Building Industry Advisory Committee - At Large Alternate (08/2008 to Present)

5. Summary of qualifications related to group(s) listed above. (What experience or special knowledge do you bring to your area of interest?)

I have served on this committee as the At-Large Alternate since August of 2008. I am a licensed architect, with a sole proprietorship practice located in Placerville. The projects have been primarily commercial and have ranged from the Placerville area, to Georgetown in the north of the County and to Mt. Aukum in the south. As a design professional and a current member of the Committee, I think that I could provide better participation and input into the Committee's deliberations as a full member. As the At-Large Alternate, there was rarely an opportunity to join in on an "as needed", "on call" member.
