ORDINANCE NO. 5197

AN URGENCY ORDINANCE EXTENDING AN INTERIM MORATORIUM
ON NEW TOBACCO RETAILER APPLICATIONS FOR ALL PURPOSES WITHIN THE
UNINCORPORATED AREAS OF THE COUNTY OF EL DORADO PENDING THE STUDY AND
DEVELOPMENT OF REASONABLE REGULATIONS FOR TEN MONTHS (10) AND
FIFTEEN (15) DAYS

WHEREAS, the County of El Dorado (County) has seen a proliferation of tobacco retailer businesses within the unincorporated areas, with 52 new licenses issued since 2020 for a total of 143 tobacco retailers established in El Dorado County as of December 11, 2023; and

WHEREAS, the County is concerned about this recent proliferation (a 36% increase) of tobacco retailer businesses and the harmful effects of tobacco on County residents and especially youth; and

WHEREAS, the Board of Supervisors has a substantial interest in protecting County residents, particularly youth and underserved populations from the harms of tobacco use; and

WHEREAS, tobacco use is the number one cause of preventable death in California and continues to be an urgent public health issue, as evidenced by the following: 40,000 California adults die from their own smoking annually¹; more than 25% of all adult cancer deaths in California are attributable to smoking²; smoking costs California \$15.44 billion in annual health care expenses, \$3.85 billion in Medicaid costs caused

by smoking, and \$28.1 billion in smoking-caused productivity losses³; tobacco use can cause disease in nearly all of the organs of the body and is responsible for 87% of lung cancer deaths, 32% of coronary heart disease deaths, and 79% of all cases of chronic obstructive pulmonary disease in the United States⁴; and

WHEREAS, 5.6 million of today's Americans who are younger than 18 years of age are projected to die prematurely from a smoking-related illness⁵; and

WHEREAS, research indicates that the density and proximity of tobacco retailers increase smoking behaviors, including number of cigarettes smoked per day, particularly in neighborhoods experiencing poverty⁶; and

WHEREAS, the density of tobacco retailers near adolescents' homes has been associated with increased youth smoking rates⁷ and initiation of noncigarette tobacco product use⁸; and

WHEREAS, adults who smoke are likely to have a harder time quitting when residential proximity to tobacco retailers is closer⁹ and density is higher¹⁰; and

WHEREAS, the 2023 National Youth Tobacco Survey (NYTS) was recently released and identified a concerning trend that has emerged among middle school students with a significant rise in the use of any tobacco product reaching 6.6% in 2023, up from 4.5% in 2022. That is an increase of over 46%¹¹; and

¹¹ [Tobacco Product Use Among U.S. Middle and High School Students — National Youth Tobacco Survey, 2023 \(cdc.gov\)](https://www.cdc.gov/nctobacco)

WHEREAS, in 2023, 10% of middle and high school students (2.80 million) reported current (i.e., past 30-day) use of any tobacco product¹²; and

WHEREAS, given the number of middle and high school students that use tobacco products, sustained efforts to prevent initiation of tobacco product use among young persons and strategies to help young tobacco users quit are critical to reducing youth tobacco product use; and

WHEREAS, policies to reduce tobacco retailer density have been shown to be effective and can reduce or eliminate inequities in the location and distribution of tobacco retailers¹³; and

WHEREAS, the County has no specific regulations for tobacco retailers that would protect minors, such as distance requirements from schools and/or youth-oriented areas; and

WHEREAS, on December 5, 2023, the Board of Supervisors provided staff direction to draft an urgency ordinance to allow staff the opportunity to study various options to regulate tobacco retail businesses; and

WHEREAS, on January 30, 2024, the Board of Supervisors adopted Urgency Ordinance 5192, establishing a temporary moratorium on tobacco retailer applications for all purposes within the unincorporated areas of the County of El Dorado pending the study and development of reasonable regulations, with the Urgency Ordinance being in effect for forty-five (45) days from the date of adoption, unless extended by the County Board of Supervisors; and

WHEREAS, the purpose of this Urgency Ordinance is to extend the temporary moratorium for an additional ten (10) months and fifteen (15) days pending the study and development of reasonable regulations of tobacco retailers; and

WHEREAS, Government Code Section 25131 expressly authorizes the Board of Supervisors to adopt an urgency ordinance immediately upon the introduction and Government Code Section 25123 makes such an urgency ordinance effective immediately.

NOW, THEREFORE, THE BOARD OF SUPERVISORS OF THE COUNTY OF EL DORADO DOES ORDAIN AS FOLLOWS:

Section 1. Purpose and Authority.

The purpose of this Urgency Ordinance ("Ordinance") is to extend a temporary moratorium in the unincorporated areas of the County on the approval of any new Tobacco Retailer applications for all purposes, while County staff determines the impact of unregulated local Tobacco Retailer licensing, zoning, and density; and develops reasonable regulations to mitigate those impacts. This Ordinance is adopted pursuant to California Constitution Article XI, Section 7, and Government Code Section 65800 et seq., particularly Section 65858 and other applicable law.

Section 2. Findings and Declarations.

The Board of Supervisors of the County of El Dorado makes the following findings in support of the immediate adoption and application of this Interim Urgency Moratorium:

- A. Under Article XI, Section 7 of the California Constitution, the County may adopt and enforce ordinances and regulations not in conflict with general laws to protect and promote the public health, safety, and welfare of its citizens.
- B. Under Government Code Section 25123, the County may enact an ordinance for the immediate preservation of the public peace, health, or safety, which contains a declaration of facts constituting the urgency, and that ordinance will be effective immediately.
- C. Under Government Code Section 65858, the County may as an urgency measure adopt an interim ordinance prohibiting land uses that may be in conflict with contemplated land use regulations that the County is studying or considering or intends to study within a reasonable time. An urgency ordinance adopted under Government Code Section 65858 is initially effective for forty-five (45) days from the date of adoption. The County may extend that ordinance for ten months (10) and fifteen (15) days after notice and public hearing and may extend it one last time after that for a full year.
- D. The Smoking Prevention and Tobacco Control Act of 2009 (21 USC §387p) does not preempt state or local law to regulate the "sale, distribution, possession, exposure to, [or] access to" tobacco products.
- E. The County has seen a proliferation of new tobacco retailers and is concerned for the health and safety of residents and visitors to the County.
- F. The County has no specific regulations for tobacco retailers that would protect youth, such as distance requirements from schools, youth-oriented areas, or other tobacco retailers.

- G. The County has a compelling interest in protecting the public health, safety, and welfare of its residents and businesses, and to improve health outcomes, and encourage patterns of development that promote a healthy community by creating regulations to reduce the availability of tobacco products and tobacco advertising near youth-orientated areas and other tobacco retailers, in order to ensure the effective implementation of the County's land use objectives and policies, a temporary prohibition (moratorium) on the establishment or approval of new Tobacco Retailers is necessary.
- H. There is no feasible alternative to enactment of this Ordinance that will satisfactorily mitigate or avoid the previously identified impacts to the public health, safety, and welfare with a less burdensome or restrictive effect.
- I. This Ordinance complies with State law and imposes reasonable regulations that the Board of Supervisors concludes are necessary to protect the public safety, health and welfare of residents and business within the County.

Section 3. Declaration of Urgency.

Based on the recitals and findings set forth in Section 2, the Board of Supervisors finds and declares that there is a current and immediate threat to the public health, safety, and welfare arising from the absence of reasonable regulations in the County Code governing the zoning and density of Tobacco Retailers in the unincorporated areas of the County. The Board of Supervisors determines that this urgency ordinance is needed to preserve the public health, safety, and welfare by providing the County with additional time to prepare the studies and reports required to consider the comprehensive regulation of Tobacco Retailer licensing, zoning and density, for all purposes in the unincorporated areas of the County.

Section 4. Moratorium Extension.

Urgency Ordinance 5192, which established a temporary moratorium in the unincorporated area of the County on the approval of any new Tobacco Retailer applications, is hereby extended in full force and effect for a period of ten (10) months and fifteen (15) days from the original forty-five (45) day expiration date of Urgency Ordinance 5192. The same terms of the moratorium as set forth in Urgency Ordinance 5192 shall continue to apply.

Section 5. Adoption of this Ordinance is Not a Project under the California Environmental Quality Act (CEQA).

This Ordinance is not a "project" within the meaning of Public Resources Code Section 21065 and CEQA Guidelines Section 15378 because the temporary moratorium on

approval of new Tobacco Retailer applications does not have the potential of resulting in a direct physical change to the environment or reasonably foreseeable indirect physical change in the environment. Even if the adoption of the moratorium were a project, it would be categorically exempt from CEQA under CEQA Guidelines Section 15308 because the moratorium is adopted in order for the County to adopt a regulatory process for the protection of the environment and there are no unusual circumstances under CEQA Guidelines Section 15300.2, and under the “common sense” exemption in CEQA Guidelines Section 15061(b)(3) because there is no possibility that adoption of this temporary moratorium would have a significant effect on the environment.

Section 6: Severability.

If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Ordinance. The Board of Supervisors hereby declares that it would have passed this Ordinance and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared invalid or unconstitutional.

Section 7. Conflicting Laws.

For the term of this Ordinance, as set forth in Section 8 below, the provisions of this Ordinance shall govern. The provisions of this Ordinance shall prevail in the event that they are in conflict between the provisions of this Ordinance and the provisions of any provision of the County Code of Ordinances or any other County ordinance, resolution, or policy.

Section 8. Effective Date and Term.

This urgency Ordinance shall take full force and effect immediately upon adoption by a vote of at least four-fifths of the Board of Supervisors. In accordance with Government Code Section 65858, this Ordinance shall extend the effective date of Urgency Ordinance 5192 for a period of ten (10) months and fifteen (15) days from the original forty-five (45) day expiration date (the effective period from January 30, 2024 – January 30, 2025), and shall expire as of that date, unless extended by the Board of Supervisors as provided in Government Code Section 65858.

PASSED AND ADOPTED by the Board of Supervisors of the County of El Dorado at a regular meeting of said Board, held on the 12th day of March 2024, by the following vote of said Board:
