LATE DISTRIBUTION

C.A.O.  
EL DORADO COUNTY

Board of Supervisors and whom it may concern,

I have lived in Coloma since 1981, I have worked as a nurse at Marshall Hospital since that time. I've been a part of the river community and have used the South Fork American River since arriving in El Dorado County. My grown sons & I continue to recreate on the So. Fork as rafters, kayakers, hikers and canyon enthusiasts, joining many friends each week. I have always been of the opinion that RMAC is for the people, by the people, is useful & benefits the county in many ways. It does not seem prudent or wise to have outside agencies administer what RMAC was designed for. If anything, perhaps the meetings of RMAC should be reviewed for their content & protocol to ensure the highest standard.

Noah Triplett, by the way, does an exemplary job of overseeing many aspects of managing the river. You will not find an individual with more integrity or commitment.

Sincerely,  
Terry Allen
