To: BOS-Clerk of the Board <edc.cob@edcgov.us>

Regarding: 9. [I - Planning and Building BOS Presentation](#). Change 1 on page 16: New State legislation focused primarily on housing. Have the laws passed since January 1, 2020 been incorporated into planning and building codes or regulations?

Regarding: 10. [J - Transportation Annual Board Presentation](#) Page 9 list - Pleasant Valley Road (Diamond Springs to Bucks Bar Road). Please provide planned details. Are considerations being incorporated to reflect the tremendous increase of traffic since the Caldor Fire? Large trucks, contractor trucks and other necessary vehicles have increased safety issues. This additional traffic has greatly impacted the Diamond Springs and Missouri Flat Rd. corridor. This has been a serious problem long overdue for county actions. An urgent high priority should be implemented for these issues!

Thanks for your consideration, Bud Zeller. Diamond Springs resident since 1964.
