Placerville, CA 95667

COPY SENT TO BOARD MEMBERS
FOR THEIR INFORMATION

DATE 10-27-11

file

Dear Supervisor Nutting:

I am writing to you seeking an explanation for the action the Board of Supervisors took last week at the October 18, 2011 meeting. The project's agenda title was DS 10-18-11 P07-0025-R/Hagstrom and the file number is 11-1125. As a fire safe planner I'm concerned how the conclusion on this project was reached. How can the Board of Supervisors ignore County adopted regulations and State law with regards to Fire Safe?

Doesn't this action open up the County to future liability and requests to ignore County regulations when it is difficult for a project proponent to comply with existing regulations and previously approved Finds/Conditions of Approval adopted by the Board of Supervisors?

I understand that you did not participate in this final action last week. I must inform you that this action forced me to remove myself from being a part of this project. I informed Mr. Hagstrom through his attorney of my severing my relationship with this project. I would request that any documents that I may have drafted for discussion only be excluded from being used for this parcel split and final map.

I look forward to your response. Thank you for your attention.
