I am writing to voice my concerns that I do not want to move forward with this proposed waste facility in El Dorado Hills CUP18-0006. I am also concerned about the pollen and dust added each day to our air.

Regards,
Krishelle Haavik

Hello,

The El Dorado Hills Area Planning Advisory Committee [EDHAPAC] reviewed the project files for CUP18-0006 El Dorado Disposal Recycling Facility at our September 2018 and October 2018 EDHAPAC meetings.

As with our previous email earlier this week - Beginning on November 3, 2018, EDHAPAC started receiving dozens of public comments on CUP18-0006 from El Dorado Hills residents through the contact form on our website [https://edhapac.org] - We're reaching out to these residents to advise them that public comments in regards to CUP18-0006 should be submitted to the Planning Commission for review prior to the November 8, 2018 hearing at the Planning Commission.

We have received an additional three public comments from El Dorado Hills residents the evening of November 6, 2018-

Since the public hearing regarding CUP18-0006 is scheduled to occur in a few days, in an effort to make sure that these public comments are included for the Planning Commissioners' review, we've attached three copies of these comments via PDF file, including the senders' email addresses, time stamps, and comments.

Warm regards,

John Davey
2018 El Dorado Hills Area Planning Advisory Committee Vice Chair

Subject: Waste facility proposed to go in El Dorado Hills

Message Body:
• not move forward with the proposed waste facility to in El Dorado Hills.

This e-mail was sent from the contact form on El Dorado Hills Area Planning Advisory Committee (<https://adhapac.org>)

From: James Monroe <jrm1257@aol.com>
Subject: Waste Site

Message Body:

Did not spend 1mm dollars on a home overlooking that area to small waste as the winds blow it up hill and see the traffic ruin our roads. We pay high property taxes to avoid this. Step up and vote against this.

This e-mail was sent from the contact form on El Dorado Hills Area Planning Advisory Committee (<https://edhapac.org>)

To whom it may concern,

We moved to Blackstone in July and was not made aware that El Dorado County was moving a Waste Processing Plant near our home. My son has allergies (severe) and this will greatly impact my child. I beg you to think about if you were in my shoes and had a child with severe allergies. We also have a school and several parks in the area. Please think of the residents you serve and do not move forward with this plan. We can find a better location. Thank You

Stephanie Barreto
