

MEMORANDUM - El Dorado County Library

Date: January 23, 2013
To: Don Ashton
From: Jeanne Amos, Library Director
Subject: Multiple Travel Participants

I am requesting special permission to allow six library staff members to travel to the California Association for the Education of Young Children conference in March 2013, located in San Jose.

The six staff include four Early Childhood Literacy Specialists and two Youth Services Librarians who work at different branch libraries and rarely have an opportunity to meet and discuss common issues. This grant request will enable them to attend several different workshops and to share ideas with each other to develop a more consistent and unified early literacy program.

MEMORANDUM - El Dorado County Library

Date: January 22, 2013
To: Don Ashton
From: Janette Robbins-Worsnop, Children's Librarian
Subject: Grant funded Conference

A grant has been awarded to the El Dorado County Library that allows six library staff to participate in the CAEYC Conference in San Jose, California from Friday, March 15 to Saturday, March 16, 2013.

The awarded Staff Development Grant from the NorthNet Library System will pay for the conference fees and one nights lodging for all six library staff. A portion of the grant will also pay for travel and parking fees. Any travel and parking fees acquired in excess of the NorthNet grant will be paid by the First 5 El Dorado grant.

Two Children's Librarians and four Early Childhood Literacy Specialists from the El Dorado County Library would like to request funds to attend the annual 2013 CAEYC (California Association for the Education of Young Children) Conference. The conference will be held on March 15-16, 2013 in San Jose, California and features workshops and guest speakers in the field of Early Childhood Education.

As recognized leaders in our county in the field of Early Literacy our staff is committed to providing our youngest patrons and their families with library programs that are rich in language and literature, environments that are family friendly and developmentally appropriate library services within the library walls and out in the community.

With the grant monies to attend the conference our staff will build on this foundation by learning new and innovative ways to enhance developmentally appropriate library programs, cultivate strategies that strengthen our connections with our local childcare providers and gain information on current and emerging trends in early childhood education. As we have done in the past, we will continue to share our expertise and knowledge gained through this conference with other NorthNet libraries.

Any additional costs for this conference will be supported through other funded sources.
