Required Supplier / Vendor Information

Vendor / Supplier Name:	Vendor / Supplier Address:
Crowdstrike	
Contact Name:	
Kelsey Kruger	
Estimated Purchase Price/Contract Amount:	Vendor / Supplier Email Address:
\$163,673.79	kelsey.kruger@crowdstrike.com
Telephone:	Fax:
(888) 512-8906	

Provide a brief description of the request, including all goods and/or services the vendor/supplier will provide and supporting exemption reference from Board Policy C-17 - Procurement Policy:

Crowdstrike Annual Renewal of Enterprise Virus Software 03/04/25 - 03/03/26
- 3.4 (3) Exemptions from Competitive Bidding. Competitive bidding would produce no economic benefit to the County.
- 3.4.2.f Sole Source. The procurement is for goods where the continuity of providers will provide efficiency or critical knowledge, and other providers of the goods cannot provide similar efficiencies or critical knowledge.

Item:	

P&C Assignment:

Assigned To:	
Date:	

A. The good/service requested is restricted to one supplier for the reason stated below:

1. Why is the acquisition restricted to this goods/services supplier? (Explain why the acquisition cannot be competitively sourced. Explain how the supplier is the only source for the acquisition.)

This request is a renewal for existing established and approved services and licenses. While CrowdStrike Falcon is available through resellers, we have been partnering directly with CrowdStrike to procure licenses and Falcon Complete security services since 2020. The direct procurement of licenses allows for better pricing than NASPO's competitively bid contract for CrowdStrike Falcon Complete through Carahsoft; therefore competitive bidding would produce no economic benefit to the County.

2. Provide the background of events leading to this acquisition.

IT first contracted directly with CrowdStrike in 2020 for Enterprise Virus Protection. While there are resellers of CrowdStrike products, changing our licenses to a third-party provider causes disruptions to the security and network/server teams, along with providing no economic benefit to the County.

3. Describe the uniqueness of the acquisition. (Why was the goods/services supplier chosen?)

CrowdStrike offers El Dorado County IT has historically provided better pricing discounts to the County compared to NASPO's competitively bid contract for CrowdStrike Falcon Complete.

4. What are the consequences of not purchasing the goods/services or contracting with the proposed supplier?

Loss of efficiency, continuity, and loss of staff time to change vendors. Moving to a third-party reseller causes disruptions to the security and network/server teams, along with providing no economic benefit to the County. CrowdStrike continues to provide El Dorado County discounts over List and NASPO pricing.

5. What market research was conducted to substantiate no competition, including the evaluation of other items or service providers? (Provide a narrative of your efforts to identify other similar or appropriate goods/services, including a summary of how the department concluded that such alternatives are either inappropriate or unavailable. The name and addresses of suppliers contacted and the reasons for not considering them must be included OR an explanation of why the survey or effort to identify other goods/services was not performed.)

Crowdstrike is a vital component to the County's infrastructure. Purchasing services and coverage directly from Crowdstrike provides us with the best pricing and service.

B. Price Analysis:

1. How was the price offered determined to be fair and reasonable? (Explain what basis was used for comparison and include cost analysis as applicable.)

NASPO Pricing for services under AR2472 totals \$178,888.03.
Crowdstrike is offering a 1-year renewal for \$163,673.79, which is a savings of \$15,214.24.

2. Describe any cost savings or avoidance realized (one-time or ongoing) by acquiring the goods/services from this supplier.

In addition to price savings as noted in B.1., staying with Crowdstrike saves staff time and labor costs in not having to reestablish critical services through a reseller.
