PLANNING AND BUILDING DEPARTMENT POLICIES & PROCEDURES

The following fee policies are applicable to fees collected or charged by the Planning and Building Department.

A. APPLICABILITY

All fees are due at time of filing the application or requesting the service. Fees are charged as either: fixed rates, fees, or charges or "Time and Materials." The fixed rates, fees, or charges are intended to cover the ordinary costs of Planning and Building Department for providing that service. The "Time and Materials" fees listed are an initial deposit and are described in more detail in the "Time and Materials" section.

B. TIME AND MATERIALS

In all of those instances in Exhibit A – Planning and Building Fee Schedule where a dollar amount is provided followed by a reference to "T&M," the dollar amount is the initial minimum deposit, and the T&M means the actual cost to the applicant to process the application or permit is based on a Time and Materials method of billing. For services subject to T&M charges, the applicant will receive a billing statement identifying the remaining deposit balance on account or the amount due if deposited funds have been exhausted. If monies are owed, they shall be paid within thirty (30) days as specified in Board of Supervisors Policy B-4. Any outstanding balances must be paid before action by the approving authority. To make certain there is no misunderstanding regarding the application deposit and billing process, the applicant will be required to sign an "Agreement to Pay" statement with application submittal acknowledging agreement to pay the processing costs regardless of whether the application is approved or denied.

C. CONVERSION TO TIME AND MATERIALS

When, in the opinion of the Chief Administrative Officer (CAO) or Planning and Building Department Director, or their designees, the costs of processing an application will significantly exceed the required fixed fee due to the unusual complexity of the project, either the CAO or Planning and Building Department Director may convert the application to a Time and Materials billing process. When this conversion is proposed, the applicant will be notified in writing and will be requested to submit a deposit in an amount estimated to be sufficient to cover the remaining staff work to bring the application to a final decision. Staff work on the application will stop until the required deposit is provided. This conversion would occur when it is obvious the required fee is going to be insufficient, which would typically occur during or soon after the Technical Advisory Committee meeting. However, it could occur later in the process if controversy becomes more evident and/or revisions are proposed to the project to mitigate project impacts or public concerns. After the conversion, the applicant will receive a monthly billing statement identifying the remaining processing fee and/or deposit, or the amount due if deposited funds have been exhausted. If monies are owed, they should be paid before action by the approving authority.

D. COUNTY AND NON-COUNTY AGENCIES ARE SUBJECT TO STANDARD FEES

All County and non-County agencies (special districts, non-profit, etc.) shall be required to pay full application costs to offset the affected departments' processing costs. No charges shall be levied for documents/plans (one copy each) provided to public agencies.

E. OTHER FEES

Where no fee exists to cover an application process or service not normally provided by Planning and Building, or when the circumstances of the application process are unique, and when it will take more than one hour to process the application or provide the service, a fee shall be paid or deposit collected, based on an estimate of processing costs by the CAO or Planning and Building Department Director, or their designees, using the approved hourly billing rate. If a deposit is collected, the applicant will be billed based on the Time and Materials basis described above. Or as an option, the CAO or Planning and Building Department Director, or their designees, may apply a fee in another category, if such fee would adequately cover the anticipated level of effort required to process the application.

F. FEE WAIVERS

Fee waivers cannot be approved by Planning and Building Department. Pursuant to Board of Supervisors Policy B-2, or its equivalent, the CAO has limited authority to waive certain fees.

G. COLLECTIONS

Unpaid balances are subject to Board of Supervisors Policy B-4, Collections – Recovery of Public Funds. Balances referred to County Revenue Recovery will be assessed an amount equal to the costs incurred by the County for administering revenue recovery services.

H. REFUNDS

- 1) Fixed application fees are not refundable except as designated in 2.b. and 2.f, below.
- 2) The CAO or Planning and Building Department Director, or their designees, may authorize a refund of any unexpended Time and Materials or fixed fees upon any of the following circumstances:
 - a) The project/application is approved or denied and no further work will be required and the Time and Materials account is closed.
 - b) The applicant withdraws the application and requests a refund in writing.
 - i) The County shall discontinue work on the application within one working day from the receipt of said request, except that the County may continue to process an application involving the violation of a County ordinance.
 - ii) Where a refund is requested of a fixed fee, the refund amount shall be based upon the percentage of work completed as estimated by the CAO or Planning and Building Department Director, or their designees.

- c) The application has been deemed incomplete, information has been requested in writing by Planning and Building, and the applicant has not provided the information within a one year period.
 - d) The project/application has been placed on-hold or moved off-calendar of a Planning Commission or Board of Supervisors hearing at the request of the applicant and the applicant has not responded or requested the matter to be rescheduled for hearing within a one-year period.
 - e) The project/application was moved off-calendar of a Planning Commission or Board of Supervisors hearing by the decision maker and the applicant has been requested to perform additional tasks such as: provide more information, consult with other agencies, or make revisions, but the necessary information has not been provided within a one-year period.
 - f) The deposit or fee was erroneously collected by the County.
- 3) Additional conditions applicable to refunds related to building permits are described in Section J.
 - 4) Any refund of \$25.00 or less will not be issued; therefore any deposit balance of \$25.00 or less will not be eligible for refund and will be retained by the County.
 - 5) It is the applicant's responsibility to keep track of the amounts submitted and to inform Planning and Building of all changes in address or ownership, including submission of a successor Agreement to Pay in the event of a change in ownership.
 - 6) After all notices have been given and four (4) years have passed the County can follow the County's escheatment process per Government Code Section 50050 – 50057 for disposing of unexpended fees.

I. VIOLATIONS

- 1) Whenever any work or activities for which a permit is required has been commenced, without first obtaining said permit, an investigation may be required before a permit is issued for such work.
- 2) An investigation fee, in addition to the permit fee, may be collected by the CAO or Planning and Building Department Director, or their designees, whether or not a permit is then or subsequently issued. The investigation fee shall be equal to the amount of the permit fee. The payment of such investigation fee shall not exempt any person from penalty prescribed by ordinance or law. The CAO or Planning and Building Department Director, or their designees may, at his or her discretion, collect this investigation fee at the time of the application or permit issuance. The CAO or Planning and Building Department Director, or their designees, at his or her discretion, may not require investigation fees in cases where the owner of property is voluntarily revealing work done without a permit and securing a permit for the work.
- 3) When a violation of any County Ordinance includes or results from the failure to attain a required permit, the fee or deposit for obtaining the permit required to correct the violation

shall be double the fee or deposit amount shown, unless another ordinance or law provides for a greater amount, in which case the greater amount shall apply. The additional fee or deposit shall be treated as a non-refundable fixed fee, even if the initial amount is a deposit.

J. DEPARTMENT SPECIFIC FEES

1) Building Services

a) Application and Plan Review - Required Plans

When plans are required to be submitted, an application/plan review fee shall be paid at the time of the building application, in the amount equal to one-half (1/2) of the fee. Upon issuance of the permit these fees shall be applied to the total fee collected.

b) Application and Plan Review – 50% Reduction

When plans referenced in (J.1.a) above are from a master plan previously approved by the County with no modifications, are for a permanent manufactured dwelling on a permanent foundation, or have been reviewed and approved by a third-party professional previously approved by the County, the application/plan review fee as described in (J.1.a) above shall be reduced by fifty percent (50%).

c) Credit toward Replacement Application

An application submitted to replace one that has expired may be eligible for a credit toward the new application/plan review fee if it is re-submitted within 6 months of the time of the original application expiration. Based on a schedule established by the CAO or Planning and Building Department Director, or their designees, credit may be given for administration/plan review work already performed, which is still applicable under codes and regulations in force at the time of the new application. It is the responsibility of the applicant to provide documentation substantiating work eligible for credit as part of the original application.

d) Refund on Withdrawal

The CAO or Planning and Building Department Director, or their designees, may authorize the refund of not more than 80% of the building permit fee paid, less the application fee if any plan review activity has occurred. The minimum fee retained by the County shall be equal to the hourly rate applicable to the permit activity.

The CAO or Planning and Building Department Director, or their designees, shall not authorize the refunding of Building Services fees paid unless:

- i) Written request to withdraw an application or permit is provided by the current owner or original applicant or an authorized agent of either;
- ii) Said request is made within one year of the application or within two years of the original date of issuance to the Planning and Building Department; and
- iii) No work of any sort has been done under the permit in question.

e) Special Inspection

On those occasions where an inspection is authorized by the CAO or Planning and Building Department Director, or their designees, and to otherwise required by a valid

construction permit, a fee shall be charged for the special inspection and collected at the time if the application or request.

Special inspection applications must be one of the following:

- i) The record of owner of the property or his/her authorized agent. Proof of authorization is required.
- ii) A legal renter or leaseholder of the property. Proof of such lease or rent must be provided.

Any special inspection applications issued in error because of false or incorrect information on such application will be null and void and all fees collected for such application will be non-refundable.

- f) **Work Performed Outside of Normal Business Hours**
Any work, such as plan review or inspection services, performed outside of normal business hours shall be charged to cover increased employee cost. The minimum charge shall be two hours minimum, at 1.5 times the hourly rate.

2) Planning Services

Multiple Application Fees

In those instances where two or more applications are filed with Planning Services at the same time for the same project, all fees collected for that submittal shall be adjusted as follows:

First Application	=	Full fees
Second Application	=	20% reduction, requiring payment of 80% of the fees for the second application
Any Additional Applications	=	40% reduction, requiring payment of 60% of the third or additional application fees

The determination of which application pays the full amount, which has a 20 percent reduction, etc., is based on the amount of the application fee. The type of application which has the highest Planning Services fee is considered the first application; the application with the second highest Planning Services fee is the second application, etc. For multiple applications that are reviewed on a Time and Materials basis, only the deposit for the application with the highest listed deposit amount on the fee schedule shall be collected at the time of application submittal.

K. SEVERABILITY

If any title, article, section, subsection, sentence, clause, or phrase of these Policies and Procedures or any amendment thereto is for any reason held by a court of competent jurisdiction to be invalid or unconstitutional, such decision shall not affect the validity of the remaining portions of these Policies and Procedures or amendments thereto. The Board of Supervisors declares that it would have approved these Policies and Procedures and each title, article, section, subsection, sentence, clause, and phrase of these Policies and Procedures irrespective of the fact that any one or more titles, sections, subsections, sentences, clauses, or phrases are declared invalid or unconstitutional.

L. NON EXCLUSIVITY

Nothing in these Policies and Procedures or any amendment thereto shall limit or preclude the enforcement of other county ordinances, including penalties therein or any other federal, state, or local laws or regulations. The remedies provided herein are cumulative to all other remedies now or hereafter available to abate or otherwise enforce a fee or permit requirement for conduct described herein. The collection or acceptance of any fee does not constitute and shall not be construed as approval or authorization of any conduct, activity, or condition that violates any federal, state, or local laws or regulations.
