Who is your competition in the marketplace?

As an IT reseller and distributor, Carahsoft works together with a number of other companies and strives to maintain positive relationships in the IT industry. There are few companies that Carahsoft would label as a direct competitor because the IT business requires cooperation on all levels.

Value Added Resellers distributing to State, Local and Federal agencies such as Immix would be considered Carahsoft's competitors.

What differentiates your company from competitors?

Carahsoft has a unique business model focusing on providing superior sales and marketing execution, a track record of success, high integrity, and a focus on strategic vendor relationships. Describe how you intend to introduce NCPA to your company.

As a current contract holder our salesforce is already accustomed to promoting and utilizing NCPA contracts.

Describe your firm's capabilities and functionality of your on-line catalog / ordering website.

Carahsoft will publish the Region 14 ESC & NCPA catalog online upon contract award. Carahsoft is committed to electronic order processing. In fact, one of the ways Carahsoft exchanges information is through the use of the Electronic Data Interchange (EDI) standard. EDI is a document standard which acts as common interface between two or more computer applications. Carahsoft has been using EDI for more than five years and has it running with any of our vendors that have requested it. It takes approximately two to eight weeks to set up a new EDI interface so that Carahsoft can perform strict quality testing to ensure accuracy. The large vendors that we exchange orders with using EDI include VMware, Red Hat, Adobe, and Symantec. Currently 70 - 90% of all Carahsoft orders are processed using EDI.

Describe your company's Customer Service Department (hours of operation, number of service centers, etc.)

Carahsoft's standard business hours are 8:30 am – 5:30 pm EST Monday-Friday, with representatives working outside of these hours to help cover different time zones. Carahsoft strives to have representatives available for all customers during all business hours. If a customer contacts Carahsoft outside of these hours, Carahsoft will respond to any missed calls, voicemails, or E-mails at the earliest appropriate time.

Green Initiatives

As our business grows, we want to make sure we minimize our impact on the Earth's climate. We are taking every step we can to implement innovative and responsible environmental practices throughout NCPA to reduce our carbon footprint, reduce waste, energy conservation, ensure efficient computing, and much more. To that effort we ask respondents to provide their companies environmental policy and/or green initiative.

Environmental Strategy: Carahsoft measures the success of our recycle programs by tracking the amount of recycle material that leaves the building. This amount should never go down, but only up. We also carefully monitor our electricity bills to ensure there are no spikes in usage.

Initiatives:

1. Carahsoft has implemented VMware internally which moves our servers to a virtualized cloud environment thus eliminated the need for physically servers as we've grown in size. This has drastically reduced our server footprint allowing us to save thousands of dollars annually on heating and cooling of our data center. If we do not use VMware, we would have over 20 servers instead of the two that we actually have. This also allows us to reduce our energy consumption, minimize the amount of greenhouse gas omitted into the atmosphere.

2. Carahsoft also uses only Energy Star compliant hardware which substantially uses less electricity when items are not in use and protecting the climate. As shown in the EPA chart below, Energy Star compliance has brought significant energy savings and emissions savings to businesses that use compliant products.

3. Carahsoft hosts hundreds of virtual events including webinars each year. By hosting so many virtual events, Carahsoft is able to reduce the amount of in-person events and avoid their carbon impact. Additionally, Carahsoft archives these events for viewing in the future as shown below:

4. Carahsoft utilizes email blasts instead of sending marketing material to cut down on the amount of paper products and shipping that mailing would entail. For example, in January 2015, Carahsoft sent out 105 email blasts.

5. Carahsoft's Proposal Department promotes the recycling of paper, bottles and aluminum cans by providing blue recycle bins in all common areas for each type of recycling material.

6. Carahsoft uses lights in the office on a timer to ensure that all lights are off in the building when employees are not working. Additionally, the bathroom lights are motion detected so the lights are not on when no one is using it, which reduces the use of electricity. On the newer side of the building, we utilize paperless hand dryers to cut down on our use of paper products.

7. Carahsoft has created a Carpool Incentive program to encourage employees to carpool to cut down on fuel consumption and emissions. Employees who carpool with at least two other Carahsoft employees are issued carpool parking permits and may park in reserved preferential parking. Currently, a quarter of Carahsoft's staff carpools each day into the office.

8. Carahsoft enforces a non-smoking initiative both within our office and in the surrounding environment. Carahsoft also encourages employees to engage in a smoke-free, healthy lifestyle.

Vendor Certifications (if applicable)

Carahsoft is licensed to do business in all 50 states, as demonstrated in our performance on the current Region 14 ESC & NCPA contract Carahsoft runs. Specific licenses for states can be provided upon request.

In addition to Carahsoft's extensive initial and ongoing training regimen, every Sales Person at Carahsoft must complete their manufacturer's specialty program. FEDERAL CHANGES

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Contract between public agency and the FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this Contract.

INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (FTA) TERMS

The provisions include, in part, certain Standard Terms and Conditions required by the U.S. Department of Transportation (DOT), whether or not expressly set forth in the preceding Contract provisions. All contractual provisions required by the DOT, as set forth in the most current FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Contract. Contractor agrees not to perform any act, fail to perform any act, or refuse to comply with any public agency requests that would cause public agency to be in violation of the FTA terms and conditions.

NO FEDERAL GOVERNMENT OBLIGATIONS TO THIRD PARTIES

Agency and Contractor acknowledge and agree that, absent the Federal Government's express written consent and notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to agency, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying Contract.

Contractor agrees to include the above clause in each subcontract financed in whole or in part with federal assistance provided by the FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

PROGRAM FRAUD AND FALSE OR FRAUDULENT STATEMENTS

Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. §§ 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 CFR Part 31, apply to its actions pertaining to this Contract. Upon execution of the underlying Contract, Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract Work is being performed.

In addition to other penalties that may be applicable, Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on Contractor to the extent the Federal Government deems appropriate.

Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307 (n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

Contractor agrees to include the above clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.
