Response to Questions:

**1) Why are you interested in being on the IHSS Advisory Committee?**

First of all, I am thankful that In-Home Supportive Services (IHSS) has provided a means for my mom suffering from Alzheimer to live with me rather than a nursing home.

This is my first time as a provider and it was quite a learning experience in time and patience working with all the different government and county entities in transferring my mom from the Bay Area to El Dorado County.

I want to serve on the IHSS Advisory Committee because I want to be part of a group that can help effect changes and improve services in our community for the IHSS recipients and providers.

**2) What other kinds of community groups do you belong to now or in the past?**

I am a member of the Ladies Auxiliary VFW since 1999.

I currently volunteer with the Animal Outreach of the Mother Lode.

I was a volunteer with the French Gulch County Fire Department (Station 59) when I was a resident in French Gulch.

I served as Treasurer for two years with the Automotive Service Council (ASC).

**3) What life or work experiences will help you in serving on this committee?**

I have over 20 years of business experience. My husband and I had owned an Electronic Business in the Bay Area and an Automotive Repair Shop in the Redding area.

I am currently working for the California Department of Corrections and Rehabilitations (CDCR) as an Associate Governmental Program Analyst (AGPA).

As an AGPA, I independently research, analyze and identify the needs for, recommends the development of, and drafts office policy and procedures for my unit.

**4) List any additional skills or qualifications that would be valuable to this committee:**

I have knowledge of principles, practices and trends of public and business administration and management. I have a Bachelor of Arts (BA) in Business and Human Resources Management, Associate in Science (AS) in Administration of Justice-Law Enforcement and AS in Computer Electronics Technology. I am also knowledgeable in Microsoft Office Suite and other databases.

I am a team player and get along with everyone. I have a very positive attitude and a great sense of humor.
