85 2nd St., First Floor  
San Francisco, CA, 94105-3400

ATTN: Jessie Lucci, Regional General Manager, West

SUBJECT: License Agreement with Neutron Holdings, Inc. DBA Lime

Dear Jessie Lucci,

The City of South Lake Tahoe, an incorporated City within El Dorado County, has allowed operation of motorized scooters within City limits and has entered into a license agreement with Neutron Holding, Inc. DBA Lime, (Lime) for electric scooters within the City of South Lake Tahoe. The El Dorado County Board of Supervisors has determined that within the unincorporated area of the County, the County Ordinances shall not be modified at this time to allow electric scooters on County trails.

It is the County's understanding that Lime possesses GPS, 3G, and self-locking technology in its electric scooter fleet such that electric scooters may be locked and tracked to assist operations and maintenance. Currently, the City of South Lake Tahoe's agreement has established areas for geo-fencing to establish zones where electric scooters are not allowed, including Heavenly Village and Lakeview Commons. With this letter, we are requesting that geo-fencing be utilized to restrict operation of motorized scooters at the City / unincorporated County boundary.

Thank you for your attention to this matter. If you have any questions please contact Vickie Sanders, Parks Manager at 530-621-7538 or [Vickie.sanders@edcgov.us](mailto:Vickie.sanders@edcgov.us).

Sincerely,

John Hidahl, First Vice Chair  
El Dorado County Board of Supervisors
