

# **ATTACHMENT 1 FINDINGS FOR APPROVAL**

## **File Number A07-0004**

Based on the review and analysis of this project by staff and affected agencies, and supported by discussion in the staff report and evidence in the record, the following findings can be made:

1. The Housing Element was prepared in accordance with California Government Code Sections 65580-65589.8 and reviewed by the State Department of Housing and Community Development to ensure compliance with State law. An Initial Study was completed per the requirements of CEQA and the County's CEQA Guidelines. The Planning Commission has considered the Negative Declaration and finds, based on the whole record before it, that there is no substantial evidence that the project will have a significant effect on the environment, and that the Negative Declaration reflects the County's independent judgment and analysis.
2. The proposed amendment is deemed to be in the public interest. Availability of housing is a vital issue of local and statewide importance. The Housing Element makes adequate provisions for the existing and projected housing needs for all economic segments of the community. The housing element also is in the public interest since it addresses regional housing needs.
3. The proposed General Plan amendment is consistent and compatible with the rest of the General Plan and any implementation programs that may be affected. Implementation of some programs identified in the Housing Element may require an amendment to other Elements of the General Plan to ensure internal consistency. The 2008-2013 Housing Element replaces the 2004-2008 Housing Element in the General Plan. Most of the policies, programs, and objectives are similar in both elements.
4. The potential impacts of the proposed amendment have been assessed and have been determined not to be detrimental to the public health, safety, or welfare. It is intended to promote the housing needs of the community, including safe housing conditions and vital neighborhoods.
