assistance. In no event shall the total not-to-exceed amount of the Agreement be exceeded.

Reimbursement for mileage expenses for Consultant and subconsultants, if applicable, shall not exceed the rates to be paid to County employees under the current Board of Supervisors Travel Policy at the time the mileage expenses are incurred. There shall be no markups allowed on mileage rates for Consultant or for any subconsultant/subcontractor. Travel time shall be charged in accordance with the personnel charges indentified in Exhibit B, up to a maximum of eight (8) hours per day.

Travel costs (i.e., overnight lodging, meals, parking, airfare, bridge tolls and other per diem expenses) will be reimbursed as a direct cost for any services performed under this Agreement by Consultant or by any authorized subconsultants/subcontractors and shall not exceed the rates to be paid to County employees under the current Board of Supervisors Travel Policy at the time the travel expenses are incurred.

Subconsultant services, if any are authorized herein, and other direct costs including special reproductions, delivery charges, and other outside services authorized herein, shall be invoiced at Consultant's cost plus five percent (5%) markup, for the services rendered. Any invoices that include subconsultant services and other direct costs shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

The total amount of this Agreement shall not exceed \$170,100, inclusive of all costs, expenses, work issued by memorandum, and inclusive of all work of subconsultants/subcontractors.

Itemized invoices shall follow the format specified by County and shall reference this Agreement number on their faces. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services and Tasks billed on those invoices. Invoices shall be mailed to County at the following address:

County of El Dorado
Community Development Agency

2850 Fairlane Court
Placerville, California 95667
Attn.: Greg Stanton, REHS
Deputy Director

or to such other location as County directs.

In the event that Consultant fails to deliver, in the format specified, the deliverables required by this Agreement, County at its sole option may delay the monthly payment for the period of time of the delay, cease all payments until such time as the required deliverables are received, or proceed as set forth below in ARTICLE XVI, Default, Termination, and Cancellation, herein.

ARTICLE IV

Consultant's services for landfill gas monitoring and reporting work shall be performed in accordance with the rules, regulations, and guidelines set forth in AQMD Permits; AB 32 regulations that are included in Title 17 of the California Code of Regulations, Sections 95460 – 95476; and the LEA.

All work must be performed and work products prepared in a format and manner customarily anticipated by the appropriate approving agencies.

ARTICLE VI

Ownership of Data: Upon completion of earlier termination of all services under this Agreement, ownership and title to all reports, documents, plans (including digitized plans), specifications, estimates, compilations, photographs, videos and any and all other materials for data produced or obtained as part of the Agreement will automatically be vested in County without restriction or limitation on their use, and no further Agreement will be necessary to transfer ownership to County. Copies may be made for Consultant's records, but shall not be furnished to others without written authorization from County's Contract Administrator. Such deliverables shall be deemed works made for hire and all rights in copyright therein shall be retained by County. Consultant shall furnish County all necessary copies of data including data stored in electronic format, needed to complete the review and approval process of the services and deliverables provided under this Agreement.

ARTICLE VII

Consultant's Project Manager: Consultant designates James Butera, Project Coordinator, as its Project Manager for this Agreement. Consultant's Project Manager, or County-approved designee, shall be accessible to County's Contract Administrator, or designee, during normal County working hours and shall respond within twenty-four (24) hours to County inquiries or requests. Consultant's Project Manager shall be responsible for all matters related to Consultant's personnel, operations and any subconsultants authorized under this Agreement including, but not limited to (1)

assigning qualified personnel to perform the required work and to prepare the deliverables required by this Agreement; and (2) reviewing, monitoring, training and directing Consultant's personnel and any subconsultants authorized herein.

ARTICLE VIII

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. There shall be no change in Consultant's Project Manager or subconsultants/subcontractors, which shall be established at the issuance of a memorandum, without prior written approval by County's Contract Administrator.

ARTICLE IX

Consultant to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Consultant shall act as Consultant only to County and shall not act as Consultant to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Consultant's responsibilities to County during the term hereof.

ARTICLE X

Confidentiality: Consultant shall maintain the confidentiality and privileged nature of all records, including billing records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Consultant, and all Consultant's staff, employees, and representatives, shall not use or disclose, directly or indirectly at any time, any said confidential information, other than to County's Community Development Agency for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE XI

Subcontracting, Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County. County may, at its sole discretion, through its Contract Administrator, authorize Consultant to utilize subconsultants/subcontractors for services performed in Exhibit A, Scope of Work, for the particular tasks, work and deliverables identified therein or as identified in the individual memorandums issued pursuant to this Agreement. Said authorization and approval shall be sought and obtained by Consultant prior to subconsultants'/subcontractors' commencement of any work under this Agreement. Consultant shall require each subconsultant/subcontractor, to the extent of the work to be performed by the subconsultant/subcontractor, to be bound to Consultant by the terms of this Agreement and to assume toward Consultant all of the obligations and

responsibilities that Consultant, by this Agreement, assumes toward County. Notwithstanding any provision to the contrary, at no time shall County be obligated to pay separately for subconsultant/subcontractor services.

Any subcontract entered into as a result of this Agreement shall contain all of the provisions of this Article.

ARTICLE XII

Independent Contractor/Liability: Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes responsibility for acts of its employees, associates, and subcontractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Consultant shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees and subconsultants/subcontractors. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees or subconsultants/subcontractors.

ARTICLE XIII

Payment of Prevailing Wages: Contractor shall pay and require payment of wages according to a scale of prevailing wage rates determined by California law, which scale is on file at County's Community Development Agency's principal office and shall comply with all applicable wage requirements, as set forth in Labor Code Sections 1770 et seq., 1773.2, 1775, 1776, 1810 and 1813. In accordance with the provisions of Labor Code Section 1810, eight (8) hours of labor shall constitute a legal day's work upon all work done hereunder, and Contractor and any subcontractor employed under this Contract shall also conform to and be bound by the provisions of Labor Code Sections 1810 through 1815.

ARTICLE XIV

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein.

Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XV

Audit by California State Auditor: Consultant acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code §8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records and documentation necessary to demonstrate performance under the Agreement.

ARTICLE XVI

Default, Termination, and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (Time to Cure), then such party shall be in default. The Time to Cure may be extended at the discretion of the party giving notice. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the Time to Cure has expired.

- B. **Bankruptcy:** This Agreement, at the option of County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
- C. **Ceasing Performance:** County may terminate this Agreement in the event Consultant ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.

D. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part upon seven (7) calendar days' written notice by County for any reason. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates, as set forth in the Notice of Termination provided to Consultant, and for such other services which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

Said notice shall become part of this Agreement upon acknowledgment in writing by County's Contract Administrator, and no further amendment of the Agreement shall be

ARTICLE XIX

Indemnity: Consultant shall defend, indemnify, and hold County and its officers, agents, employees and representatives harmless against and from any and all claims, suits, losses, damages, and liability for damages of every name, kind, and description, including attorneys' fees and costs incurred, brought for, or on account of, injuries to, or death of, any person, including but not limited to workers, County employees, and the public, or damage to property, or any economic or consequential losses, which are claimed to, or in any way arise out of, or are connected with Consultant's services, operations or performance hereunder, regardless of the existence or degree of fault or negligence on the part of County, Consultant, subcontractor(s) and employee(s) of any of these, except for the sole, or active negligence of County, its officers, agents, employees and representatives, or as expressly provided by statute. This duty of Consultant to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XX

- G. Consultant agrees that the insurance required herein shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Consultant shall immediately provide a new certificate of insurance as evidence of the required insurance coverage. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event. New certificates of insurance are subject to the approval of County's Risk Management Division, and Consultant agrees that no work or services shall be performed prior to the giving of such approval.

 - 1. The insurer will not cancel the insured's coverage without prior written notice to County; and

Any insurance or self-insurance maintained by County, its officers, officials, employees, or volunteers shall be in excess of Consultant's insurance and shall not contribute with it.

At the option of County, either: The insurer shall reduce or eliminate such deductibles or self-insured retentions as respects County, its officers, officials, employees, and volunteers; or Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, and defense expenses.
- K. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to County, its officers, officials, employees, or volunteers.
- L. The insurance companies shall have no recourse against the County of El Dorado, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.

Exhibit A

Scope of Work

Consultant shall accomplish the work necessary for compliance with the current AQMD Permits for the Landfill and the AB-32 regulations that are included in Title 17 California Code of Regulations (CCR) Sections 95460 through 95476. The work shall include but not be limited to the following:

Task 1 – Leachate Mound Pumping

Consultant shall use a portable submersible electric pumping system to remove leachate from gas well EW-21 on the northwest corner of the Landfill, or any other gas well as necessary. During the wet season, the gas well leachate levels may rise above the top of the well screen and obstruct the flow of gas. Consultant shall pump down the mounded leachate as necessary to restore gas flow from the well. Any leachate removed from the gas well shall be temporarily contained on Consultant's trucks and discharged into the Class II Impoundment.

Task 2 – Monthly Wellhead Monitoring

Consultant shall monitor the 23 Landfill gas extraction wells for the permit-required parameters. Consultant shall confirm with County's Contract Administrator, or designee, that the gas control systems are operational before mobilizing to the site to complete the routine monitoring task. Routine monitoring schedules shall be provided to County upon request. Once per month, all of the Landfill gas wells shall be monitored for the following parameters using a Landtec GEM 200 instrument. The instrument shall be field calibrated before each use and factory calibrated at recommended intervals.

- Well head pressure (static)
- Methane concentration (percent)
- Carbon dioxide concentration (percent)
- Oxygen concentration (percent)
- Nitrogen concentration (percent)
- Landfill gas temperature (°Fahrenheit)

Monitoring results that meet the permit criteria shall be logged as they are measured. Well heads not meeting the 37-2 criteria or other site specific requirements shall be identified in the field and corrective action initiated. Consultant shall use tape, caulk, and/or tools to repair and tighten well heads where the oxygen or pressure is not within

specifications. Vacuum to the well heads may also be increased. These wells shall be immediately retested and the data recorded. Well heads that cannot be field repaired shall be verbally reported to County's Contract Administrator, or designee, within twenty-four (24) hours. The monthly monitoring results shall also be summarized in a spreadsheet and transmitted within two (2) weeks of collection via electronic mail to County's Contract Administrator or designee. Wells that cannot be field-repaired as described above shall be highlighted in the transmittal. Consultant shall also maintain a binder of Landfill gas monitoring data at the septage plant office located in the Union Mine Liquid Waste Treatment Facility. The binder shall be updated each month. Costs to complete re-monitoring of wells that are not within specification and cannot be field-repaired as described herein are excluded from this task. Re-monitoring work shall be completed under Task 6 – General Assistance.

Task 3 – Quarterly Landfill Surface Emission Monitoring

Consultant shall monitor the surface of the Landfill along approximately 25-foot intervals in 50,000 square feet grids across the Landfill using Title 17, CCR Section 95471-compliant Trimble SiteFID™ Landfill Gas Monitors. Surface emission testing shall be completed quarterly; measurements shall be logged as they are collected. Local wind speed data for each monitoring period shall also be measured and recorded. Monitoring results shall be summarized and reported with the monthly monitoring data described in Task 2. Any instantaneous or integrated Landfill surface exceedance shall be verbally reported to County's Contract Administrator, or designee, within twenty-four (24) hours of recording the measurement. Following corrective action performed by County, re-monitoring of areas where surface emission exceedances were recorded shall be performed within the required regulatory time frames.

Costs for this task include the instantaneous and integrated surface monitoring conducted following the guidelines outlined in Appendix D of the AB 32 regulation. The cost estimate provided in Exhibit C assumes that environmental conditions will be within the regulatory specified criteria when the work is performed. Costs to return to the site if conditions change during the monitoring are not included in this estimate. Costs to complete any necessary re-monitoring work shall be completed under Task 6 – General Assistance.

Task 4 – Quarterly Perimeter Probe Testing and Component Leak Testing

Consultant shall monitor the ten (10) perimeter probes and two (2) Landfill structures once per quarter using the instrumentation described above. Testing shall be performed in conjunction with a routine monthly visit. Measurements shall be logged as they are collected and compared to the criteria enforced by Cal Recycle. Measurements in excess of the criteria shall be verbally reported to County's Contract Administrator or designee. Consultant shall also leak test components under positive pressure that contain Landfill gas once per quarter.
