Dear Supervisor Dupray,

I am writing to request your support for implementation of the California Medical Marijuana I.D. Card Program as mandated by state law.

The I.D. Card offers protection from arrest for legitimate patients and while privacy issues remain, the program has worked reasonable well in the 26 California counties who have adopted it.

In addition, I believe public officials have a duty to implement all the laws, even the controversial ones. Our democratic process demands it!

Sincerely,  
Philip A. Denney, M.D.
