Friends and Supporters,

Enclosed you will find your Fund Activity Statement for the period ending June 30, 2024.

Since our previous letter in the spring, the Foundation has continued our momentum in advancing our mission to strengthen our community both now and for future generations. Thanks to your generosity and dedication to the community, we are poised to grant over \$2.5 million this year! We are delighted with the success of our inaugural donor advised fundholder driven grant cycle, Endow El Dorado Sapling Grants. Because of you, we fulfilled all funding requests totaling over \$55,000, spanning projects from theater support to water bottle refill stations.

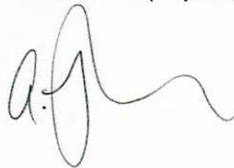

In addition to donor-driven grant funding, we also implemented an opportunity to directly support the Foundation's ongoing mission through Friends of the Foundation. This fund has welcomed thirty founding members! We encourage you to join as a founding member by December 31 for continual recognition. Friends of the Foundation launch events, Philanthropy on Tap, were intentionally structured to directly support our nonprofit partners. These events emphasized the importance of fostering community engagement during times of societal division, highlighting the impactful role of local actions. By promoting collaboration and unity within the community, focusing on the amazing work of our nonprofits, we set a foundation for a more cohesive society.

In recent weeks, our focus shifted towards aiding Crozier Fire evacuees, providing relief funds in support of over 1,200 individuals. We were moved to tears by the sincere graciousness and gratitude of individuals picking up their gift cards.

As we transition into fall and the evenings cool, our team remains dedicated to enhancing our community through philanthropy. Together, we continue to have a profound impact on causes that are significant to you. Our team stands ready to offer the support and tools you require to realize your philanthropic aspirations, whether through strategic philanthropic planning or grant and scholarship management.

If you have any questions about your fund statement, or would just like to connect, please reach out to us anytime.

In Community Spirit,

Amy Pooley
Executive Director

El Dorado Community Foundation is essential to strengthening our community both now and for future generations, and we do not take that role lightly. We are dedicated to elevating El Dorado County through philanthropic efforts, uniting multiple community sectors and partners for the greater good, actively supporting the development of our local nonprofit organizations, and coordinating emergency response funding efforts.

Friends of the Foundation is a group of individuals and businesses who support the ongoing delivery of our mission with an annual membership gift. By joining this emerging and dynamic initiative of El Dorado Community Foundation, you will have the opportunity to participate in local philanthropy and community through quarterly activities, networking, and special reports.

Join us as a dedicated community supporter, a change-maker, and advocate and let's move forward together to elevate El Dorado County for a better future for all!
