Dear Chairman Briggs,

Please follow up on my Brown Act Inquiry to Mike Ciccozzi, County Counsel. At the September 30th Special Board Meeting you announced that Reg Reform does indeed need to follow the Brown Act. However, at the very next Reg Reform meeting on Friday, October 4th, Michael Ranalli stated that Ed Knapp had given you incorrect information, and was in fact referring to CEDAC, not Reg Reform, when he gave you the information during the September 30th meeting. Michael also said that he would also like clarification on the matter, but I do not know if he has contacted County Counsel to find out.

As I have stated before, transparency in government is not only the law, it is paramount to creating trust between citizens and government. Trust has been talked about a lot at recent Board meetings. It is time to take action and get to the bottom of this issue now.

Feel free to contact me if you have any questions or need clarification of my concerns.

Dear Supervisors and Clerk of the Board,

Please add the attached documents to Legistar public record for Tuesday, September 10, 2013, Open Forum, File #13-1176. These are the documents I referred to during Open Forum, and attaching them to Legistar will make them available to the public.

Thank you,

PRA's catch up..... 10/22/2013

1. Thank you for providing the information that there were no records of a Closed Session meeting from which Supervisor Briggs' letter regarding Ray Nutting's legal issues arose.

That there are no records does not mean that there was no meeting. If a quorum of the Board was present in a room even for a minute, is that not a meeting? My questions is, was there such a situation and/or from what circumstance did Mr. Briggs surmise that he could write a letter appearing to come from the Board, if he had not been given direction to do so?

If the letter was his alone, what Board Policy did he violate? Will the Board be taking any action on the violation? If not, why not?

2. I have received no reply to my request that the original attachments to the April 2008 CDBG agenda item # 24 be restored. Please advise.

3. Thank you for providing your generic information on what Supervisors make. What I wanted to know is how much Supervisor Veerkamp *is* making, not how much he could make. Please consider this a restatement of my request.

4. I am still waiting for a copy of Greg Sly's letter to the Board. Please advise.
