

ORDINANCE No. 4325

THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO DOES ORDAIN AS FOLLOWS:

(UNCODIFIED)

EL DORADO COUNTY PUBLIC WATER PLANNING ORDINANCE

Section 1. New Parcels.

Upon passage of this ordinance, the County shall make purchase of a water meter mandatory for approval of all new final parcel or subdivision maps or development projects which require public water service.

Section 2. Obtain Water Data.

Within 180 days after the passage of this ordinance, and annually thereafter the County shall do the following:

1. obtain water supply and demand data from the public water agencies and districts within the County as set forth in California Government Code Sec. 65352.5;
2. provide for public review of the water data;
3. hold public hearings prior to acceptance of the water data.

Section 3. Water Plan.

Within 12 months after passage of this measure, the County shall, after holding public hearing(s), prepare a long term public water plan, to be updated annually thereafter, that includes the following:

1. an inventory of the projects and parcels being processed by the County, within each public water district, and estimates of their potential public water needs;
2. an inventory of all existing unserved parcels and projects within each public water district and estimates of their potential public water needs;
3. a water availability assessment for each public water

district that determines the adequacy of existing and planned future public water supplies to meet existing and planned future demand on these water supplies, projected over the next twenty (20) years, for all types of growth and development - residential, commercial and agricultural.

Section 4. Public Notice.

The County shall annually mail a summary of the annual public water availability assessment to all County property owners as shown on the current property tax assessment roll.

Section 5. Severability.

If any section, subsection, sentence, clause, phrase, part or portion of this ordinance is for any reason held to be invalid or unconstitutional by a final judgment of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this ordinance. It is hereby declared that this measure, and each section, subsection, sentence, clause, phrase, part or portion thereof would have been adopted or passed irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, parts or portions be declared invalid or unconstitutional.

Section 6. Amendment or Repeal.

This ordinance may be amended or repealed only by a unanimous vote of the total authorized membership of the Board of Supervisors or by a majority of the voters voting in an election thereon.

Section 7. Tahoe Regional Planning Agency Exclusion.

This ordinance shall not apply to any projects or parcels within the jurisdiction of the Tahoe Regional Planning Agency.

Section 8. Pursuant to Elections Code section 4050, this ordinance shall take effect and shall become effective immediately upon the adoption hereof.

Section 9. By adoption hereby the Board of Supervisors has authorized the filing of a Notice of Exemption for purposes of the California Environmental Quality Act.

PASSED AND ADOPTED by the Board of Supervisors of the County of El Dorado at a regular meeting of said Board, held on the 8th day of March, 1994, by the following vote of said Board:

Ayes: Supervisor William S. Bradley,
Raymond J. Nutting, J. Mark Nelson,
William N. Carter, John E. Dutton

GOVERNMENT CODE - GOV

TITLE 7. PLANNING AND LAND USE [65000 - 66499.58] (*Heading of Title 7 amended by Stats. 1974, Ch. 1536.*)

DIVISION 1. PLANNING AND ZONING [65000 - 66103] (*Heading of Division 1 added by Stats. 1974, Ch. 1536.*)

CHAPTER 3. Local Planning [65100 - 65763] (*Chapter 3 repealed and added by Stats. 1965, Ch. 1880.*)

ARTICLE 6. Preparation, Adoption, and Amendment of the General Plan [65350 - 65362] (*Article 6 repealed and added by Stats. 1984, Ch. 1009, Sec. 13.5.*)

65352.5. (a) The Legislature finds and declares that it is vital that there be close coordination and consultation between California's water supply agencies and California's land use approval agencies to ensure that proper water supply planning occurs in order to accommodate projects that will result in increased demands on water supplies.

(b) It is, therefore, the intent of the Legislature to provide a standardized process for determining the adequacy of existing and planned future water supplies to meet existing and planned future demands on these water supplies.

(c) Upon receiving, pursuant to Section 65352, notification of a city's or a county's proposed action to adopt or substantially amend a general plan, a public water system, as defined in Section 116275 of the Health and Safety Code, with 3,000 or more service connections, shall provide the planning agency with the following information, as is appropriate and relevant:

(1) The current version of its urban water management plan, adopted pursuant to Part 2.6 (commencing with Section 10610) of Division 6 of the Water Code.

(2) The current version of its capital improvement program or plan, as reported pursuant to Section 31144.73 of the Water Code.

(3) A description of the source or sources of the total water supply currently available to the water supplier by water right or contract, taking into account historical data concerning wet, normal, and dry runoff years.

(4) A description of the quantity of surface water that was purveyed by the water supplier in each of the previous five years.

(5) A description of the quantity of groundwater that was purveyed by the water supplier in each of the previous five years.

(6) A description of all proposed additional sources of water supplies for the water supplier, including the estimated dates by which these additional sources should be available and the quantities of additional water supplies that are being proposed.

(7) A description of the total number of customers currently served by the water supplier, as identified by the following categories and by the amount of water served to each category:

(A) Agricultural users.

(B) Commercial users.

(C) Industrial users.

(D) Residential users.

(8) Quantification of the expected reduction in total water demand, identified by each customer category set forth in paragraph (7), associated with future implementation of water use reduction measures identified in the water supplier's urban water management plan.

(9) Any additional information that is relevant to determining the adequacy of existing and planned future water supplies to meet existing and planned future demands on these water supplies.

(*Amended by Stats. 1996, Ch. 1023, Sec. 101. Effective September 29, 1996.*)
