To Whom It May Concern:

I am writing this letter to you today to request that this matter regarding the appeal hearing of the approval of Tentative Parcel Map P99-0003 parcel split go forward on the scheduled date of February 6, 2007. I am aware that my neighbors, Jerry and Julie Reffner, and Steven and Pamela Fortune have requested a postponement for their appeal on this matter, although disclosure was not made to me as to the reasons why.

The original filing date for the current parcel map before you is January 1999. This process has been ongoing since before 1994 and has been delayed several times due to moratoriums and other issues beyond my control. This delay will result in more financial costs to me in addition to the tens of thousands of dollars I have already spent meeting the terms and conditions of El Dorado County entities, and the other costs associated with filing parcel maps in this county. Any further delay will compound the financial burden already existing.

I understand that the Reffners and Fortunes have requested a continuance on their appeal. The County zoning administration has recommended approval of my parcel map. I am requesting that the Board does not grant this continuance, but upholds the decision of the zoning administration on the currently scheduled hearing date of February 6, 2007.

Respectfully,

Garratt B. Wilkin
