Subject Tahoe Refuse Public Hearing

Hi Norma,
I don't think it's proper to have public hearings for
SLT busines proposed rate increases in placerville.
These public hearings should always be held here
locally for us to attend .
Thank you , John Adamski

Subject South Tahoe Refuse Rate Increase

Ms. Santiago,

I understand that a hearing will be held in Placerville to discuss the proposed rate increase for South Tahoe Refuse. Since these increases affect residents in SLT, I have to question why the hearing will be held some 54 miles away in Placerville. Considering the cost of fuel, the meeting time, and the time to travel, this places an inordinate burden on those of us that would like to attend from this area. I can only assume a hearing was not scheduled for this area in a calculated effort to exclude views opposing the increase.
