Summary of qualifications I was born and raised in Placerville where I graduated from El Dorado High School in 2006. After high school I attended Cal Poly, SLO where I studied Agriculture Systems Management and English. After 3.5 years in SLO, a family emergency brought me home and I transferred to Sac State where I completed the English

portion of my degree. I have worked for our family's vineyard and winery starting in 2010. I have held the roles of assistant vineyard manager, wine club manager, tasting room manager, payroll supervisor, and now office manager. I have also worked for the United States Forest Service where I was employed as a wildland firefighter for approximately 4 seasons. In addition to my family's farm, Lava Cap Winery, my wife, our 4 children and I have started our own small cattle enterprise on our 13 irrigated acres in the Gold Hill area. I hold a California Licensed Timber Operator B license.

Why do you seek appointment?

I have a great love for agricultural enterprises. I also have a great love for Placerville, El Dorado County, and the State of California. Agriculture is a key component to the economic future of El Dorado county. Agriculture must stay relevant to prevent the pursuit of non-agriculture opportunities occurring on agricultural lands. I believe my perspective will help protect agriculture lands, enterprises, and future agriculture marketing opportunities.
