Vacant Position or Title Behavioral Health Commissioner

First Name Avanti

Last Name Ramamoorthy

Email Address

Primary Residential Address

Residential City El Dorado Hills

Residential ZIP Code 95762

Daytime Telephone

Mobile Telephone

Occupation/Title High School Student

Employer N/A

List all County boards, commissions or committees to which you are/were appointed. Please include dates of service. I am a member of my county's Youth Commission, which I joined in August 2025, and I plan to continue serving through graduation.

Summary of qualifications I am a high school student with a strong interest in behavioral health, psychology, and community service. Through leadership roles at school and in community organizations, I have developed strong communication and collaboration skills. I have a particular interest in mental and behavioral health, and I believe being a part of the Behavioral Health Commission will give me the opportunity to explore more while learning from professionals.

Affiliations with professional and/or community groups

- County Youth Commission (member since August 2025)
- County Lead, Her STEM Space; an organization empowering girls in STEM
- Active Volunteer with Hands4Hope-Youth Making A Difference since 2020; I've been appointed multiple leadership roles and currently I am the Treasurer of my school's club
- Youth Action Council Member; helped plan/run an event educating families about Fentanyl and spreading awareness about substance abuse

Why do you seek appointment?[]

I am seeking appointment to the Behavioral Commission because I want to[] make sure that youth voices are represented in conversations about[] behavioral health. Many decisions in this space can directly affect students,[] but youth perspectives are often unheard. My involvement in the Youth[] Commission has shown me that it is so powerful when young people are[] included in decision-making, and I want to bring that same perspective to[] behavioral health discussions. I am interested in how support, accessibility,[] and education can improve long-term mental and behavioral health[] outcomes.[]

Additional Information[]

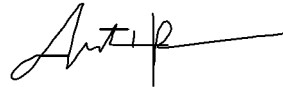

In addition to my commission and leadership experience, I am really[] interested in psychology and behavioral research related to children and[] underserved populations. I am committed, reliable, and willing to learn, and I[] take my responsibilities seriously. Serving on this commission would allow[] me to develop my understanding of behavioral health systems while[] contributing to the county.[]

If known, indicate the member of the Board of Supervisors who will[] receive a copy of this application[]
