Supervisor, District 1
El Dorado County

Placerville, CA 95667

Dear Supervisor Knight,

The Cameron Park Community Services District is requesting permission to conduct a public fireworks display on Saturday, June 27, 2009 at Cameron Park Lake. The fireworks display will be part of the tenth annual Summer Spectacular event. The fireworks display will be put on again this year by Pyro Spectaculars, a local (Shingle Springs) company which has conducted the fireworks display for Cameron Park annually, the 2004 Olympic Games, as well as other major events around the world. The display will be essentially the same in scope as those of the previous nine years.

CAL FIRE and the Cameron Park Fire Department Fire Marshal have reviewed and approved the permit application to ensure that this public fireworks display conforms to the current State Fire Marshall regulations. Issues related to public safety, traffic, parking, security, and radio communications have been addressed.

We have received permission from the Cameron Park Airport District to use the roadways and taxiways inside the airpark for vehicle parking. In fact, with our assistance, they are taking the lead role for parking vehicles. We will be in contact with the El Dorado County Sheriff's Office and will hire deputies for patrol during the event. We have been in contact with County DOT regarding the establishment of a no parking fire lane along a half mile section of Cambridge Road and three side streets to ensure emergency vehicle access around the Cameron Park Lake area. We are in contact with the California Highway Patrol to coordinate efforts to manage traffic congestion in the general viewing area around Cameron Park Lake. We are working with adjoining fire districts to ensure that fire department emergency response personnel are staged at strategic locations both inside and outside of the fireworks venue.
