My name is Ronald J Buchanan owner of parcel 095-130-052-000 that is adjacent to this purpose site. The site does not have the 800 feet setbacks from my property line. When we vote on the conditions to have these grow fields why are they trying to wave the setbacks. Also how can they have under age children living on this purpose site . I hope you take this under consideration before allowing to change the meaning of a few words a such as may and shall.

Thanks
