(See 42 CFR Sections 438.3(h), 438.230(c)(3)(i-iii).) Records and documents include, but are not limited to all physical and electronic records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract including working papers, reports, financial records and documents of account, beneficiary records, prescription files, subcontracts, and any other documentation pertaining to covered services and other related services for beneficiaries.
- h) The Contractor, and subcontractors, shall retain all records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract, including Beneficiary grievance and appeal records identified in Attachment 12, Section 2 and the data, information and documentation specified in 42 CFR parts 438.604, 438.606, 438.608, and 438.610 for a period of no less than 10 years from the term end date of this Contract or in the event the Contractor has been notified that an audit or investigation of this Contract has been commenced, until such time as the matter under audit or investigation has been resolved, including the exhaustion of all legal remedies, whichever is later. (42 CFR Section 438.3(u); See also Section 438.3(h).) Records and documents include, but are not limited to all physical and electronic records and documents originated or prepared pursuant to Contractor's or subcontractor's performance under this Contract including working papers, reports, financial records and documents of account, beneficiary records, prescription files, subcontracts, and any other documentation pertaining to covered services and other related services for beneficiaries.
- i) Contractor agrees that the County, DHCS, the Department of General Services, the Bureau of State Audits, or their designated representatives including the Comptroller General of the United States, shall have the right to review and to copy any records and supporting documentation pertaining to the performance of this Agreement. Contractor agrees to allow the auditor(s) access to such records during normal business hours and to allow interviews of any employees who might reasonably have information related to such records. Further, the Contractor agrees to include a similar right of the County and/or State to audit records and

interview staff in any subcontract related to performance of this Agreement. (GC 8546.7, CCR Title 2, Section 1896).

2) Inspection:

- a) Inspection shall occur at the Contractor's and/or subcontractor's place of business, premises, physical facilities, facility, office, or such part thereof as may be engaged in the performance of this Agreement in a form maintained in accordance with the general standards applicable to such book or record keeping, for a term of at least ten (10) years from the close of the State fiscal year in which the contract was in effect.
- b) The County or State, through any authorized representatives, has the right at all reasonable times to inspect or otherwise evaluate the work performed or being performed hereunder including subcontract supported activities and the premises in which it is being performed. If any inspection or evaluation is made of the premises of the Contractor or subcontractor, the Contractor shall provide and shall require subcontractors to provide all reasonable facilities and assistance for the safety and convenience of the authorized representatives in the performance of their duties. All inspections and evaluations shall be performed in such a manner as will not unduly delay the work.
- c) County shall, at its sole discretion, perform annual, or more frequent, on-site and/or off-site audit of services provided under this Agreement. The County may inspect the facilities, systems, books, and records of the Contractor to monitor compliance with this Agreement. Upon notification of an exception or finding, the Contractor shall submit a written CAP, including a proposed timeline for correction of said finding or exception, within thirty (30) days. - d) Failure to comply with required corrective action could lead to civil penalties, as appropriate, pursuant to CCR, Title 9, Sections 1810.380 and 1810.385.
 - 1) The fact that the County inspects, or fails to inspect, or has the right to inspect, the Contractor's facilities, systems, and procedures does not relieve the Contractor of its responsibilities to comply with this Agreement. The County failure to notify the Contractor or require the Contractor's remediation of any unsatisfactory practice does not constitute acceptance of such practices or a waiver of the County enforcement rights under this Agreement.

3) Monitoring:

- a) Audits and/or inspections by any representative of the Federal government, State government, or County may include the review of any and all terms related to this agreement with the Contractor. Audits and/or inspections by the County may be performed by way of, but limited to, annual Contract Monitoring Surveys, administered by the County. Contractors receiving a Contract Monitoring Survey shall, within sixty (60) days of receipt, complete and return the survey along with all documentation, details, and supporting materials required by the survey or otherwise necessary for the County to verify compliance with the terms and

conditions of the Agreement. Failure to return the survey within the specified time period may result in the withholding of payment from the Contractor until such time as compliance with the terms of the Agreement can be verified. Verifying compliance may necessitate additional on-site reviews should information submitted by the Contractor be deemed insufficient or inaccurate.

- b) Upon notification of an exception or finding of non-compliance, the Contractor shall submit evidence of corrective action within thirty (30) days, or otherwise as specified in the notice of required corrective action provided by the County. Continued non-compliance will be considered a breach which may lead to termination of this Agreement in accordance with Article XIII "Default, Termination, and Cancellation."
- c) Contractor and/or subcontractor shall participate in the monitoring, reviews and/or audits of the County's records and documents by other State or federal agencies upon request of County.

Contractor shall be responsible for performing the work under this Agreement in a safe, professional, skillful and workman like manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees.

ARTICLE XII

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, El Dorado County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XIII

Default, Termination, and Cancellation:

- A. **Bankruptcy:** This Agreement, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- B. **Ceasing Performance:** County may terminate this Agreement in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- C. **Default:** Upon the occurrence of default of any of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (time to cure), then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

- D. **Judicial or Administrative Proceedings:** Contractor will notify the County if it is named as a defendant in a criminal proceeding for a violation of the Health Insurance Portability and Accountability Act (HIPAA) or other security or privacy law. The County may terminate this Agreement if a finding or stipulation that the Contractor has violated any standard or requirement of HIPAA, or other security or privacy laws is made in any administrative or civil proceeding in which the Contractor is a party or has been joined. The County will consider the nature and seriousness of the violation in deciding whether or not to terminate the Agreement.
- E. **Effect of Termination:** Upon termination or expiration of this Agreement for any reason, the Contractor shall return or destroy all individually identifiable health information (IIHI) received from the State that the Contractor still maintains in any form, and shall retain no copies of such IIHI or, if return or destruction is not feasible, it shall continue to extend the protections of this Agreement to such information, and limit further use of such IIHI to those purposes that make the return or destruction of such IIHI infeasible. This provision shall apply to IIHI that is in the possession of subcontractors or agents of the Contractor.
- F. **Termination or Cancellation without Cause:** County may terminate this Agreement in whole or in part upon seven (7) calendar days written notice by County without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to Contractor, and for such other services, which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise.

Updates will be distributed as needed with the effective date of the update notated in the footer.

DOCUMENTATION

All documentation completed by a Contracted Provider must comply with Medicaid/Medi-Cal documentation requirements as established by federal and State laws, regulations and other requirements, as well as County policies and procedures related to documentation. See the El Dorado County Mental Health Plan (MHP), a copy of which is available at <http://www.edcgov.us/HHSForContractors/> and Mental Health & Substance Use Disorder Services Information Notice 17-040, or as may be amended or replaced, for documentation and related requirements for Medi-Cal Specialty Mental Health Services (SMHS).

NEW REQUESTS FOR SERVICES

All new requests for SMHS are to be referred to El Dorado County Behavioral Health (BH). For non-Child Welfare Services Clients, the parent or legal guardian, or an organization or agency such as a school or primary care provider, is to phone and request mental health services:

Western Slope Region (530) 621-6324

South Lake Tahoe Region (530) 573-7970

Determination of Medical Necessity

Medi-Cal eligibility will be confirmed by the BH, and a triage screening assessment will be conducted by a County Mental Health Clinician unless delegated otherwise by BH (hereinafter also may be referred to and used interchangeably as "County".)

The purpose of the triage screening assessment is to establish medical necessity (eligibility) for SMHS and to establish the foundation upon which a treatment plan can be built.

Note: For families in which the parent/guardian is requesting services for multiple siblings, the County clinician will determine which minor(s) meets medical necessity, and open a treatment episode to that minor(s). It is expected that the Contracted Provider address broader family dysfunction with family therapy interventions.

Delegation of Determination of Medical Necessity to Contracted Provider

At BH discretion, the initial assessment to establish medical necessity may be delegated to Contracted Provider. BH will provide a referral packet via fax to the Contracted Provider identified by the BH. The referral packet will contain the following documentation:

- Admission and CSI Data Sheet
- Summary of presenting problem/reason for request for SMHS
- Authorization for 180 mins of Assessment (331) to be completed within ten (10) business days (CA CANS AND CALOCUS and diagnosis will be completed during this assessment.)

Once the assessment, diagnosis, CA CANS and CALOCUS has been completed, the Contracted Provider will fax these documents to BH for further review and disposition using the attached fax cover sheet. BH will determine if the individual meets medical necessity criteria for SMHS based on the information provided. In the event the individual meets medical necessity criteria for SMHS, BH will generate an authorization for plan development and will continue the course described below.

If the individual is found to not meet medical necessity criteria for SMHS, BH will refer the individual to appropriate resources and provide the individual with a Notice of Action.

REFERRAL FOR SMHS

If medical necessity is established, a referral packet will be faxed to a Contracted Provider identified by BH. The referral packet will contain the following documentation:

<u>Assessment Completed by BH</u>	<u>Assessment Completed by Contracted Provider</u>
1. Admission and Client and Services Information (CSI) Data Sheet	1. Authorization of 180 minutes of Plan Development (391)
2. Assessment	
3. Diagnosis	
4. CALOCUS	
5. Authorization of 60 minutes of Assessment (331)	
6. Authorization of 180 minutes of Plan Development (391)	

In response to receipt of the referral packet, the Contracted Provider is to follow timeliness requirements specified in Mental Health Substance Use Disorder Services (MHSUDS) Information Notice 18-011, or as may be amended or replaced, when setting appointments with the referred Client:

Appointment Type

Criteria

Psychiatric Appointments

Within 15 business days from request to appointment

Other Outpatient SMHS

Within 10 business days from request to appointment

Documentation in the chart must record all attempts at outreach to the family and the outcome of each attempt.

Consent to Treat

No services, even Plan Development, can be billed until the Client and appropriately licensed Contracted Provider staff have signed a “consent for treatment”. All activities preceding the signed “consent for treatment” are to be documented in the chart and **NOT** invoiced to the County. [Note: it is fraudulent to back-date a “consent for treatment.”]

Treatment

Assessment

At the first contact, the Contracted Provider’s clinician is to complete the intake process, including, but not limited to, the following documents, unless completed as specified under “Delegation of Determination of Medical Necessity to Contracted Provider” above:

- CA CANS 50
- CALOCUS
- Mental Status Exam
- Provide Client with the Notice of Privacy Practices, Guide to Medi-Cal, and Informed Consent, and obtain all necessary signatures verifying receipt of said notices and guides.

Treatment Plan

The clinician is to begin treatment planning with the family upon authorization for Plan Development (391).

The Treatment Plan shall be developed in coordination with the Client, parent/guardian, family, agency staff, and other natural and professional family supports as appropriate. In the case of a youth aged 18 and over and not subject to a Guardianship, Conservatorship or Ward of the Court, parent or legal guardian inclusion in treatment planning is not required and is at the discretion of the Client.

Contractor shall ensure that the parent/caregiver completes the PSC-35 as part of the treatment plan process.

The treatment plan shall:

1. address the mental health needs of the beneficiary as identified in the current assessment;
2. identify the goals and objectives;
3. identify the interventions to achieve stated goals and objectives;
4. identify the length, type, and duration of mental health services;
5. be based upon the beneficiary's response to the interventions; and
6. be updated when there are significant changes in the beneficiary's condition.

Additionally:

- Goals must be specific, observable, and/or specifically quantifiable, related to the Client's mental health needs, and related to the Client's functional impairments as a result of the mental health diagnosis.
- Interventions must propose the type(s) of intervention/modality; the description of the intervention; the frequency and duration of interventions; be focused on and address the identified functional impairments related to the mental health condition; and be consistent with the treatment plan goals and objectives. Interventions must be designed to reduce mental disability; restore, improve, or maintain functioning; be consistent with the goals of learning, development, independent living and enhanced self-sufficiency; and must meet medical necessity.
- The length, type, and duration of mental health services shall be based on medical necessity and level of impairment. The length of service shall be based on clinical need as determined by the case-carrying clinician in collaboration with the child/youth/family, but will not exceed the BH authorization.
- There shall be documentation in the treatment plan that a copy of the treatment plan was offered to the Client.
- There shall be documentation of the Client's participation in the development of, and agreement with the treatment plan as a progress note within the Client's medical record.
- The treatment plan shall be signed by the parent/guardian, or Client over 18-21 years of age, and Contractor, and submitted to BH within thirty (30) days of the Initial Authorization. Clients under the age of 17 may also sign the treatment plan and are encouraged to do so. Treatment plans must be signed by the appropriately licensed, registered or waived staff whom have the authority to do so within their scope of practice.

Contracted Provider shall fax a copy of the signed treatment plan and CA CANS 50 to BH using the attached fax cover sheet.

If the treatment plan is out of compliance, it will be faxed back to the Contracted Provider with documentation of needed changes. At the discretion of BH, authorization of SMHS may be held

until the treatment plan is corrected. Otherwise, BH will review the treatment plan and CA CANS 50, then authorize the appropriate array of SMHS.

The Contracted Provider is responsible for tracking the total minutes of services provided. If the treatment plan is completed and signed by the parent/guardian in less than the 180 minutes, the actual number of minutes utilized shall be claimed. If the treatment plan is completed and signed by the parent/guardian in more than 180 minutes, only a maximum of 180 minutes can be claimed.

BH has developed the Target Unit Volumes utilizing the recommended number of service minutes based upon the treatment plan and CALOCUS score as follows:

A full description of these service codes can be found in Attachment A.

RE-AUTHORIZATION FOR CONTINUED SERVICES

At least two weeks prior to the expiration of authorized services, a chart can be presented to BH requesting re-authorization of continued services. In conjunction with the re-authorization process, BH will conduct an audit of the chart to confirm compliance with medical necessity, treatment planning, and progress note documentation. See Attachment B: "EDC BHD SMHS Utilization Chart Review Worksheet".

Prior to submitting the request for reauthorization to BH, a Contracted Providers' supervising clinician must confirm that the request for reauthorization is clinically indicated and that a copy of the completed and signed treatment plan is in the Client's chart. The Contracted Provider must also confirm that the documentation complies with Medi-Cal documentation requirements.

If the six-months of authorized services have expired prior to the chart being submitted for re-authorization, all un-authorized services should be documented in the chart and **NOT** invoiced to BH. Continuity of care mandates that clinically necessary services continue to be provided while the lapse in authorization is addressed by the Contracted Provider.

The Contracted Provider is responsible for tracking the total minutes of services provided.

REQUEST TO MOVE CLIENT TO HIGHER/LOWER LEVEL OF SERVICE PROGRAM

In the event that the Contracted Provider believes a higher/lower level of service program is needed, either within the six-month period or at the time of re-authorization, the Contracted Provider is to complete a new CALOCUS sheet, CA CANS 50, and a progress note explaining why the change is needed. These documents are to be faxed to BH using the attached fax cover sheet. BH makes the final determination to authorize a higher/lower level of service. Periodically, and minimally upon request for treatment reauthorization, BH shall review Client charts for appropriate levels of care.

The El Dorado County Children's System of Care is designed to retain Clients in services with the same Contracted Provider when their clinical needs are subject to an increase or a decrease in service intensity for SMHS. By allowing this flexibility within the program, children,

youth and their families are able to retain their relationship with their Contracted Provider and are not required to transfer to another outpatient program as their needs fluctuate or change.

NOTIFICATION OF INABILITY TO CONTINUE TO PROVIDE SPECIALTY MENTAL HEALTH SERVICES

In the event a Contracted Provider is no longer able to provide the SMHS necessary to address a Client's treatment goals, the Contracted Provider shall immediately notify BH via fax with the following information:

1. Child/youth's name
2. Admit date
3. Total minutes of services provided to the child/youth since admit
4. Reason the Contracted Provider is no longer able to provide the necessary SMHS

BH will review the request and make the final determination to re-assign the child/youth to a different Contracted Provider.

NOTIFICATION OF INABILITY TO CONTINUE TO PROVIDE MEDICATION SERVICES

Unless waived by County, Contracted Providers are to provide all psychiatry and medication support services for their Clients.

In the event a Contracted Provider is no longer able to provide psychiatry and medication support services, the Contracted Provider shall immediately notify BH via fax with the following information for each child impacted by this service change:

1. Child/youth's name
2. Admit date
3. Date when next psychiatric appointment is needed
4. Reason the Contracted Provider is no longer able to provide psychiatry and medication support services

BH will review the notification and proceed per the terms of the Agreement for Service.

ADMINISTRATION OF THE CA CANS 50 AND CALOCUS

Contracted Providers are to conduct the CA CANS 50 and CALOCUS for each Client and provide the documentation to BH at the following intervals:

Interval	CA CANS 50	CALOCUS
Within the first 180 minutes authorized for Plan Development for new Clients	Yes	Completed by BH prior to referral unless delegated to contract Contracted Provider
Every 90 Days	Yes	No
Every 180 Days in conjunction with the request for re-authorization of services	Yes	Yes
Upon significant change in placement, services, or minor's overall functioning	Yes	Yes
At discharge of services	Yes	Yes

ADMINISTRATION OF SERVICE VERIFICATION

All providers of SMHS are responsible for performing service verification as part of the ongoing Quality Assurance and Compliance program. Contractors will be provided with the required forms and procedures prior to execution of the Agreement for Services.

These BILLABLE SERVICE DEFINITIONS will help to structure the progress note. Any activity NOT captured in one of these DEFINITIONS is, by definition, NOT BILLABLE.

Examples of progress notes that are to be documented in the medical record (chart), that are NOT BILLABLE:

- Clinician's efforts at outreach to the client and family
 - went to the classroom and client was absent from school that day;
 - left a voicemail message asking that the mother contact office about scheduling a family session;
 - spoke with the father and scheduled an appointment (scheduling an appointment is not a billable activity).

HIPAA Business Associate Agreement

This Business Associate Agreement is made part of the base contract (“Underlying Agreement”) to which it is attached, as of the date of commencement of the term of the Underlying Agreement (the “Effective Date”).

RECITALS

WHEREAS, County and Contractor (hereinafter referred to as Business Associate (“BA”) entered into the Underlying Agreement pursuant to which BA provides services to County, and in conjunction with the provision of such services, certain Protected Health Information (“PHI”) and Electronic Protected Health Information (“EPHI”) may be disclosed to BA for the purposes of carrying out its obligations under the Underlying Agreement; and

WHEREAS, the County and BA intend to protect the privacy and provide for the security of PHI and EPHI disclosed to BA pursuant to the Agreement in compliance with the Health Insurance Portability and Accountability Act, Pub. L. No. 104-191 of 1996 (“HIPAA”), the Health Information Technology for Economic and Clinical Health Act, Public Law 111-005 (the “HITECH” Act), and regulation promulgated thereunder by the U.S. Department of Health and Human Services (the “HIPAA Regulations”) and other applicable laws as may be amended from time to time; and

WHEREAS, County is a Covered Entity, as defined in the Privacy Rule and Security Rule, including but not limited to 45 CFR Section 160.103 ; and

WHEREAS, BA, when a recipient of PHI from County, is a Business Associate as defined in the Privacy Rule, the Security Rule, and the HITECH Act, including but not limited to 42 USC Section 17938 and 45 CFR Section 160.103; and

WHEREAS, “Individual” shall have the same meaning as the term “individual” in 45 CFR § 164.501 and shall include a person who qualifies as a personal representative in accordance with 45 CFR § 164.202(g);

WHEREAS, “Breach” shall have the meaning given to such term under the HITECH Act under 42 USC Section 17921; and

WHEREAS, “Unsecured PHI” shall have the meaning to such term under the HITECH Act and any guidance issued pursuant to such Act including, but not limited to 42 USC Section 17932(h).

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties agree as follows:

1. Definitions. Unless otherwise provided in this Business Associate Agreement, capitalized terms shall have the same meanings as set forth in the Privacy Rule, as may be amended from time to time.

2. Scope of Use and Disclosure by BA of County Disclosed PHI

- A. BA shall not disclose PHI except for the purposes of performing BA's obligations under the Underlying Agreement. Further, BA shall not use PHI in any manner that would constitute a violation of the minimum necessary policies and procedures of the County, Privacy Rule, Security Rule, or the HITECH Act.
- B. Unless otherwise limited herein, in addition to any other uses and/or disclosures permitted or authorized by this Business Associate Agreement or required by law, BA may:
 - (1) Use the PHI in its possession for its proper management and administration and to fulfill any legal obligations.
 - (2) disclose the PHI in its possession to a third party for the purpose of BA's proper management and administration or to fulfill any legal responsibilities of BA, or as required by law
 - (3) Disclose PHI as necessary for BA's operations only if:
 - (a) Prior to making a disclosure to a third party, BA will obtain written assurances from such third party including:
 - (i) To hold such PHI in confidence and use or further disclose it only for the purpose of which BA disclosed it to the third party, or as required by law; and,
 - (ii) The third party will immediately notify BA of any breaches of confidentiality of PHI to extent it has obtained knowledge of such breach.
 - (4) Aggregate the PHI and/or aggregate the PHI with that of other data for the purpose of providing County with data analyses related to the Underlying Agreement, or any other purpose, financial or otherwise, as requested by County.
 - (5) Not disclose PHI disclosed to BA by County not authorized by the Underlying Agreement or this Business Associate Agreement without patient authorization or de-identification of the PHI as authorized in writing by County.
 - (6) De-identify any and all PHI of County received by BA under this Business Associate Agreement provided that the de-identification conforms to the requirements of the Privacy Rule, 45 CFR and does not preclude timely payment and/or claims processing and receipt.
- C. BA agrees that it will neither use nor disclose PHI it receives from County, or from another business associate of County, except as permitted or required by this Business Associate Agreement, or as required by law, or as otherwise permitted by law.

3. Obligations of BA. In connection with its use of PHI disclosed by County to BA, BA agrees to:

- A. Implement appropriate administrative, technical, and physical safeguards as are necessary to prevent use or disclosure of PHI other than as permitted by the Agreement that reasonably and appropriately protects the confidentiality, integrity, and availability of the PHI in accordance with 45 CFR 164.308,164.310,164.312, and 164.504(e)(2). BA shall comply with the policies, procedures, and documentation requirements of the HIPAA Security Rule.

- B. Report to County within 24 hours of any suspected or actual breach of security, intrusion, or unauthorized use or disclosure of PHI of which BA becomes aware and/or any actual or suspected use or disclosure of data in violation of any applicable federal or state laws or regulations. BA shall take prompt corrective action to cure any such deficiencies and any action pertaining to such unauthorized disclosure required by applicable federal and state laws and regulations.
 - C. Report to County in writing of any access, use, or disclosure of PHI not permitted by the Underlying Agreement and this Business Associate Agreement, and any Breach of Unsecured PHI of which it becomes aware without unreasonable delay and in no case later than five (5) days. To the extent the Breach is solely a result of BA's failure to implement reasonable and appropriate safeguards as required by law, and not due in whole or part to the acts or omissions of the County, BA may be required to reimburse the County for notifications required under 45 CFR 164.404 and CFR 164.406.
 - D. BA shall not use or disclose PHI for fundraising or marketing purposes. BA shall not disclose PHI to a health plan for payment or health care operations purposes if the patient has requested this special restriction, and has paid out of pocket in full for the health care item or service to which the PHI solely relates. BA shall not directly or indirectly receive remuneration in exchange of PHI, except with the prior written consent of the County and as permitted by the HITECH Act, 42 USC Section 17935(d)(2); however, this prohibition shall not affect payment by County to BA for services provided pursuant to the Agreement.
4. PHI Access, Amendment, and Disclosure Accounting. BA agrees to:
- A. Provide access, at the request of County, within five (5) days, to PHI in a Designated Record Set, to the County, or to an Individual as directed by the County. If BA maintains an Electronic Health Record, BA shall provide such information in electronic format to enable County to fulfill its obligations under the HITECH Act, including, but not limited to, 42 USC Section 17935(e).
 - B. Within ten (10) days of receipt of a request from County, incorporate any amendments or corrections to the PHI in accordance with the Privacy Rule in the event that the PHI in BA's possession constitutes a Designated Record Set.
 - C. To assist the County in meeting its disclosure accounting under HIPAA:
 - (1) BA agrees to implement a process that allows for an accounting to be collected and maintained by BA and its agents or subcontractors for at least six (6) years prior to the request. However, accounting of disclosure from Electronic Health Record for treatment, payment, or health care operations purposes are required to be collected and maintained for only three (3) years prior to the request, and only to the extent that BA maintains an electronic health record and is subject to this requirement. At the minimum, the information collected shall include: (i) the date of disclosure; (ii) the name of the entity or person who received PHI and, if known, the address of the entity or person; (iii) a brief description of PHI disclosed and; (iv) a brief statement of purpose of the disclosure that reasonably informs the individual of the basis for the disclosure, or a copy

of the individual's authorization, or a copy of the written request for disclosure.

- (2) Within in 30 days of notice by the County, BA agrees to provide to County information collected in accordance with this section to permit the County to respond to a request by an Individual for an accounting of disclosures of PHI.

- D. Make available to the County, or to the Secretary of Health and Human Services (the "Secretary") , BA's internal practices, books and records relating to the use of and disclosure of PHI for purposes of determining BA's compliance with the Privacy Rule, subject to any applicable legal restrictions. BA shall provide County a copy of any PHI that BA provides to the Secretary concurrently with providing such information to the Secretary.

5. Obligations of County.

- A. County agrees that it will promptly notify BA in writing of any restrictions on the use and disclosure of PHI agreed to by County that may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.
- B. County agrees that it will promptly notify BA in writing of any changes in, or revocation of, permission by any Individual to use or disclose PHI, if such changes or revocation may affect BA's ability to perform its obligations under the Underlying Agreement, or this Business Associate Agreement.
- C. County agrees that it will promptly notify BA in writing of any known limitation(s) in its notice of privacy practices to the extent that such limitation may affect BA's use of disclosure of PHI.
- D. County shall not request BA to use or disclose PHI in any manner that would not be permissible under the Privacy Rule if done by County, except as may be expressly permitted by the Privacy Rule.
- E. County will obtain any authorizations necessary for the use or disclosure of PHI, so that BA can perform its obligations under this Business Associate Agreement and/or the Underlying Agreement.

6. Term and Termination.

- A. Term. This Business Associate Agreement shall commence upon the Effective Date and terminate upon the termination of the Underlying Agreement, as provided therein when all PHI provided by the County to BA, or created or received by BA on behalf of the County, is destroyed or returned to the County, or, or if it is infeasible to return or destroy PHI, protections are extended to such information, in accordance with the termination provisions in this Section.
- B. Termination for Cause. Upon the County's knowledge of a material breach by the BA, the County shall either:
 - (1) Provide an opportunity for the BA to cure the breach or end the violation and terminate this Agreement if the BA does not cure the breach or end the violation within the time specified by the County.
 - (2) Immediately terminate this Agreement if the BA has breached a material term of this Agreement and cure is not possible; or
 - (3) If neither termination nor cures are feasible, the County shall report the violation to the Secretary.

- C. Effect of Termination.
- (1) Except as provided in paragraph (2) of this section, upon termination of this Agreement, for any reason, the BA shall, at the option of County, return or destroy all PHI that BA or its agents or subcontractors still maintain in any form, and shall retain no copies of such PHI.
 - (2) In the event that the County determines that returning or destroying the PHI is infeasible, BA shall provide to the County notification of the conditions that make return or destruction infeasible, and BA shall extend the protections of this Agreement to such PHI to those purposes that make the return or destruction infeasible, for so long as the BA maintains such PHI. If County elects destruction of the PHI, BA shall certify in writing to County that such PHI has been destroyed.

7. Indemnity

- A. BA shall indemnify and hold harmless all Agencies, Districts, Special Districts and Departments of the County, their respective directors, officers, Board of Supervisors, elected and appointed officials, employees, agents and representatives (collectively "County") from any liability whatsoever, based or asserted upon any services of BA, its officers, employees, subcontractors, agents or representatives arising out of or in any way relating to BA's performance under this Business Associate Agreement, including but not limited to property damage, bodily injury, or death or any other element of any kind or nature whatsoever including fines, penalties or any other costs and resulting from any reason whatsoever to the extent arising from the performance of BA, its officers, agents, employees, subcontractors, agents or representatives under this Business Associate Agreement. BA shall defend, at its sole expense, all costs and fees including but not limited to attorney fees, cost of investigation, defense and settlements or awards against the County in any claim or action based upon such alleged acts or omissions.
- B. With respect to any action or claim subject to indemnification herein by BA, BA shall, at its sole cost, have the right to use counsel of its choice, subject to the approval of County, which shall not be unreasonably withheld, and shall have the right to adjust, settle, or compromise any such action or claim without the prior consent of County; provided, however, that any such adjustment, settlement or compromise in no manner whatsoever limits or circumscribes BA's indemnification of County as set forth herein. BA's obligation to defend, indemnify and hold harmless County shall be subject to County having given BA written notice within a reasonable period of time of the claim or of the commencement of the related action, as the case may be, and information and reasonable assistance, at BA's expense, for the defense or settlement thereof. BA's obligation hereunder shall be satisfied when BA has provided to County the appropriate form of dismissal relieving County from any liability for the action or claim involved.
- C. The specified insurance limits required in the Underlying Agreement of this Business Associate Agreement shall in no way limit or circumscribe BA's obligations to indemnify and hold harmless the County herein from third party claims arising from the issues of this Business Associate Agreement.

- D. In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code Section 2782. Such interpretation shall not relieve the BA from indemnifying the County to the fullest extent allowed by law.
- E. In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Business Associate Agreement, this indemnification shall only apply to the subject issues included within this Business Associate Agreement.
- 8. Amendment. The parties agree to take such action as is necessary to amend this Business Associate Agreement from time to time as is necessary for County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
- 9. Survival. The respective rights and obligations of this Business Associate Agreement shall survive the termination or expiration of this Business Associate Agreement.
- 10. Regulatory References. A reference in this Business Associate Agreement to a section in the Privacy Rule means the section as in effect or as amended.
- 11. Conflicts. Any ambiguity in this Business Associate Agreement and the Underlying Agreement shall be resolved to permit County to comply with the Privacy Rule, 45 CFR, and HIPAA generally.
