Re: Resolution for Bicycle Transportation Account Grant Application

Dear Board Members:

Recommendation:

The Department of General Services recommends the Board:

- 1) Adopt the attached resolution authorizing the General Services Department to apply for grant funds from the State Bicycle Transportation Account Program for funding Class 1 Bike Path improvements on the El Dorado Trail within the Sacramento-Placerville Transportation Corridor (SPTC) between Forni Road and Missouri Flat Road; and
- 2) Authorize the Director of General Services to execute the Grant Application.

Reason for Recommendation:

The County currently has \$1,273,000.00 in grant funding allocated for construction of a 2.75 mile segment of Class 1 Bike Path between Forni Road and Missouri Flat Road. These funds are comprised of \$1,039,550.00 Transportation Enhancement Grant, \$50,000 Proposition 40 Grant and \$183,450.00 DMV Grant. A majority of these funds will be dedicated to the restoration of the Weber Creek Bridge. Recent increases in construction costs make it necessary for the County to apply for supplemental funds in order to complete the project. It is estimated an additional \$400,000.00 will be needed to complete the project under the current plan. The Caltrans Bicycle Facilities Unit administers the Bicycle Transportation Account (BTA), which will provide \$5 million to city and county projects that improve safety and convenience for bicycle commuters in Fiscal Year 2007-08. If awarded, the BTA grant would provide the County with \$400,000.00 to be used in construction of the 2.75 mile segment of Class 1 Bike Path between Forni Road and Missouri Flat Road. This project is identified in the El Dorado County Bicycle Transportation Plan (Plan) as the highest priority project among the seven individual projects listed in the Plan. The grant application deadline is December 1, 2006.

Fiscal Impact:

The Grant funding has a 10% matching fund requirement. Since federal and state grants can be used for a match, the County's matching fund requirements will be met with the existing DMV Grant.

Action To Be Taken Following Approval:

1. Board Clerk will forward two certified copies of the signed Resolution to the Director of General Services.
2. The Director of General Services will submit the Resolution and BTA Grant Application to the State by December 1, 2006.

Respectfully submitted,
