Community Economic Resilience Fund: Sacramento Region

February 14, 2023

County of El Dorado

2850 Fairlane Ct

Placerville, CA 95667

Dear Valley Vision (Sacramento Region High Road Transition Collaborative):

The County of El Dorado is pleased to inform you that we are in agreement with the goals of the Community Economic Resilience Fund (CERF) proposal developed collaboratively and led by Valley Vision, who would act as both the Fiscal Agent and Regional Convener.

We have reviewed the high-level vision, goals, and initial governance model for the High Road Transition Collaborative (HRTC) for the Sacramento region. We understand that these elements, including the governance and participation model may change as the process evolves but are committed to moving the process forward under the leadership of Valley Vision.

We agree to participate actively in the CERF planning process, including the development of a governance structure that shares decision-making and balances the interests of all represented groups, the outreach and engagement plan, and the project budget. We are committed to working in partnership with a wide range of regional

stakeholders with diverse interests to create a more inclusive, equitable, sustainable, competitive, and resilient economy for the eight-county Sacramento Region.

Our organization is the Economic Development Department for the County of El Dorado. We retain, develop, and attract businesses that provide economic sustainability which creates quality employment opportunities.

Our primary contact for the County of El Dorado for this process will be:

Kyle Zimbelman  
Economic and Business Relations Manager

Thank you in advance for your time, attention, and consideration.

Sincerely,
