Report Suspicious

DATE: March 3, 2025

TO: Clerk of the Board – Item 25-0294

FROM: Gina Posey

SUBJECT: The El Dorado County Grand Jury produced a report in 2022/2023. There were a number of recommendations made. After reading the documents for this item it was unclear whether the following items have been or are being addressed.

What is the update on the following recommendations:

1. For simple permits, can homeowners apply and pay for a permit online? Has this been implemented?
2. For building projects, does the applicant have a single point of contact for a residential and/or a small business permit throughout the process?
3. How does that applicant know where their project is in the permit process? Does building Services have a dashboard tool that provides an overview of the status for each permit?
4. For inspection quality, is the department tracking how often the same property that is inspected more than once by different inspectors results in items being missed from the prior inspection? What is the approach to address this from happening?

Thanks for the update,
Gina
