How very sad that Dollar General is on the table for our small town. Our roads are already very dangerous, and yet you want to have a turn off near the intersection on 49? We love to support local business, not a huge corporate chain. Please reconsider the location of Dollar General. Cool is not the place!

Thanks,
DHansen

Once again, no on Dollar General. Focus on locally sourced products from local small businesses.

Board of Supervisors,

As a resident/frequent visitor of the Divide area, I oppose the construction of a Dollar General store at the intersection of Highways 49 and 193.

I object to this project on the grounds that the increased traffic will create unsafe driving conditions at the 49 and 193 intersection. Vehicles attempting to cross traffic to turn into and out of the proposed store parking lot will create even more severe traffic backups. Our intersections are already failing. I also believe there will be a significant economic damage to our existing local stores that will result in retail vacancies and blight in our small community.

Dollar General is incompatible with our small community. I join with many of the neighbors and local business owners in the Cool-Pilot Hill area in opposing this project. I urge the Board of Supervisors to reject this project.

Board of Supervisors,

EDC BDS RCVD
JUL 16 2020 AM 10:25

As a resident/frequent visitor of the Divide area, I oppose the construction of a Dollar General store at the intersection of Highways 49 and 193.

I object to this project on the grounds that the increased traffic will create unsafe driving conditions at the 49 and 193 intersection. Vehicles attempting to cross traffic to turn into and out of the proposed store parking lot will create even more severe traffic backups. Our intersections are already failing. I also believe there will be a significant economic damage to our existing local stores that will result in retail vacancies and blight in our small community.

Dollar General is incompatible with our small community. I join with many of the neighbors and local business owners in the Cool-Pilot Hill area in opposing this project. I urge the Board of Supervisors to reject this project.
