*"making a positive difference now"*

April 11, 2013

Rich Todd  
El Dorado County EMS Agency  
415 Placerville Dr Suite J  
Placerville, CA 95667

Dear Rich,

We would like to nominate both Engineer Paramedic Kim George and FF Paramedic Sophie Tetlow for outstanding service to our EMS system.

Kim George has been responsible for most of the advancements in South Lake Tahoe Fire's EMS by finding, demonstrating and bringing our department's new equipment online. She is often at Station 3 on her days off and has worked tirelessly to keep our standards the highest possible with training and CQI.

Sophie Tetlow has shown the same determination in getting our IPCR system on line and keeping it running. Being a new technology it is under close scrutiny and has required a high level of maintenance; this type of work is very behind the scenes.

I believe that the work of these two individuals has enhanced the South Lake Tahoe Fire Department, the Cal Tahoe Emergency Services Operations Authority, and El Dorado County EMS.

We look forward to honoring these individuals during EMS Week.

Sincerely,

Bruce Martin  
Fire Chief
