

EL DORADO COUNTY AIR QUALITY MANAGEMENT DISTRICT

(Revised: 8/25/20)

RULE 1000.1 - EMISSION STATEMENT WAIVER

The APCO may waive Rule 1000 requirements to any class or category of stationary sources which emit less than 25 tons per year of oxides of nitrogen or reactive organic gas if the district provides the Air Resources Board with an emission inventory of sources emitting nitrogen oxides or reactive organic gas based on the use of emission factors acceptable to the APCO, the ARB, and the U.S. EPA.
