

RESOLUTION NO.
OF THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO
RESOLUTION ESTABLISHING DEVELOPMENT IMPACT FEES
ON BEHALF OF
MOSQUITO FIRE PROTECTION DISTRICT

WHEREAS, AB 1600 was passed and codified in California Government Code Sections 66000-66025 (“Mitigation Fee Act”) allowing the establishment of a development impact fee as a condition of approval where the purpose and use of the fee are identified and a reasonable relationship to the development project can be demonstrated; and

WHEREAS, the County of El Dorado has adopted Ordinance No. 5057, codified in Chapter 13, Section 20 of the El Dorado County Code authorizing the establishment of a development impact fee collected on behalf of a special district upon the issuance of all building permits for development within the special district in order to fund the construction or purchase of public facilities and equipment necessary to mitigate the impacts of such development on the district’s ability to provide public services; and

WHEREAS, the Board of Supervisors has previously established fees within the boundaries of the Mosquito Fire Protection District (“District”), for the purpose of funding the construction or purchase of fire protection facilities and equipment necessary to mitigate the impacts of new development on the ability of the Mosquito Fire Protection District to provide fire protection and emergency response services within the District, and the previously established fees are documented by Resolution 291-2007 adopted November 27, 2007; and

WHEREAS, the District has caused to be prepared a Fee Nexus Study and Report (“Report”) for the purpose of establishing the legal and policy basis for increasing the development impact mitigation fee within the District and the County has reviewed the Report, which is incorporated herein and made by reference a part hereof; and

WHEREAS, on March 14, 2019, the District adopted Resolution No. 19-01, approving the Report and requesting the Board of Supervisors adopt the impact fees proposed therein; and

WHEREAS, the Report was made available for public review 10 days prior to this public hearing and notice of this hearing was published in the Mountain Democrat on May 3, 2018 and May 10, 2019 in accordance with Section 66018 of the Mitigation Fee Act; and

WHEREAS, the Board of Supervisors finds as follows:

- A. The purpose of these fees is to finance public facilities and equipment to mitigate the impact of new development on fire protection and emergency response services within the District.
- B. The fees collected pursuant to this Resolution shall be used to finance the facilities and equipment as described and identified in the Report, provided that any expenditure will be reimbursed only if the District submits adequate supporting information to show that there is a reasonable relationship between the use of the fee and the type of development project for which the fee was imposed, including the percentage of the development project funded from the fee, and a reasonable relationship between the need for the public facility and the type of development for which the fee was imposed.

- C. Upon consideration of the Report and testimony received at this hearing, the Board approves the Report, incorporating such herein by reference, and further finds that new development within the boundaries of the District will generate an additional need for fire equipment and facilities and will contribute to the degradation of current services within the area.
- D. There is a current and future need for new facilities and equipment necessary for the District to provide fire protection services to new development in compliance with fire safety policies and the County's General Plan.
- E. The facts and evidence presented in the study establish a reasonable relationship between the need for the public facilities and equipment and the impact of the development for which the fee is charged, and a corresponding relationship between the fee's use and the type of development for which the fee is charged, as these reasonable relationships are described in more detail in the Report.
- F. The cost estimates set forth in the Report are reasonable cost estimates for constructing these facilities or acquiring the equipment needed and the fees expected to be generated by new development will not exceed the total of these costs.

NOW, THEREFORE, BE IT RESOLVED, the Board of Supervisors hereby resolves and determines as follows:

- 1. *New development* shall mean original construction of residential, commercial, industrial or other non-residential improvement, or the addition of floor space to existing residential, commercial, or industrial facilities.

- 4. Any judicial action or proceedings to attack, review, set aside, void, or annul this Resolution shall be brought forward within 120 days of adoption of the Resolution.

5. This Resolution supersedes Resolution 291-2007 approved on November 27, 2007.
