

AGREEMENT FOR SERVICES #518-S1211

THIS AGREEMENT made and entered by and between the County of El Dorado, a political subdivision of the State of California (hereinafter referred to as "County") and Signal Service, Inc. A California Corporation, duly qualified to conduct business in the State of California, whose principal place of business is 3554 Main Street Vallecito, California 95251 (Mailing: post Office Box 597 Angels Camp, California 95222) (hereinafter referred to as "Contractor");

RECITALS

WHEREAS, County has determined that it is necessary to obtain a Contractor to provide alarm monitoring, annual inspections, and an extended warranty for the maintenance and repair of existing security and alarm systems County-wide; and

WHEREAS, Contractor has represented to County that it is specially trained, experienced, expert and competent to perform the special services required hereunder and County has determined to rely upon such representations; and

WHEREAS, it is the intent of the parties hereto that such services be in conformity with all applicable federal, state and local laws; and

WHEREAS, County has determined that the provision of these services provided by Contractor is in the public's best interest, and that these services are more economically and feasibly performed by outside independent Contractors as well as authorized by El Dorado County Charter, Section 210 (b) (6) and/or Government Code 31000;

NOW, THEREFORE, County and Contractor mutually agree as follows:

ARTICLE I

Scope of Services: Contractor agrees to furnish the personnel and equipment necessary to provide alarm monitoring, annual inspections, and an extended warranty for the maintenance and repair of existing security and alarm systems County-wide. Contractor will arrive on-site for emergency service within four hours of request. Other service will be scheduled for a time agreed upon by both parties. Contractor's regular business hours are 8:00 a.m. to 5:00 p.m., Monday through Friday. Installation and modifications are not included in the scope of this Agreement, and shall be contracted separately.

Contractor shall connect the System to its monitoring facility (Central Station), or to another monitoring facility chosen by Contractor. Central Station shall have no obligation in connection with the installation, condition, operation (including any equipment failure which prevents signals from reaching Central Station), maintenance or repair of the System. Upon receipt of a signal, indicating that an alarm condition or "medical alert" exists, Contractor and Central Station shall make reasonable efforts to notify the police, fire or other appropriate personnel in their respective absolute discretion, and such other persons the County has designated (in writing to the Contractor) to receive notification of such alarm condition. All notification by Central Station shall be limited exclusively to making telephone communications. Central Station may elect to verify the nature of the emergency by telephone prior to dispatching personnel, and may elect not to dispatch police, fire departments or emergency personnel if it believes the signal results from a false alarm. Central Station or Contractor shall have properly satisfied its monitoring obligations, and have no liability whatsoever, if it takes steps to verify the signal in accordance with all governmental requirements.

For the duration of the contract, Contractor will repair or replace (at its option) any defective part or material in the System without charge to County. Contractor may substitute parts or material of equivalent quality with those originally installed in the System. This warranty does not include any defect in, or failure of the System, of any part or material, if caused by misuse, accident, unauthorized service, act of god or failure to allow reasonable and necessary maintenance. Except for the foregoing obligation assumed by the Contractor, neither Contractor nor Central Station make any express warranties as to any matter including, without limitation, that the System or any part thereof is fit for a particular purpose, free from potential compromise or circumvention, or that it will prevent any loss by burglary, holdup, fire or otherwise, or provide in all cases the protection sought by the County. In no event shall Contractor or Central Station be liable for any lost profits, incidental damages or consequential damages. Neither Central Station nor Contractor shall be responsible for any equipment failure which prevents signals from reaching Central Station, or damages arising therefrom. Central Station or Contractor in their respective absolute discretion, shall be permitted to suspend monitoring services at any time without notice to the County. Installation and modifications are not included in the Agreement, and shall be contracted separately.

Contractor agrees to furnish personnel and equipment necessary to provide review, repair, and maintenance of System on a scheduled annual basis. Should repair and maintenance arise, County will notify Contractor, in which Contractor will schedule a Service Appointment with designated contact and perform work as specified in Extended Warranty.

Default by County: The County agrees that the System will be fully and properly maintained, tested at least once every thirty (30) days to ensure that it is properly communicating to the Central Station, and notify Contractor whenever the System is not operating properly. The County warrants to Contractor that all information provided by County will at all times be current, complete and accurate. If at any time County refuses to allow the System to operate properly, withhold information from Contractor or removes part or all of the System, the Contractor will discontinue monitoring service, recover all amounts due and receive from the County.

Damage by outside agents or modifications to the system, including re-programming the control, will be billed separately, and are not covered under this Agreement. Systems covered under this Agreement shall be those listed in Exhibit "A" and Exhibit "B", incorporated herein and made by reference a part hereof. The parties agree that County may amend Exhibits "A" and "B" to add or remove facilities as necessary, by giving notice in accordance with **Article XI – Notice to Parties**, at a rate to be determined by County and Contractor prior to the notice. Said amendments to Exhibit "A" shall not alter or amend the not to exceed amount of the Agreement provided in **ARTICLE III – Compensation for Services** hereinbelow.

ARTICLE II

Term: This Agreement shall become effective upon final execution by both parties hereto and shall cover the period of March 1, 2012 through February 28, 2015.

ARTICLE III

Compensation for Services: For services provided herein, County agrees to pay Contractor monthly in arrears and within thirty (30) days following the County's receipt and approval of itemized invoice(s) identifying services rendered. For the purposes of this Agreement, the billing rates shall be in accordance with Exhibit "A" and Exhibit "B". Total amount of this Agreement shall not exceed \$120,000.00, inclusive of any replacement parts necessary under the extended warranty.

If applicable, County requires Contractor's services on public works project(s) involving local, State and/or Federal funds to which prevailing wage requirements may apply to pay and require payment of wages according to a scale of prevailing wage rates determined by California law. As a consequence, Contractor shall comply with all applicable State and Federal prevailing wage rates, statutes, rules and regulations then in effect. In the event of conflict between applicable Federal and State provisions, the higher prevailing wage rate shall apply. Contractor shall use the general prevailing wage rates determined by the Director of Industrial Relations for the County in which the work is to be done. Contractor shall comply with all wage requirements, as set forth in Labor Code Sections 1770 et seq., 1773.2, 1775, 1776, 1810, & 1813. Changes, if any, to the general prevailing wage rates will be available at the same location. Federal minimum wage rates are determined by the United States Secretary of Labor.

As required under the provisions of Labor Code Section 1776, Contractor and subcontractors shall keep accurate payroll records. A certified copy of all payroll records shall be available for inspection at all reasonable hours at the local branch office of the Contractor.

ARTICLE IV

Not an Insurer: County agrees that Contractor and Central Station are not insurers, that the payments provided for herein are based solely on the value of the systems and services to be provided and are unrelated to the value of the property located on County's premises. Insurance covering injury to persons or property must be separately obtained by County. County acknowledges that it is impractical and extremely difficult to fix the actual damages, if any, which may result from Contractor's or Central Station's negligence or failure to perform any of the obligations created herein or the failure of the system to properly operate or the failure to properly monitor or respond to the system, with resulting loss or injury to County because of: (a) the uncertain amount or value of County's property or the property of others kept on the premises which may be lost, stolen, destroyed, damaged or otherwise affected by occurrences which the system or service was intended to avert; (b) the uncertain nature of the personal injuries which might be suffered as a result of occurrences which the system of services was intended to avert; (c) the uncertainty of response time of police, fire department or emergency agency, should they be dispatched as a result of a signal being received from County's premises; (d) the inability to ascertain what portion, if any, of any loss would be legally caused by Contractor's or Central Station's failure to perform or by the failure of any part of the system to operate; (e) the limited nature of services provided by Contractor and Central Station. County understands and agrees that if Contractor or Central Station should be found liable to County for loss or damage due to failure of Contractor or Central Station to perform any obligations, including but not limited to the inspection of system components, or the failure of the system in any respect whatsoever, or the failure to properly monitor or respond to the system, or Contractor's or Central Station's negligence, Contractor's and Central Station's liability to County shall be limited to a sum equal to the total amount of six (6) monthly monitoring payments by County to Contractor or two hundred and fifty dollars (\$250.00), whichever is lesser, as liquidated damages and not as a penalty and this liability shall be exclusive. This section shall apply if loss or damages, irrespective of cause or origin, result directly or indirectly to persons or property from performance or nonperformance, or from the negligence of Contractor or Central Station.

ARTICLE V

Changes to Agreement: This Agreement may be amended by mutual consent of the parties hereto. Said amendments shall become effective only when in writing and fully executed by duly authorized officers of the parties hereto.

ARTICLE VI

Contractor to County: It is understood that the services provided under this Agreement shall be prepared in and with cooperation from County and its staff. It is further agreed that in all matters pertaining to this Agreement, Contractor shall act as Contractor only to County and shall not act as Contractor to any other individual or entity affected by this Agreement nor provide information in any manner to any party outside of this Agreement that would conflict with Contractor's responsibilities to County during term hereof.

ARTICLE VII

Assignment and Delegation: Contractor is engaged by County for its unique qualifications and skills as well as those of its personnel. Contractor shall not subcontract, delegate or assign services to be provided, in whole or in part, to any other person or entity without prior written consent of County.

ARTICLE VIII

Independent Contractor/Liability: Contractor is, and shall be at all times, deemed independent and shall be wholly responsible for the manner in which it performs services required by terms of this Agreement. Contractor exclusively assumes responsibility for acts of its employees, associates, and subContractors, if any are authorized herein, as they relate to services to be provided under this Agreement during the course and scope of their employment.

Contractor shall be responsible for performing the work under this Agreement in a safe, professional, skillful and workmanlike manner and shall be liable for its own negligence and negligent acts of its employees. County shall have no right of control over the manner in which work is to be done and shall, therefore, not be charged with responsibility of preventing risk to Contractor or its employees.

ARTICLE IX

Fiscal Considerations: The parties to this Agreement recognize and acknowledge that County is a political subdivision of the State of California. As such, El Dorado County is subject to the provisions of Article XVI, Section 18 of the California Constitution and other similar fiscal and procurement laws and regulations and may not expend funds for products, equipment or services not budgeted in a given fiscal year. It is further understood that in the normal course of County business, County will adopt a proposed budget prior to a given fiscal year, but that the final adoption of a budget does not occur until after the beginning of the fiscal year.

Notwithstanding any other provision of this Agreement to the contrary, County shall give notice of cancellation of this Agreement in the event of adoption of a proposed budget that does not provide for funds for the services, products or equipment subject herein. Such notice shall become effective upon the adoption of a final budget which does not provide funding for this Agreement. Upon the effective date of such notice, this Agreement shall be automatically terminated and County released from any further liability hereunder.

In addition to the above, should the Board of Supervisors during the course of a given year for financial reasons reduce, or order a reduction, in the budget for any County department for which services were contracted to be performed, pursuant to this paragraph in the sole discretion of the County, this Agreement may be deemed to be canceled in its entirety subject to payment for services performed prior to cancellation.

ARTICLE X

Default, Termination, and Cancellation:

- A. Default: Upon the occurrence of any default of the provisions of this Agreement, a party shall give written notice of said default to the party in default (notice). If the party in default does not cure the default within ten (10) days of the date of notice (time to cure), then such party shall be in default. The time to cure may be extended at the discretion of the party giving notice. Any extension of time to cure must be in writing, prepared by the party in default for signature by the party giving notice and must specify the reason(s) for the extension and the date on which the extension of time to cure expires.

Notice given under this section shall specify the alleged default and the applicable Agreement provision and shall demand that the party in default perform the provisions of this Agreement within the applicable period of time. No such notice shall be deemed a termination of this Agreement unless the party giving notice so elects in this notice, or the party giving notice so elects in a subsequent written notice after the time to cure has expired. In the event of termination for default, County reserves the right to take over and complete the work by contract or by any other means.

- B. Bankruptcy: This Agreement, at the option of the County, shall be terminable in the case of bankruptcy, voluntary or involuntary, or insolvency of Contractor.
- C. Ceasing Performance: County may terminate this Agreement in the event Contractor ceases to operate as a business, or otherwise becomes unable to substantially perform any term or condition of this Agreement.
- D. Termination or Cancellation without Cause: County may terminate this Agreement in whole or in part upon seven (7) calendar days written notice by County without cause. If such prior termination is effected, County will pay for satisfactory services rendered prior to the effective dates as set forth in the Notice of Termination provided to Contractor, and for such other services, which County may agree to in writing as necessary for contract resolution. In no event, however, shall County be obligated to pay more than the total amount of the contract. Upon receipt of a Notice of Termination, Contractor shall promptly discontinue all services affected, as of the effective date of termination set forth in such Notice of Termination, unless the notice directs otherwise.

This duty of Contractor to indemnify and save County harmless includes the duties to defend set forth in California Civil Code Section 2778.

ARTICLE XIII

Insurance: Contractor shall provide proof of a policy of insurance satisfactory to the El Dorado County Risk Manager and documentation evidencing that Contractor maintains insurance that meets the following requirements:

- A. Full Workers' Compensation and Employers' Liability Insurance covering all employees of Contractor as required by law in the State of California.

- B. Commercial General Liability Insurance of not less than \$1,000,000.00 combined single limit per occurrence for bodily injury and property damage.

- D. In the event Contractor is a licensed professional, and is performing professional services under this Agreement, professional liability (for example, malpractice insurance) is required with a limit of liability of not less than \$1,000,000.00 per occurrence.
- E. Contractor shall furnish a certificate of insurance satisfactory to the El Dorado County Risk Manager as evidence that the insurance required above is being maintained.
- F. The insurance will be issued by an insurance company acceptable to Risk Management, or be provided through partial or total self-insurance likewise acceptable to Risk Management.
- G. Contractor agrees that the insurance required above shall be in effect at all times during the term of this Agreement. In the event said insurance coverage expires at any time or times during the term of this Agreement, Contractor agrees to provide at least thirty (30) days prior to said expiration date, a new certificate of insurance evidencing insurance coverage as provided for herein for not less than the remainder of the term of the Agreement, or for a period of not less than one (1) year. New certificates of insurance are subject to the approval of Risk Management and Contractor agrees that no work or services shall be performed prior to the giving of such approval. In the event the Contractor fails to keep in effect at all times insurance coverage as herein provided, County may, in addition to any other remedies it may have, terminate this Agreement upon the occurrence of such event.
- H. The certificate of insurance must include the following provisions stating that:
 - 1. The insurer will not cancel the insured's coverage without thirty (30) days prior written notice to County, and;
 - 2. The County of El Dorado, its officers, officials, employees, and volunteers are included as additional insured, but only insofar as the operations under this Agreement are concerned. This provision shall apply to the general liability policy.
- I. The Contractor's insurance coverage shall be primary insurance as respects the County, its officers, officials, employees and volunteers. Any insurance or self-insurance maintained by the County, its officers, officials, employees or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.
- J. Any deductibles or self-insured retentions must be declared to and approved by the County, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects the County, its officers, officials, employees, and volunteers; or the Contractor shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

- K. Any failure to comply with the reporting provisions of the policies shall not affect coverage provided to the County, its officers, officials, employees or volunteers.
- L. The insurance companies shall have no recourse against the County of El Dorado, its officers and employees or any of them for payment of any premiums or assessments under any policy issued by any insurance company.
- M. Contractor's obligations shall not be limited by the foregoing insurance requirements and shall survive expiration of this Agreement.
- N. In the event Contractor cannot provide an occurrence policy, Contractor shall provide insurance covering claims made as a result of performance of this Agreement for not less than three (3) years following completion of performance of this Agreement.
- O. Certificate of insurance shall meet such additional standards as may be determined by the contracting County Department either independently or in consultation with Risk Management, as essential for the protection of the County.

ARTICLE XIV

Interest of Public Official: No official or employee of County who exercises any functions or responsibilities in review or approval of services to be provided by Contractor under this Agreement shall participate in or attempt to influence any decision relating to this Agreement which affects personal interest or interest of any corporation, partnership, or association in which he/she is directly or indirectly interested; nor shall any such official or employee of County have any interest, direct or indirect, in this Agreement or the proceeds thereof.

ARTICLE XVI

County represents that it is unaware of any financial or economic interest of any public officer or employee of Contractor relating to this Agreement. It is further understood and agreed that if such a financial interest does exist at the inception of this Agreement either party may immediately terminate this Agreement by giving written notice as detailed in the Article in the Agreement titled, "Default, Termination and Cancellation".

ARTICLE XVIII

The Contractor will be required to submit a Form 590 prior to execution of an Agreement or County shall withhold seven (7) percent of each payment made to the Contractor during term of the Agreement. This requirement applies to any agreement/contract exceeding \$1,500.00.
