

Vehicle Standards by County Program/Department Assignment:

All County Owned Vehicles placed in “Permanent Assignments” will follow this list of Standards by Vehicle Class designation, and include: Gasoline engine with best EPA fuel economy rating available, automatic transmission, power windows and door locks, and air conditioning. Alternative fuel and Hybrid powered vehicles will be considered whenever possible. All other options or classes not meeting this Standard must have an upgrade justification approved by the CAO Officer in accordance with the County Policy D-4; Vehicle use, Standards, Procurement, and Disposal. *All annually assigned vehicles (AAV) requests must also have written justification in lieu of Fleet Pool use presented to the Fleet Manager, and may be requested at any time by Fleet Services for vehicle utilization auditing purposes. Reassigned vehicles may be allowed to preempt the county standard when eliminating a vehicle replacement purchase*

<u>Program</u>	<u>Department</u>	<u>Standard Class & Description</u>
<u>Agriculture</u>		
Agricultural Commissioner Administration		10; MIDSIZE 4X4 SUV 12; PICKUP ½ TON 2WD
Enforcement		15; MIDSIZE SEDAN

Library

Book-Mobile (prog. not incl in 2006 Std, "99" vehicle) 19; SPECIAL CONST.

Highlighted vehicles are those that differ from the 2006 Standard adopted, and are a result of program needs and justified as Standard Options for Fleet Service to approve in cooperation with the Departments requests.

Highlighted Programs are those that were not included in the 2006 Standard

Highlighted vehicles with (explanation) are those vehicle types or models that are no longer built by US automakers, and have been adjusted to the closest like class currently available in the market.

Programs with vehicles listed in this Standard do not provide an automatic approval that those programs will be justified to retain an AAV vehicle. Departments must meet the criteria set forth in the D-4 policy for usage and justification for any vehicle assignments and retention annually.
