Supervisor Briggs correction to December 20, 2011 Minutes agenda item 11-0280

The correct reporting should read:

“Supervisor Briggs reported from the regular monthly meeting of the Elder Protection Unit, (the Elder Protection Unit, EPU, is a conglomerate of various county Departments) that recently an elderly woman whose husband and primary care giver, passed away over Thanksgiving holiday and despite the woman needing assistant the county staff were frustrated as they were unable to help her.

Since the EPU meeting he met with managers of the Ponte Palmero assisted care facility in Cameron Park who offered their assistance in future matters at no cost to anyone.

Ponte Palmero’s offer fills a much needed gap and through this “to and from” Supervisor Briggs publically thanked their offer of assistance.”
