Subject: El Dorado County Bike Park Scope

Dear Vickie:

Foothill Associates (now HELIX Environmental Planning, Inc.) is submitting this proposal to the County of El Dorado, Parks and Trails Division (Client) to provide consulting services for the El Dorado County Bike Park Project (Project).

The project will include the site assessment and analysis, conceptual design, and California Environmental Quality Act (CEQA) review for a proposed bike park on parcels 327-250-37 and 327-250-38 (Site), totaling approximately 2.2 acres. Although the final conceptual design will depend on the results of the site assessment and public outreach process, the project is expected to include biking facilities (e.g. dirt track, trick bowl/ jumps), picnic area, play area, lighting, and restroom building. The site will be accessed from the existing El Dorado Trail to the south and parking will be located on the existing County-owned property to the south. Utilities on-site include water, electrical, and a septic system.

SCOPE OF WORK

<p>Phase One: Oak Resources Technical Report</p> <p>HELIX will prepare an Oak Resource Technical Report for the Site, as required by the Oak Resources Management Plan. Under the Plan, El Dorado County protects oak woodlands, heritage oak trees (native oaks with a total trunk diameter greater than 36 inches), and individual oak trees outside of oak woodlands with a trunk diameter of 6 inches or more. The site will be surveyed to assess oak woodland habitat and protected heritage and individual trees. All protected trees will be inventoried: the species, size, and condition will be noted, the tree will be tagged with a unique identification number, and the approximate location will be recorded with a handheld GPS unit with sub-meter accuracy.</p> <p>The results of the survey will be documented in an Oak Resources Technical Report, which will also include a discussion of potential impacts, mitigation options, and tree preservation recommendations. It will also identify responsible parties and provide maintenance,</p>	\$2,955

In addition, HELIX will map the edge of potential California Department of Fish and Wildlife (CDFW) jurisdiction within the project footprint, if it differs from the edge of jurisdictional waters.</p> <p>Upon completion of the field survey, a biological resources assessment will be prepared that identifies biological resources and potential biological constraints, such as wetlands, assesses of the likelihood of special-status species or habitats to be found on the project site, and provides recommendations for any further studies or permitting that may be required prior to development. The report will include a soil map and map of biological communities and constraints. A draft report will be submitted electronically to the Client for review in PDF format Upon completion of the review by the Client, a PDF copy of the final report will be submitted to the Client.</p> <p>Deliverables:</p> <ul style="list-style-type: none"> • Draft Biological Resources Assessment (PDF Format) • Final Biological Resources Assessment (PDF Format) 	\$5,815

<p>Phase Seven: CEQA Initial Study/ Mitigated Negative Declaration</p> <p><u>Administrative Draft IS/MND</u></p> <p>HELIX will prepare an Initial Study/Mitigated Negative Declaration (IS/MND), pursuant to 40 CFR 1501.3 and California Environmental Quality Act (CEQA) Guidelines, Section 15063, respectively. This scope of work assumes that the County of El Dorado will serve as the Lead Agency pursuant to CEQA, Section 21067.</p> <p>This scope of work assumes that the County will prepare and facilitate all necessary AB 52 documentation and tasks.</p> <p>An initial study checklist based on Appendix G of the current State CEQA Guidelines will be used to document the potential environmental impacts resulting from implementation of the proposed El Dorado County Bike Park. The Initial Study will contain all mandatory required elements including the following:</p> <ol style="list-style-type: none"> 1. Project Description. The Project Description will describe the baseline information for the project, as well as the major elements including the location information, County objectives, and proposed categories of improvements. Following preparation of the administrative draft project description, HELIX shall submit a digital version to the County for review and comment. The final project description, incorporating a single set of consolidated comments from the County, will be the basis on which HELIX evaluates potential impacts resulting from implementation of the Bike Park within the Initial Study; 2. Figures identifying the local and regional location of the Bike Park, and other project characteristics as relevant to CEQA analyses; 3. Disclosure of anticipated potential environmental impacts resulting from implementation of the Bike Park. HELIX will use the initial study checklist (CEQA Guidelines - Appendix G) to prepare the IS. The checklist will contain a narrative of each issue in support of each conclusion and will include discussions (as required by current CEQA statute) relevant to aesthetics, agricultural and forest resources, air quality, biological resources, cultural resources, geology and soils, greenhouse gas emissions, hazards and hazardous materials, hydrology and water quality, land use, mineral resources, noise, population and housing, public services, recreation, transportation, tribal cultural resources, utilities, and mandatory findings of significance. <p>Anticipated areas of primary focus for environmental analyses may include:</p> <ul style="list-style-type: none"> • Aesthetics; • Cultural/Historical Resources; and • Tribal Cultural Resources. <p>Impacts analysis relevant to biological resources within the project site will be based on the technical information from the Biological Resources Assessment proposed by Task 2. <p>Unless otherwise noted above, all analyses will rely upon other existing readily-available sources of information, including adopted environmental and planning documents and ordinances, existing studies relevant to the site and proposed improvements, U.S. Geological Survey (USGS) topographic quadrangles, National Resource Conservation Service (NRCS) soils maps, and other documents as relevant to impact analyses prepared and evaluated pursuant to CEQA.</p> <p>Where relevant, the IS/MND will identify feasible and tangible mitigation measures to reduce impact levels to levels below significance as applicable to relevant thresholds for all environmental impacts identified in the CEQA Initial Study Checklist as "potentially significant." This scope of work assumes that all potentially significant impacts can be mitigated to a less than significant level and that an IS/MND will meet the requirements for environmental review pursuant to CEQA.</p> <p>CEQA analyses will include sufficient detail to clear proposed improvements for construction under CEQA. Preparation and adoption of the CEQA document does not negate requirements of other regulatory agencies that may be necessary based on the project impacts.</p> <p>HELIX will prepare a Notice of Completion (NOC) for transmittal to the State Clearinghouse of the Governor's Office of Planning and Research (SCH) pursuant to CEQA, Section 21161, and a Notice of Intent to Adopt a Mitigated Negative Declaration (NOI) per CEQA Guidelines Section 15072. As currently recommended by the Office of Planning and Research State Clearinghouse Guidelines for submittal of IS/MNDs, HELIX will prepare a Summary Form to accompany fifteen (15) complete digital copies of the IS/MND submitted to the State Clearinghouse.</p> <p>HELIX shall provide the County with a single (1) digital copy of the Administrative Draft IS/MND, NOC and NOI, as well as the Summary Form for review and comment.</p> <p>Deliverables:</p> <ul style="list-style-type: none"> • One (1) digital copy of Draft Project Description to the County; and • One (1) digital copy of the Administrative Draft IS/MND, NOI, NOC, and Summary Form to the County for review and comment. <p><u>Screencheck Draft Initial Study/Mitigated Negative Declaration, Notice of Intent, Notice of Completion and SCH Summary Form</u></p> <p>Upon the receipt of a single consolidated set of written comments from the County, HELIX will revise the Administrative Draft IS/MND as necessary to address all County comments, up top budgeted amount, and will provide one (1) digital copy of a Screencheck IS/MND to the County for final review and approval of the IS/MND before the document(s) is produced for public review.</p>
