November 16, 2007

**To County Surplus:**

The following items are being stored at the Vector Control Office at 1170 Rufus Allen, South Lake Tahoe, and do NOT have assigned County inventory tags:

**Photo #:**

1. Transmission with transfer case from 1953 Jeep, broken gear synchros: tag states that it was removed in 1987.
2. Transmission transfer case from unknown vehicle; removed > 7 yrs ago.
3. Left: Engine block-nonworking, from Chevy 350; Right: Transmission and bell housing from 1980 GMC, nonworking.
4. Engine block from 1974 Chevy 350, nonworking.
5. Cracked head or crank off engine from old Volkswagon truck (not in inventory), nonworking.
6. Heads off engine from 1974 Chevy, nonworking.
7. Engine from snowblower no longer in inventory, nonworking.
8. Misc. rods and pistons, harmonic balancer, pressure plate, clutch plate, 2 distributor caps, water pumps, 2 exhaust manifolds, and misc parts from unknown vehicles—all were removed from vehicles and replaced with new parts—they are visibly worn and probably not usable.
9. Air cooled engine from military surplus equipment, possibly an old fogger no longer in inventory.
10. Fuel hose from gas pump that no longer exists on the property.
11. "Homemade" sprayer or fog machine—has a Wisconsin engine V4 23hp—with attached blower; it is no longer used and nonworking.

We would like to dispose of these items once permission is granted, and per the direction of the County Surplus Department.

Please call me at x3439 if you have any questions.

Thanks,  
Heather Schmitt  
Supervising Environmental Health Specialist
