The County may elect to perform initial assessments itself, or may refer clients to the Contractor for assessment.

Contractor completed assessments shall be forwarded to the County Referral Team within seven (7) days of the date on the assessment referral form, which is the date the client was referred to the provider for assessment. The County Referral Team shall determine the appropriate level and type of placement for each client, and refer clients to an appropriate provider for treatment.

Ancillary services consist of literacy training, vocational training, family counseling, perinatal services, transitional housing, detoxification and other miscellaneous items that support participants' successful completion of treatment. Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the

County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

In the event the State or federal government reduces, delays, or eliminates funding needed to carry out activities under this Agreement, in the sole discretion of the County this Agreement may be modified or cancelled in its entirety. Notice of intent to modify or cancel the Agreement pursuant to this paragraph shall be in writing and shall be delivered to Contractor as stated in Article XIII. Such notice shall be sent to Contractor not later than three work days from the County's receipt of notification of the funding reduction, delay, or termination. Contractor shall submit a Cost Report to County on or before September 15th in the year in which this Agreement is terminated. Contractor shall prepare the Cost Report in accordance with all federal, State, and County requirements and generally accepted accounting principles. Contractor shall allocate direct and indirect costs to and between programs, cost centers, services, and funding sources in accordance with such requirements and consistent with prudent business practice. Such costs and allocations shall be supported by source documentation maintained by Contractor, and available at any time to County upon reasonable notice.

Contractor shall document that costs are reasonable and allowable and directly or indirectly related to the services provided hereunder. The Cost Report shall be the final financial record of services rendered under this Agreement for subsequent audits, if any.

Final Settlement shall be based upon the actual and reimbursable costs for services hereunder, less applicable revenues, not to exceed County's Total Maximum Obligations as set forth in Article III of this Agreement. Contractor shall not claim expenditures to County which are not reimbursable pursuant to applicable federal, State and County laws, regulations and requirements. If the Cost Report indicates the actual and reimbursable costs of services provided pursuant to this Agreement, less applicable revenues, are lower than the aggregate of monthly provisional payments to Contractor, Contractor shall remit the difference to County. Such reimbursement shall be made, in cash, with the submission of the Cost Report. If such reimbursement is not made by Contractor within forty-five (45) days after submission of the Cost Report, County may, in addition to any other remedies, reduce any amount owed Contractor by an amount not to exceed the reimbursement due County.

The following attestation shall be attached to the Cost Report:

" I, _____ (Agency Director or Board of Director Chairman) _____, hereby declare under penalty of perjury under the laws of the State of California that I have executed the accompanying Cost Report and supporting documentation prepared by _____ for the cost report period beginning _____ and ending _____ and that, to the best of my knowledge, cost reimbursed through this Agreement are reasonable and allowable and directly or indirectly related to the services provided and that this Cost Report is a true, correct, and complete statement from the books and records of _____ in accordance with applicable instructions, except as noted. EXHIBIT B DEFINITION OF SERVICES

A. Core Services

The following core services shall be available to SACPA Program participants.

1. Assessment and reassessment to appropriate service levels using the Addiction Severity Index (ASI) assessment tool, the American Society of Addiction Medicine Patient Placement Criteria tool (ASAM), or a related county approved assessment tool.
2. Recovery and treatment planning
3. Individual outpatient sessions
4. Group outpatient sessions
5. Case management
6. Crisis intervention
7. Addiction education

B. Service Levels

Core services, as defined above, shall be delivered through a treatment program that offers differing service levels appropriate to individual client needs. Following is a description of the required service levels.

1. Level I: *Low intensity outpatient education and treatment services* are those services or activities provided to adults who are willing to cooperate in their own treatment but need motivating and monitoring to sustain the recovery process. Level I services are appropriate for participants who are able to maintain abstinence or control their substance use and to pursue recovery goals with minimal support. Participants placed in this service level are in a supportive recovery environment or have the necessary coping skills to deal with a non-supportive recovery environment. Services at this level shall exist for a minimum of 3 months with, 1-3 months of additional services available upon request from the treatment provider and subsequent approval by the County Referral Team.

Level I services shall include: one intake appointment, once weekly attendance at an outpatient group session and referral to ancillary services as needed. All ancillary services must be prior authorized by the County Referral Team to be eligible for payment.

- 1.1 Level I: *Dual diagnosis services* means outpatient group sessions for participants with co-occurring substance abuse and mental health diagnoses. For participants who can benefit

from this specialized service, and with approval from the County Referral Team, dual diagnosis group sessions may be substituted for Level I core outpatient group sessions, but may not be offered in addition to core outpatient group sessions.

2. Level II: *High intensity outpatient education and treatment services* are those services provided to adults whose resistance to treatment is high enough to require a structured program, but not so high as to render outpatient treatment ineffective. This level of service may also be indicated for individuals whose addiction symptoms intensify while participating in low intensity outpatient services. Services at this level shall exist for a minimum of 6 months, with 1-3 months of additional services available upon request from the treatment provider and subsequent approval by the County Referral Team

Level II services shall include: one intake appointment; once weekly attendance at group education for the first 6 weeks, for a maximum of 6 classes; once weekly attendance at an outpatient counseling group for the first 6 weeks, then twice weekly attendance at outpatient group counseling and referral to ancillary services as needed. All ancillary services must be prior authorized by the County Referral Team to be eligible for payment.

- 2.1 Level II: *Dual diagnosis services* means outpatient group sessions for participants with co-occurring substance abuse and mental health diagnoses. For participants who can benefit from this specialized service, and with approval from the County Referral Team, dual diagnosis group sessions may be substituted for Level II core outpatient group sessions, but may not be offered in addition to core outpatient group sessions.

***Clients receiving Level 1 or Level 2 services shall be held to the following participation protocol:**

- a. Client is permitted three absences throughout the course of Level 1 treatment services. If client exceeds three absences, treatment provider must send a drop form to Probation and the Project Coordinator.
 - b. Client is permitted eight absences throughout the course of Level 2 treatment services. If client exceeds eight absences, treatment provider must send a drop form to Probation and the Project Coordinator.
 - c. Clients receiving Level 1 or Level 2 treatment services who fail to show for three consecutive classes are to be dropped from the current program. Treatment provider must send a drop form to Probation and the Project Coordinator
3. Level III: *residential treatment* means delivery of services to adult males, females, and/or women with children in an inpatient setting for a maximum of 30 days. Participants placed at this level must have a demonstrated need for a highly structured living environment to achieve and maintain control of addiction symptoms. Residential treatment extending beyond 30 days may only be provided with prior approval from the County Referral Team. Such approval will only be granted if clear justification exists, has been documented in writing, and submitted to the County Referral Team for consideration. Perinatal residential services are limited to clients who meet the Drug Medi-Cal perinatal definition, or who have children age 12 or under with them at the residential facility.

Residential treatment shall include a minimum of 20 hours per week of group education on health and/or addiction topics; 5 hours per week of process group; 1 one-hour individual session at least once every other week, 5 hours per week of recreational activities, and 1 hour per week of family therapy for those clients with intact family systems. Residents shall be included in day-to-day housekeeping activities of the facility and privileges shall be earned for successful completion of program goals. Women's group and individual therapy programs shall be focused upon the unique needs of women in recovery.

4. Individual treatment sessions must be used for "crisis" services only with services focusing on alleviating crisis problems. When possible, such services must be preauthorized by the County Referral Team.
5. Aftercare consists of 12 step meetings as recommended by the treatment provider for a maximum of 6 months. Aftercare services must receive prior approval from the County Referral Team and shall not exceed 6 months in duration.
6. Participants are eligible for 12 months of treatment funding under Proposition 36 and as a result, can be re-referred based on treatment funding eligibility for modified periods of treatment services upon the request of any of the participating agencies of the El Dorado County Proposition 36 program, with subsequent approval from the County Referral Team.

C. Ancillary Services

Ancillary services supplement core treatment services, and must receive prior authorization from the County Referral Team to be eligible for payment. Allowable ancillary services are described below.

1. *Family counseling* means counseling with individual couples or groups which examines interpersonal and family relationships. Such counseling shall be provided by an existing community resource staffed with therapists licensed in accordance with sections 4980 through 4981 of the Business and Professions Code. Upon authorization for services, the identified participant and/or family member(s) are eligible for 3 counseling sessions. The County Referral Team may authorize extensions up to a 15-session limit.
2. *Vocational training* means instruction and information presented in a group setting to increase opportunities for gainful employment. Such instruction shall be provided by an existing, already funded community resource such as the Job One program.

4. *Perinatal Services (other than residential)* means supportive services in an agency setting or home visitation for pregnant or parenting women to support their recovery with

specific interventions designed for the needs of women developing new life skills while in recovery. Interventions shall be provided by an existing community resource. Upon authorization for services, the identified participant is eligible for 3 service sessions with extensions possible up to a 15-session limit.

5. *Transitional Housing* means a supervised clean and sober living environment that provides no treatment program component. A clean and sober living environment shall meet the requirements of the California Association of Recovery Homes voluntary certification process. Transitional housing is only available to clients who are actively participating in Level II or Aftercare services, and must be pre-authorized by the County Referral Team. If approved, transitional housing may be provided for thirty days with extensions in 30 day increments available at the discretion of the County Referral Team. Clients residing in transitional housing must:

- 5.1 Be actively seeking permanent housing.
- 5.2 If not a high school graduate or in possession of a GED, be working toward a high school diploma or GED.
- 5.3 If unemployed, begin an intensive job search within 72 hours of entering transitional housing.
- 5.4 Furnish proof of the above three activities to Probation upon request.

The transitional housing supervisor is responsible for informing clients of their obligation to participate in these activities, and the importance of providing Probation with acceptable verification substantiating compliance.

6. *Detoxification* may be offered as an ancillary service through a local treatment center.

D. Drug Testing

Drug tests shall be conducted randomly throughout the term of treatment by permanent or part-time salaried staff members only. A random call-in protocol for testing schedules shall be in place and offered to clients. Drug testing plans must be documented in clients' individual treatment plans. Drug testing results must also be documented in the client's individual treatment plan, and reported on progress reports and quarterly reports. Positive drug tests shall be reported to Probation and the Project Coordinator within 24 hours after receiving confirmation of a positive test result. Additionally, the failure of a participant to call-in according to testing schedules shall be reported to Probation and the Project Coordinator within 72 hours of the failed call-in date. Drug testing shall be used as a treatment tool in the following ways:

- Drug testing results measure the client's success in remaining drug-free,
- Drug testing results help to determine the appropriateness of the recommended treatment plan,
- Drug testing results are not to be used as a treatment penalty,
- Drug testing results are used to identify modifications that could make treatment plans more effective, and
- Drug testing results are used as a clinical tool to assess clients' relapse potential.

At service levels I, II, III, and in the aftercare phase, clients are subject to drug testing as follows:

- Level I – Low intensity outpatient education and treatment services:
 - Minimum of once per month, up to 8 times during course of treatment, unless otherwise directed by the County Referral Team.

In the event there is conflict between this clause and California Civil Code Section 2782, this clause shall be interpreted to comply with Civil Code 2782. Such interpretation shall not relieve the Contractor from indemnifying the County to the fullest extent allowed by law.

In the event there is a conflict between this indemnification clause and an indemnification clause contained in the Underlying Agreement of this Business Associate Agreement, this indemnification shall only apply to the subject issues included within this Business Associate Agreement.
