AGREEMENT FOR SERVICES #367-S1511

THIS AGREEMENT, made and entered into by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County"), and Ascent Environmental, Inc., a corporation duly qualified to conduct business in the State of California, whose principal place of business is 455 Capitol Mall, Suite 300, Sacramento, California 95814 (hereinafter referred to as "Consultant");

RECITALS

WHEREAS, County has determined that it is necessary to obtain a consultant to assist its Community Development Agency in preparation of an Environmental Impact Report (EIR) for the development of the Saratoga Estates Subdivision Project (County File Number: TM 14-1520) located in El Dorado Hills, El Dorado County, California (Assessor's Parcel Number 120-070-02);

WHEREAS, Consultant has represented to County that it is specially trained, experienced, expert, and competent to perform the special services required hereunder, and County has determined to rely upon such representations;

WHEREAS, Consultant has been engaged in a separate agreement with the project Applicant to complete the preliminary tasks necessary for the completion of the overall project. The remaining tasks related to the project shall be completed in accordance with this Agreement between County and Consultant.

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable state and local laws;

WHEREAS, County has determined that the provision of such services provided by Consultant are in the public's best interest, and authorized by El Dorado County Charter, Section 210(b)(6) and/or Government Code Section 31000;

NOW, THEREFORE, County and Consultant mutually agree as follows:

ARTICLE I

Scope of Services: Consultant agrees to furnish personnel, materials, equipment and services necessary to prepare the EIR for the Saratoga Estates Subdivision Project (Project) in accordance with ARTICLE V, Standards for Work, set forth herein. Services shall include, but not be limited to, those tasks as identified in Exhibit A, marked "Scope of Work," incorporated herein and made by reference a part hereof.

Unless otherwise indicated, receipt of this executed Agreement is Consultant's Notice to Proceed with the work specified herein, not including Contingency Work or As-Needed Planning Services. No payment will be made for any work performed prior to the effective date of the Agreement.

Consultant acknowledges that the work is intended to result in a legally and technically adequate EIR which can be certified by the Board of Supervisors of the County of El Dorado.

In addition to the specific services identified in Exhibit A, this Agreement may also include additional scope items or Contingency Work or As-Needed Planning Services. Such Contingency Work or As-Needed Planning Services may supplement, expand or otherwise modify the Scope of Work or may include, but not be limited to, tasks that are deemed critical by County's Contract Administrator to the furtherance of the Project.

Before proceeding with any work concerning Contingency Work or As-Needed Planning Services under this Agreement, the parties shall identify the specific services to be provided for each assignment. County's Contract Administrator will issue a written Work Order for any Contingency Work assigned to Consultant where the not-to-exceed cost itemization does not exceed the allocated amount referenced in Exhibit C as Contingency Work/As-Needed Planning Services.

The period of performance for Work Orders shall be in accordance with dates specified in each Work Order. No payment will be made for any work performed before or after the period of performance in the Work Order, unless County's Contract Administrator and Consultant amend the Work Order. No Work Order will be written which exceeds the cumulative total of the not-to-exceed dollar amount of this Agreement.

No payment will be made for any work performed prior to approval and full execution of the Work Order, as applicable, and no payment will be made for amounts in excess of the not-to-exceed amount of the Work Order.

If a submittal or deliverable is required to be an electronic file, Consultant shall produce the file using Microsoft (MS) Office 2010 applications (specifically, MS Word, MS Project and MS Excel). Signed reports shall be submitted in Adobe portable document format (PDF). All deliverables shall be submitted in language, format and design that are compatible with and completely transferable to County's computer and that are acceptable to County's Contract Administrator. Newer versions of software may be used and other types of software used for analytical purposes may be authorized if approved in advance of the submittal by County's Contract Administrator. Consultant shall submit all deliverables to County's Contract Administrator. Failure to submit the required deliverables in the format required shall be grounds for termination of the Agreement, as provided in ARTICLE XVII, Default, Termination, and Cancellation, herein.

All of the services included in this Article and Exhibit A, Scope of Work, are the responsibility of Consultant, unless specifically described as a task or item of work to be provided by County.

ARTICLE II

Term: This Agreement shall become effective upon final execution by both parties hereto and shall expire three (3) years from the date of execution thereof.

ARTICLE III

Compensation for Services: Consultant agrees, understands, and acknowledges that the monies utilized by County to pay it as set forth under this Agreement are provided by Renasci Development, LLC (Applicant) under a separate Agreement between County and Applicant. Consultant agrees that payment, or any portion thereof, to it under this Agreement shall be expressly conditioned on, and dependent upon the payment to County by Applicant under the terms of said separate Agreement, and that County has no obligation to pay Consultant for work performed hereunder until County receives the requisite monies from Applicant.

For services provided herein, County agrees to pay Consultant monthly in arrears. Payment shall be made within forty-five (45) days following County's receipt and approval of itemized invoices detailing the services rendered.

For the purposes hereof, the billing rates shall be in accordance with Exhibit B, marked "Fee Schedule," incorporated herein and made by reference a part hereof. Other direct costs including special reproductions, delivery charges, postage, parking and other outside services authorized herein, shall be invoiced in accordance with Exhibit B, for the services rendered. Any invoices that include other direct costs shall be accompanied by backup documentation to substantiate Consultant's costs for the services being billed on those invoices.

Reimbursement for mileage expenses for Consultant, if applicable, shall not exceed the rates to be paid to County employees under the current Board of Supervisors Travel Policy at the time the mileage expenses are incurred. There shall be no markups allowed on mileage rates for Consultant. All travel costs (i.e., overnight lodging, meals, airfare, and other per diem expenses) will not be reimbursed as a direct cost for any services performed under this Agreement by Consultant.

The total amount of this Agreement, inclusive of all costs, expenses and Work Orders shall not exceed \$86,755.

Itemized invoices shall follow the format specified by County and shall reference this Agreement number or Work Order number on their faces. Consultant shall attach copies of any progress reports required under the provisions of ARTICLE VI, Progress Reports, herein, that relate to the services being billed, as backup documentation to any invoices submitted for payment under the terms of this Agreement. Copies of documentation attached to invoices shall reflect Consultant's charges for the specific services billed on those invoices.

Invoices shall be mailed to County at the following address:

County of El Dorado
Community Development Agency
Development Services Division
2850 Fairlane Court
Placerville, California 95667
Attn.: Roger Trout
Development Services Division Director

or to such other location as County directs.

In the event that Consultant fails to deliver, in the format specified, the deliverables and progress reports required by this Agreement, County at its sole option may delay the monthly payment for the period of time of the delay, cease all payments until such time as the required deliverables or progress reports are received, or proceed as set forth below in ARTICLE XVII, Default, Termination, and Cancellation, herein.

ARTICLE IV

Taxes: Consultant certifies that as of today's date, it is not in default on any unsecured property taxes or other taxes or fees owed by Consultant to County. Consultant agrees that it shall not default on any obligations to County during the term of this Agreement.

ARTICLE V

Standards for Work: Environmental services provided under this Agreement shall be performed in accordance with, and in full compliance with, the California Environmental Quality Act (CEQA), Public Resources Code Sections 21000 et. seq., and in full compliance with CEQA Guidelines, California Code of Regulations, Title 14, Chapter 3, Sections 15000 et. seq., such that the work will result in a CEQA certifiable environmental document. Services shall further conform to all State of California statutes, regulations and procedures, and all applicable federal laws, regulations and policy and procedural or instructional memoranda.

All of Consultant's services and deliverables must adhere to and be in full compliance with Exhibit A, Scope of Work, and shall be made available to County for review and approval at the appropriate stages specified in the Agreement or upon request by County's Contract Administrator.

Consultant has full responsibility for the accuracy and completeness of the deliverables, reports and such other documents that may be required for the tasks or items of work assigned. Assistance, cooperation and oversight by County or other regulatory agencies will not relieve Consultant of this professional responsibility.

All work must be performed and work products prepared in a format and manner customarily anticipated by County and/or other appropriate approving agencies.

ARTICLE VI

Progress Reports: Upon final execution of Agreement and/or any Work Orders issued pursuant to this Agreement, Consultant shall submit written progress reports to County's Contract Administrator at intervals that are commensurate with the requirements of the items of work and tasks being performed and based upon a mutually agreeable schedule. At a minimum, Consultant shall submit progress reports once per month. The reports shall be sufficiently detailed for County's Contract Administrator to determine if Consultant is performing to expectations and is on schedule, to provide communication of interim findings, and to afford occasions for airing difficulties or special circumstances encountered so that remedies can be developed. County's review of these reports will ensure that Consultant's work meets a level of acceptability as determined by County's Contract Administrator, and Consultant shall be required to modify work as necessary to meet that level of acceptability as defined by County's Contract Administrator. Separate detail shall be provided for each Work Order. Progress reports shall include the total number of hours worked by Consultant and shall include descriptions of the tasks and work performed, including a description of any deliverables submitted during the reporting period and the anticipated tasks, work and deliverables proposed for the subsequent reporting period. Any invoices submitted by Consultant for payment under the terms of this Agreement shall include copies of the progress reports that relate to the services being billed on those invoices.

ARTICLE VII

Licenses: Consultant represents that it and any and all subconsultants employed under this Agreement are duly certified or licensed in good standing by the State of California to perform the services contemplated under this Agreement, and that Consultant and all subconsultants shall maintain said certificates and licenses in good standing throughout the term of this Agreement.

ARTICLE VIII

Ownership of Data: Upon completion or earlier termination of all services under this Agreement, or upon the completion or earlier termination of services provided in accordance with this Agreement and/or any Work Orders issued pursuant to this Agreement, ownership and title to all reports, documents, plans, maps, specifications, estimates, compilations, photographs, videos and any and all other materials or data produced or obtained as part of this Agreement will automatically be vested in County without restriction or limitation on their use, and no further agreement will be necessary to transfer ownership to County. Copies may be made for Consultant's records, but shall not be furnished to others without written authorization from County's Contract Administrator. Such deliverables shall be deemed works made for hire and all rights in copyright therein shall be retained by County. Consultant shall furnish County all necessary copies of data including data stored in electronic format, needed to complete the review and approval process of the services and deliverables provided under this Agreement.

ARTICLE IX

Consultant's Project Director and Project Manager: Consultant designates Sydney Coatsworth as its Project Director and Mike Parker as its Project Manager for this

Agreement. Consultant's Project Director and Project Manager, or County-approved designee, shall be accessible to County's Contract Administrator, or designee, during normal County working hours and shall respond within twenty-four (24) hours to County inquiries or requests. Consultant's Project Director and Project Manager shall be responsible for all matters related to Consultant's personnel and operations including, but not limited to (1) assigning qualified personnel to perform the required work and to prepare the deliverables required by the individual Work Orders issued pursuant to this Agreement; and (2) reviewing, monitoring, training and directing Consultant's personnel.

ARTICLE X

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto. There shall be no change in Consultant's Project Manager, which shall be established at the issuance of individual Work Orders, without prior written approval by County's Contract Administrator.

ARTICLE XI

Consultant to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Consultant shall act as Consultant only to County and shall not act as Consultant to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Consultant's responsibilities to County during the term hereof.

ARTICLE XII

Confidentiality: Consultant shall maintain the confidentiality and privileged nature of all records, including billing records, together with any knowledge therein acquired, in accordance with all applicable state and federal laws and regulations, as they may now exist or may hereafter be amended or changed. Consultant, and all Consultant's staff, employees, and representatives, shall not use or disclose, directly or indirectly at any time, any said confidential information, other than to County's Community Development Agency for the purpose of, and in the performance of, this Agreement. This confidentiality provision shall survive after the expiration or earlier termination of this Agreement.

ARTICLE XIII

Assignment and Delegation: Consultant is engaged by County for its unique qualifications and skills as well as those of its personnel. Consultant shall not subcontract, delegate, or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE XIV

Independent Contractor/Liability: Consultant is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by the terms of this Agreement. Consultant exclusively assumes

responsibility for acts of its employees, associates, and subcontractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Consultant shall be responsible for performing the work under this Agreement in a safe, professional, skillful, and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Consultant or its employees.

ARTICLE XV

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment, or services not budgeted in a given year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products, or equipment subject herein. Such notice shall become effective upon the adoption of a final budget, which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce or order a reduction in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of County, this Agreement and/or any Work Order issued pursuant to this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE XVI

Audit by California State Auditor: Consultant acknowledges that if total compensation under this Agreement is greater than \$10,000.00, this Agreement and/or any Work Order issued pursuant to this Agreement is subject to examination and audit by the California State Auditor for a period of three (3) years, or for any longer period required by law, after final payment under this Agreement, pursuant to California Government Code §8546.7. In order to facilitate these potential examinations and audits, Consultant shall maintain, for a period of at least three (3) years, or for any longer period required by law, after final payment under the Agreement, all books, records and documentation necessary to demonstrate performance under this Agreement and/or any Work Orders issued pursuant to this Agreement.

ARTICLE XVII

Default, Termination, and Cancellation:

- A. **Default:** Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (Time to Cure), then such party shall be in default. The Time to Cure may be extended at the discretion of the party giving notice. Any extension of Time to Cure must be in writing, prepared by the party in default for signature by the party giving notice, and must specify the reason(s) for the extension and the date in which the extension of Time to Cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the Time to Cure has expired.

- B. **Bankruptcy:** This Agreement, at the option of County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Consultant.
- C. **Ceasing Performance:** County may terminate this Agreement in the event Consultant ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. **Termination or Cancellation without Cause:** County may terminate this Agreement and/or any Work Order issued pursuant to this Agreement, in whole or in part upon seven (7) calendar days' written notice by County for any reason. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates, as set forth in the Notice of Termination provided to Consultant, and for such other services which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the Agreement or Work Orders. Upon receipt of a Notice of Termination, Consultant shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the Notice directs otherwise. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

Said notice shall become part of this Agreement upon acknowledgment in writing by County's Contract Administrator, and no further amendment of the Agreement shall be necessary provided that such change of address does not conflict with any other provisions of this Agreement.

ARTICLE XX

Indemnity: Consultant shall defend, indemnify, and hold County and its officers, agents, employees and representatives harmless against and from any and all claims, suits, losses, damages, and liability for damages of every name, kind, and description, including attorneys' fees and costs incurred, brought for, or on account of, injuries to, or death of, any person, including but not limited to workers, County employees, and the public, or damage to property, or any economic or consequential losses, which are claimed to, or in any way arise out of, or are connected with Consultant's services, operations or performance hereunder, regardless of the existence or degree of fault or negligence on the part of County, Consultant, subcontractor(s) and employee(s) of any of these, except for the sole, or active negligence of County, its officers, agents, employees and representatives, or as expressly provided by statute. This duty of Consultant to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XXI

Insurance: Consultant shall provide proof of a policy of insurance satisfactory to County's Risk Management Division and documentation evidencing that Consultant maintains insurance that meets the following requirements:

- G. Consultant agrees that the insurance required herein shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Consultant shall immediately provide a new certificate of insurance as evidence of the required insurance coverage. In the event Consultant fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event. New certificates of insurance are subject to the approval of County's Risk Management Division, and Consultant agrees that no work or services shall be performed prior to the giving of such approval.
- H. The certificate of insurance must include the following provisions stating that:
 - 1. The insurer will not cancel the insured's coverage without prior written notice to County; and
 - 2. The County of El Dorado, its officers, officials, employees, and volunteers are included as additional insured, on an additional insured endorsement, but only insofar as the operations under this Agreement are concerned. This provision shall apply to the general liability policy.

- I. Consultant's insurance coverage shall be primary insurance as respects County, its officers, officials, employees, and volunteers. Any insurance or self-insurance maintained by County, its officers, officials, employees, or volunteers shall be in excess of Consultant's insurance and shall not contribute with it.
- J. Any deductibles or self-insured retentions must be declared to, and approved, by County. At the option of County, either: The insurer shall reduce or eliminate such deductibles or self-insured retentions as respects County, its officers, officials, employees, and volunteers; or Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, and defense expenses.
- K. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to County, its officers, officials, employees, or volunteers.
- L. The insurance companies shall have no recourse against the County of El Dorado, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.
- M. Consultant's obligations shall not be limited by the foregoing insurance requirements and shall survive the expiration of this Agreement.
- N. In the event Consultant cannot provide an occurrence policy, Consultant shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- O. The certificate of insurance shall meet such additional standards as may be determined by the contracting County department, either independently or in consultation with County's Risk Management Division as essential for protection of County.

County represents that it is unaware of any financial or economic interest of any public officer or employee of Consultant relating to this Agreement. Exhibit A

Scope of Work

Consultant shall prepare an Environmental Impact Report (EIR) for the proposed development of the Saratoga Estates Subdivision Project (Project). The EIR shall be prepared in accordance with CEQA guidelines and will be divided into two (2) phases as outlined below.

PROJECT DESCRIPTION

The services provided by this Agreement are related to the preparation of an EIR for the proposed Project by Renasci Development, LLC (Applicant). This is a discretionary development Project consisting of a 316 unit infill residential development located on an approximate 121 acre site, APN 120-070-02, in the El Dorado Hills community area. The Project also includes approximately 41 acres of open space areas, which would include public parks, a trail system along corresponding wetland areas, landscaping, and existing open space areas to be retained. The Project requires the completion of an EIR as well as mitigation and public meetings.

The site contains varying topography ranging from an elevation of 645 feet to 755 feet with ridges along the eastern and western boundaries, and is characterized by annual grassland and over three (3) acres of riparian habitat with perennial surface waters. The proposed Project would preserve wetland features on the site. The northwestern portion of the Project site contains two (2) small areas of blue oak woodland containing mature blue oaks. Surface water runoff on the Project site contributes to two (2) watershed areas: the western portion of the Project site drains west to the City of Folsom and the Humbug-Willow Creek basin while the eastern portion drains into an unnamed drainage near the center of the site that is tributary to Carson Creek.

The El Dorado County General Plan land use designation for the Project site is High Density Residential (HDR). The parcel containing the Project site is currently zoned R1 (one-family residential district). The Project is proposing to change the zoning on the Project site to R1-PD (one-family residential, planned development). Planned residential developments allow for innovative planning and development to fulfill the development strategies of the El Dorado County General Plan by encouraging balanced growth that reflects the character and scale of the community. Under the PD zoning district, the General Plan encourages uses that provide a public benefit through clustering intensive land uses to minimize impacts to natural resources, cultural resources, and visual resources while also promoting public health, safety, and welfare in the community.

SCOPE OF WORK

El Dorado County has indicated that the appropriate level of environmental review for the Project is an environmental impact report (EIR). The following scope of work describes the tasks necessary to prepare an EIR for the proposed Saratoga Estates Project. The EIR shall be prepared in accordance with the California Environmental Quality Act (CEQA) and State CEQA Guidelines. No project-specific permitting from federal, state, or local agencies is included as part of this scope of work.

Since the Project is consistent with the land use designation and development densities of the General Plan, the scope of work assumes substantial reliance on the General Plan EIR through incorporation by reference and tiering. Although the General Plan EIR was certified in July 2004, economic conditions since that time have been such that the pace of development and new growth has been very slow. It is expected that the level of development in the region remains mostly in line with the assumptions in the General Plan EIR and that the General Plan EIR analysis remains valid for tiering in most instances.

The scope of work is divided into two (2) phases: Project initiation/management, including scoping and preparing a complete Project description and ongoing Project management activities and meetings; and EIR preparation, including all required substantive and procedural elements. In order to avoid delay of Project initiation, Consultant completed many of the tasks under a separate agreement with the Applicant. The scope of work tasks for this Agreement include Project management and attendance at meetings and hearings, preparation of a screencheck and public draft EIR, preparation of an administrative final and final EIR, and mitigation monitoring and reporting program development.

PHASE 1 – PROJECT INITIATION

Task 1.4 – Project Management/Meetings

Consultant shall monitor the Project's progress and report to County on a monthly basis until completion of the Project. Consultant shall prepare written monthly progress reports detailing the Project schedule, status of technical studies, information needs, and the status of the EIR. Consultant shall coordinate Project issues as they arise with County and shall ensure objectives are met, schedule is maintained, and that the Project is implemented within the established budget parameters. Consultant's Project Director and Project Manager shall attend up to three (3) in-person meetings with County if deemed necessary by County.

Deliverables: Consultant shall submit to County monthly invoices as well as progress reports electronically in PDF format.

Schedule: Consultant shall submit invoices and progress reports to County monthly, within 30 days of close of billing period.

PHASE 2 – PREPARATION OF ENVIRONMENTAL IMPACT REPORT

Task 2.2 – Prepare Screencheck Draft EIR and Public Draft EIR

If deemed necessary by County's CA, Consultant shall prepare Findings and Statement of Overriding Considerations (Task 2.5). The Findings shall specify which mitigation measures have been incorporated into Project and which have not, as well as specify why certain mitigation measures are infeasible. If applicable, the Findings shall also identify feasible Project alternatives that could reduce adverse environmental effects but are not being implemented, along with an explanation as to why they are considered to be infeasible. At County's direction, Consultant shall prepare an administrative draft of the Findings and shall submit to County for review and comment.
