The last sentence on the meeting agenda for April 28, 2022, Planning Commission hearing is confusing. I request clarification. To what section does it refer?

\*\*\* This project is exempt from the California Environmental Quality Act (CEQA) pursuant to the above referenced section, and it is not subject to any further environmental review."

I can find no part of the text in the agenda above that sentence with the double asterisk. Please enlighten me.

Thank you,

Mike West, EDH resident

Gentlemen,

I was at last week's Planning Commission meeting along with many other people in person and on line. This is a very important matter for El dorado Hills and El Dorado County. I feel your next meeting on June 9<sup>th</sup> needs to be held in El Dorado Hills in the evening. This will give the people in our area a better chance to voice their opinion.

Thank you,

Don Terra
