The following letter e-mailed and received on July 23, 2009 from Dale Smith, acting as representative of Friends of the Shingle Springs Interchange, Inc., includes page references to attachments that are existing County documents. Due to the size of the documents and their availability on line, staff will not include them as an attachment to the letter, but will provide the corresponding page numbers where applicable, to allow the public to review online the following citations:

- 1) Design and Improvement Standards Manual – page 112 is consistent with the Manual.
- 2) General Plan Circulation Map – Figure TC-1, follows page 60 of the General Plan.
- 3) General Plan Circulation Element – Pages 10 and 11 correspond to pages 60 and 61, and page 15 corresponds to page 65 of the General Plan.
- 4) Draft Highway Design Manual – (found on the Department of Transportation’s website under “Manuals”). Page 31 corresponds to page 100-5 of the document. Pages 37 and 38 correspond to pages 200-3 and -4 of the document. The remaining Topics cited can be easily found by navigating through the document.
