[Approved by Governor July 16, 2021. Filed with Secretary of  
State July 16, 2021.]

#### LEGISLATIVE COUNSEL'S DIGEST

AB 143, Committee on Budget. Courts.

(1) The California Constitution vests the judicial power of the state in the Supreme Court, courts of appeal, and superior courts, and establishes the Judicial Council to, among other things, adopt rules of court and perform functions prescribed by statute. Existing law establishes the State Court Facilities Construction Fund and the Immediate and Critical Needs Account within that fund.

This bill would abolish the Immediate and Critical Needs Account and make the State Court Facilities Construction Fund its successor fund, by, among other things, transferring all assets, revenues, and obligations of the Immediate and Critical Needs Account to the State Court Facilities Construction Fund. The bill would make conforming changes to the State Court Facilities Construction Fund, including reallocating and modifying fees that are deposited into the Immediate and Critical Needs Account to instead be deposited into the State Court Facilities Construction Fund.

(2) Existing law requires the Judicial Council to annually recommend to the Governor and the Legislature the amount proposed to be spent for projects that are paid with moneys in the State Court Facilities Construction Fund. Existing law requires 25 percent of all moneys collected for the State Court Facilities Construction Fund from any county to be designated for implementation of trial court projects in that county, except as otherwise provided.

This bill would repeal the requirement that 25 percent of all moneys collected for the State Court Facilities Construction Fund from any county be designated for implementation of trial court projects in that county.

(3) Existing law repealed the authority to collect various fees contingent upon criminal arrest, prosecution, or conviction for the cost of administering the criminal justice system, including administering probation and mandatory supervision, processing arrests and citations, and administering home detention programs, continuous electronic monitoring programs, work furlough programs, and work release programs. Existing law annually appropriates \$65,000,000 from the General Fund to the Controller for allocation to counties to backfill revenues lost from the repeal of fees, as specified. Existing law states the intent of the Legislature to finalize the funding allocation methodology for distribution to counties, as specified.

This bill would, until July 1, 2026, require the Director of Finance to finalize a methodology to determine per-county allocations based on a county's adult population, felony and misdemeanor arrests, and felony and misdemeanor filings, as specified. The bill would authorize each county's board of supervisors to determine how the money will be spent. The bill would, no later than October 1, 2021, require the Director of Finance to provide the Assembly and Senate budget subcommittees on public safety, the Legislative Analyst's Office, and the Joint Legislative Budget Committee with the county allocation schedule. The bill would require, no later than May 1, 2022, each county's board of supervisors receiving relief to submit a report to the Director of Finance, the Legislative Analyst's Office, and the Joint Legislative Budget Committee, as specified. The bill would require, for the years in which funding is allocated pursuant to this bill's methodology, a county to submit a report documenting how the allocation was spent, as specified. By imposing new duties on counties, the bill would impose a state-mandated local program.

(4) The California Constitution establishes the Commission on Judicial Performance and authorizes the commission to disqualify, suspend, retire, or censure a judge for specified acts of misconduct or for disability that seriously interferes with the performance of the judge's duties or that is, or is likely to become, permanent. The California Constitution requires the commission to make rules for the investigation of judges and authorizes the commission to provide for the confidentiality of complaints to, and investigations by, the commission. Existing statutory law also governs procedures for the conduct of these investigations.

This bill would specifically require the commission to take all reasonable steps to determine the existence or extent of alleged judicial misconduct in order to protect the public, enforce rigorous standards of judicial conduct, and maintain public confidence in the integrity and independence of the judicial system. The bill would also make technical, nonsubstantive changes to use gender-neutral language.

The bill would also create in state government the Committee to Review the Operations and Structure of the Commission on Judicial Performance to study and make recommendations for changes in the operations and

structure of the commission, as specified. The bill would set forth the membership of the committee and require the committee to hold at least 2 hearings to accept comments from the public about possible changes in the operations and structure of the commission. The bill would require the committee to complete its study and provide a written report about its findings and recommendations no later than March 30, 2023, to the Governor, the commission, and the California Supreme Court, among other entities, and to make the report public.

(5) Existing law establishes procedures for adjudicating traffic violations. Under existing law, the court may provide for the trial of any alleged infraction involving a violation of the Vehicle Code, or any local ordinance adopted pursuant to that code, and the court is required to provide that the defendant may elect to have a trial by written declaration upon any of these alleged infractions.

Existing law, until June 30, 2022, requires the Judicial Council to sponsor a pilot program to facilitate online adjudication of infraction violations of the Vehicle Code for which a personal appearance is not required, as specified. Existing law requires the Judicial Council to submit a report on the implementation of the pilot program to the Legislature on January 1, 2020, and January 1, 2021, and to submit an evaluation of the program to the Legislature no later than June 30, 2022.

This bill would repeal the pilot program to facilitate online adjudication of infraction violations of the Vehicle Code and would enact a similar program that would apply statewide to all infraction violations. The bill would require the Judicial Council to develop an online tool for adjudicating infraction violations, including ability-to-pay determinations, to implement the tool on a phased schedule, and to make this tool available statewide on or before June 30, 2024. The bill would prohibit a defendant from being compelled to use this online tool. The bill would authorize courts to allow defendants to agree to forfeit bail, plead guilty or nolo contendere, request an ability-to-pay determination, or otherwise adjudicate matters electronically for all infraction violations for which a personal appearance is not required, or, with the defendant's consent, the court may adjudicate all proceedings for infractions remotely. The bill would establish procedures for determining a defendant's ability to pay. The bill would authorize a comprehensive collection program, as defined, to recover up to \$35 per nondelinquent installment payment plan ordered pursuant to this program. The bill would require every court to offer online ability-to-pay determinations using the online tool by June 30, 2024.

The bill would require, no later than February 1, 2022, and annually until February 1, 2025, the Judicial Council to provide to the Legislature a report including specified information from participating courts that have adopted online ability-to-pay determinations for infractions. The bill would also require, on or before January 10 of each year, the Department of Finance, in consultation with the Judicial Council, to estimate the level of funding needed for the judicial branch for purposes of these provisions, as specified. The bill would make only the trial courts that provide data in accordance

with the method required by the Judicial Council eligible for any funding appropriated.

(6) Existing law requires the Judicial Council to annually report to the Legislature on the status of specific projects established by the State Public Works Board. The report includes an accounting of the revenues generated and expenditures made in the Immediate and Critical Needs Account.

This bill would repeal this annual reporting requirement.

(7) Existing law authorizes the Judicial Council to sell specific courthouses, including the Chico courthouse, at fair market value and upon the terms and conditions the Judicial Council deems in the best interests of the state.

This bill would remove courthouses in the cities of Chico, Corning, Firebaugh, and Corcoran from this authorization.

(8) Existing law designates the Judicial Council as the entity having full responsibility, jurisdiction, control, and authority over trial court facilities for which title is held by the state, including the acquisition and development of facilities. Existing law authorizes the Judicial Council to use a design-build procurement process in contracting and procuring a limited number of projects, as approved by the Department of Finance. Existing law authorizes the Judicial Council to base the procurement award on best value or best value for the lowest price for projects with an approved budget of \$10,000,000 or more. Existing law requires the use of lowest responsible bid to award design-build contracts for projects with an approved budget of \$250,000 to \$10,000,000. Existing law requires a bidder participating in the process to provide written declarations, subject to misdemeanor penalties.

This bill would, instead, authorize the Judicial Council to use a design-build procurement process in contracting and procuring public works projects and would authorize the Judicial Council to award contracts using either the best value or low bid selection method for all projects. The bill would require a bidder participating in the modified process to provide specific written declarations. A person or entity who certifies in a declaration as true a material matter that the person or entity knows to be false would be guilty of a misdemeanor, and by creating a new crime, this bill would impose a state-mandated local program.

(9) This bill would appropriate \$100,000 from the General Fund to the Judicial Council to address deferred maintenance projects, as specified.

(10) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

(11) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that with regard to certain mandates no reimbursement is required by this act for a specified reason.

With regard to any other mandates, this bill would provide that, if the Commission on State Mandates determines that the bill contains costs so mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Appropriation: yes.

*The people of the State of California do enact as follows:*

SECTION 1. Section 6322.1 of the Business and Professions Code is amended to read:

6322.1. (a) (1) Until the end of the moratorium described in Section 70601 of the Government Code, the board of supervisors of any county may increase, as provided in this section, the amount distributed to its county law library fund from the uniform filing fees listed in Section 6321 whenever it determines that the increase is necessary to defray the expenses of the law library.

(2) Any increase in the amount distributed to the law library fund in any county under this subdivision shall not be effective until January 1 of the next year after the adoption by the board of supervisors of the increase. The amount of the increase in any calendar year shall be no greater than three dollars (\$3) over the previous calendar year. A copy of the action of the board of supervisors that establishes the increase shall be provided to the Administrative Office of the Courts as soon as it becomes available but no later than December 15 of the year before the increased distribution goes into effect.

(b) Distribution changes after January 1, 2008, shall be determined by the process described in Section 70601 of the Government Code.

(c) (1) In an action or proceeding in which a claim for money damages falls within the monetary jurisdiction of the small claims court and is filed by an assignee who is prohibited from filing or maintaining a claim pursuant to Section 116.420 of the Code of Civil Procedure, the uniform filing fee shall be reduced by twenty-four dollars (\$24) to one hundred eighty-one dollars (\$181) if the complaint contains a declaration under penalty of perjury, executed by the party requesting the reduction in fees, that the case qualifies for the lower fee because the claim for money damages will not exceed the monetary jurisdiction of small claims court and is filed by an assignee of the claim.

The increases described in subdivision (a) do not apply to the law library distributions in this subdivision.

(3) Notwithstanding subdivision (d) of Section 68085.4 of the Government Code, when the uniform filing fee is reduced as provided in this subdivision, the amounts distributed to dispute resolution programs, the State Court Facilities Construction Fund, the Judges’ Retirement Fund, children’s waiting rooms, and the Equal Access Fund shall remain as provided under subdivisions (b) and (c) of Section 68085.4 of the Government Code and shall not be changed. Only the amounts distributed to the Trial Court Trust Fund, the law libraries, and the State Court Facilities Construction Fund shall be adjusted. The amount distributed from each uniform filing fee under this section to the State Court Facilities Construction Fund, established in Section 70371 of the Government Code, shall be thirty-one dollars (\$31). If the fee is further reduced below one hundred eighty-one dollars (\$181), as with a partial waiver or partial payment, the proportional reductions described in subdivision (g) of Section 68085.1 of the Government Code shall apply.

(d) Distributions under this section to the law library fund in each county shall be used only for the purposes authorized by this chapter.

(e) As used in this section and Section 6321, “law library fund” includes a law library account described in the second paragraph of Section 6320.

SEC. 2. Section 29553 is added to the Government Code, to read:

29553. (a) The amount specified in Chapter 92 of the Statutes of 2020 shall be appropriated according to the methodology specified within this section to counties to provide fiscal relief due to the repeal of the fees specified in Chapter 92 of the Statutes of 2020.

(b) The Director of Finance shall finalize a methodology used to determine per-county allocations commencing in the 2021–22 fiscal year and maintained through the 2025–26 fiscal year. The methodology shall be based on all of the following:

(1) Fifty percent of the annual appropriation shall be based on the three-year average of each county’s adult population compared to that of the state from 2017 to 2019, inclusive. For the purposes of this paragraph, population refers to the adult population as documented by the most recent federal census.

(2) Twenty-five percent of the annual appropriation shall be based on the three-year average of each county’s total felony and misdemeanor arrests compared to that of the state from 2017 to 2019, inclusive. For the purposes of this paragraph, arrests refer to adult felony and misdemeanor arrests as documented by the Department of Justice.

(3) Twenty-five percent of the annual appropriation shall be based on the three-year average of each county’s total traffic and nontraffic felony and misdemeanor filings compared to that of the state from 2017 to 2019,

inclusive. For the purposes of this paragraph, filings refer to adult felony and misdemeanor filings as documented by the Judicial Council.

(c) For the allocations in accordance with subdivision (b), each county's board of supervisors shall have the authority to determine how such money will be spent.

(d) No later than October 1, 2021, the Director of Finance shall provide the Assembly and Senate budget subcommittees on public safety, the Legislative Analyst's Office, and the Joint Legislative Budget Committee with the county allocation schedule.

(e) No later than May 1, 2022, each county's board of supervisors receiving fiscal relief pursuant to this section shall submit a report to the Director of Finance, the Legislative Analyst's Office, and the Joint Legislative Budget Committee detailing the actual revenue lost from each individual fee repealed by Chapter 92 of the Statutes of 2020 for each of the three most recent years that a county collected this revenue prior to enactment of Chapter 92 of the Statutes of 2020.

(1) To the extent a county is unable to provide data on its actual revenue loss, the county shall provide a detailed description of how it calculated the revenue loss, report on actual amounts for the most recent year in which they collected with their estimate of the amount along with their methodology of calculation, and report this information by category instead of each of the individual 23 code sections repealed by Chapter 92 of the Statutes of 2020.

(2) To the extent that the local court collects any of the fees repealed by this act on behalf of the county, the court shall provide the three-year revenue collection data to the county upon request.

(f) For the years in which funding is allocated pursuant to the methodology within this section, a county shall submit a report to the Director of Finance, the Legislative Analyst's Office, and the Joint Legislative Budget Committee that documents how the backfill allocation was spent. This report shall be submitted no later than January 10 of every year beginning in 2023 for funding that was provided pursuant to this section in the prior year. At minimum, the report shall contain the following:

(1) The total annual budget of the county department or departments that receive the allocation, the share of this allocation received, and an accounting of the expenditures of the allocation by county department that receive a share of this allocation.

(2) A description of the programs, services, strategies, and enhancements supported by or made with the allocation by county department.

(g) This statute shall remain in effect only until July 1, 2026, and as of that date is repealed, unless a later enacted statute, that is enacted before July 1, 2026, deletes or extends that date.

SEC. 3. Section 68085.1 of the Government Code is amended to read:

68085.1. (a) This section applies to all fees and fines that are collected on or after January 1, 2006, under all of the following:

(b) On and after January 1, 2006, each superior court shall deposit all fees and fines listed in subdivision (a), as soon as practicable after collection and on a regular basis, into a bank account established for this purpose by the Administrative Office of the Courts. Upon direction of the Administrative Office of the Courts, the county shall deposit civil assessments under Section 1214.1 of the Penal Code and any other money it collects under the sections listed in subdivision (a) as soon as practicable after collection and on a regular basis into the bank account established for this purpose and specified by the Administrative Office of the Courts. The deposits shall be made as required by rules adopted by, and financial policies and procedures authorized by, the Judicial Council under subdivision (a) of Section 77206. Within 15 days after the end of the month in which the fees and fines are collected, each court, and each county that collects any fines or fees under subdivision (a), shall provide the Administrative Office of the Courts with a report of the fees by categories as specified by the Administrative Office of the Courts. The Administrative Office of the Courts and any court may agree upon a time period greater than 15 days, but in no case more than 30 days after the end of the month in which the fees and fines are collected. The fees and fines listed in subdivision (a) shall be distributed as provided in this section.

(c) (1) Within 45 calendar days after the end of the month in which the fees and fines listed in subdivision (a) are collected, the Administrative Office of the Courts shall make the following distributions:

(A) To the small claims advisory services, as described in subdivision (f) of Section 116.230 of the Code of Civil Procedure.

(B) To dispute resolution programs, as described in subdivision (b) of Section 68085.3 and subdivision (b) of Section 68085.4.

(C) To the county law library funds, as described in Sections 116.230 and 116.760 of the Code of Civil Procedure, subdivision (b) of Section

68085.3, subdivision (b) of Section 68085.4, and Section 70621 of this code, and Section 14607.6 of the Vehicle Code.

(2) If any distribution under this subdivision is delinquent, the Administrative Office of the Courts shall add a penalty to the distribution as specified in subdivision (i).

(d) Within 45 calendar days after the end of the month in which the fees and fines listed in subdivision (a) are collected, the amounts remaining after the distributions in subdivision (c) shall be transmitted to the State Treasury for deposit in the Trial Court Trust Fund and other funds as required by law. This remittance shall be accompanied by a remittance advice identifying the collection month and the appropriate account in the Trial Court Trust Fund or other fund to which it is to be deposited. Upon the receipt of any delinquent payment required under this subdivision, the Controller shall calculate a penalty as provided under subdivision (i).

(e) From the money transmitted to the State Treasury under subdivision (d), the Controller shall make deposits as follows:

(1) Into the Judges' Retirement Fund and the Equal Access Fund, as described in subdivision (c) of Section 68085.3 and subdivision (c) of Section 68085.4.

(2) Into the Health Statistics Special Fund, as described in subdivision (b) of Section 70670 of this code and Section 103730 of the Health and Safety Code.

(3) Into the Family Law Trust Fund, as described in Section 70674.

(4) Into the State Court Facilities Construction Fund, as described in subdivision (c) of Section 68085.3, subdivision (c) of Section 68085.4, subdivision (b) of Section 70657.5, and subdivision (e) of Section 70617.

(5) The remainder of the money shall be deposited into the Trial Court Trust Fund.

(f) The amounts collected by each superior court under Section 116.232, subdivision (g) of Section 411.20, and subdivision (g) of Section 411.21 of the Code of Civil Procedure, Sections 304, 3112, 3153, 7851.5, and 9002 of the Family Code, subdivision (d) of Section 6103.5, subdivision (d) of Section 68511.3 and Sections 68926.1, 69953.5, 70627, 70631, 70640, 70661, 70678, and 71386 of this code, and Sections 1513.1, 1835, 1851.5, and 2343 of the Probate Code shall be added to the monthly apportionment for that court under subdivision (a) of Section 68085.

(g) If any of the fees provided in subdivision (a) are partially waived by court order or otherwise reduced, and the fee is to be divided between the Trial Court Trust Fund and any other fund or account, the amount of the reduction shall be deducted from the amount to be distributed to each fund

in the same proportion as the amount of each distribution bears to the total amount of the fee. If the fee is paid by installment payments, the amount distributed to each fund or account from each installment shall bear the same proportion to the installment payment as the full distribution to that fund or account does to the full fee. If a court collects a fee that was incurred before January 1, 2006, under a provision that was the predecessor to one of the paragraphs contained in subdivision (a), the fee may be deposited as if it were collected under the paragraph of subdivision (a) that corresponds to the predecessor of that paragraph and distributed in prorated amounts to each fund or account to which the fee in subdivision (a) must be distributed.

(h) Except as provided in Sections 470.5 and 6322.1 of the Business and Professions Code, and Sections 70622, 70624, and 70625 of this code, an agency shall not take action to change the amounts allocated to any of the funds described in subdivision (c), (d), or (e).

(i) The amount of the penalty on any delinquent payment under subdivision (c) or (d) shall be calculated by multiplying the amount of the delinquent payment at a daily rate equivalent to 1 ½ percent per month for the number of days the payment is delinquent. The penalty shall be paid from the Trial Court Trust Fund. Penalties on delinquent payments under subdivision (d) shall be calculated only on the amounts to be distributed to the Trial Court Trust Fund and the State Court Facilities Construction Fund, and each penalty shall be distributed proportionately to the funds to which the delinquent payment was to be distributed.

(j) If a delinquent payment under subdivision (c) or (d) results from a delinquency by a superior court under subdivision (b), the court shall reimburse the Trial Court Trust Fund for the amount of the penalty. Notwithstanding Section 77009, any penalty on a delinquent payment that a court is required to reimburse pursuant to this section shall be paid from the court operations fund for that court. The penalty shall be paid by the court to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated. If the penalty is not paid within the specified time, the Administrative Office of the Courts may reduce the amount of a subsequent monthly allocation to the court by the amount of the penalty on the delinquent payment.

(k) If a delinquent payment under subdivision (c) or (d) results from a delinquency by a county in transmitting fees and fines listed in subdivision (a) to the bank account established for this purpose, as described in subdivision (b), the county shall reimburse the Trial Court Trust Fund for the amount of the penalty. The penalty shall be paid by the county to the Trial Court Trust Fund no later than 45 days after the end of the month in which the penalty was calculated.

SEC. 4. Section 68085.3 of the Government Code is amended to read:

68085.3. (a) Fees collected under Sections 70611, 70612, 70650, 70651, 70652, 70653, 70655, 70658, and 70670 shall be deposited in a bank account established by the Administrative Office of the Courts for deposit of fees collected by the courts.

(b) For each three-hundred-fifty-five-dollar (\$355) fee listed in subdivision (a), the Administrative Office of the Courts shall distribute specified amounts in each county as follows:

(1) To the county law library fund, the amount described in Sections 6321 and 6322.1 of the Business and Professions Code.

(2) To the account to support dispute resolution programs, the amount described in Section 470.5 of the Business and Professions Code.

(c) The remainder of the fees in subdivision (a) shall be transmitted monthly to the Treasurer for deposit. For each three-hundred-fifty-five-dollar (\$355) fee listed in subdivision (a), the Controller shall make deposits as follows:

(1) To the State Court Facilities Construction Fund, as provided in Article 6 (commencing with Section 70371) of Chapter 5.7, sixty-five dollars (\$65), unless the fee is collected under Section 70658, in which case the amount distributed to that fund shall be two hundred five dollars (\$205).

(2) To the Judges' Retirement Fund, as established in Section 75100, two dollars and fifty cents (\$2.50).

SEC. 8. Article 7 (commencing with Section 68645) is added to Chapter 2 of Title 8 of the Government Code, to read:

#### Article 7. Ability to Pay Program

68645. The Judicial Council shall develop an online tool for adjudicating infraction violations, including ability-to-pay determinations. The Judicial Council shall implement the tool on a phased schedule and shall make this tool available statewide on or before June 30, 2024. A defendant shall not be compelled to use this online tool.

68645.1. For all infraction violations for which a personal appearance is not required, a court may allow defendants to agree to forfeit bail, plead guilty or nolo contendere, request an ability-to-pay determination, or otherwise adjudicate matters through the use of technology.

(a) The date that the defendant agrees to forfeit bail, plead guilty, or plead nolo contendere shall be reported as the date of conviction for all purposes.

(b) If a defendant requests an ability-to-pay determination, the matter shall be considered adjudicated for purposes of that determination when the defendant agrees to forfeit bail or pleads guilty or nolo contendere.

(c) When a defendant agrees to forfeit bail, plead guilty or nolo contendere through the online tool, or requests an ability-to-pay determination, the defendant has appeared within the meaning of subdivision (a) of Section 40509 and subdivision (a) of Section 40509.5 of the Vehicle Code, and the court shall immediately file with the Department of Motor Vehicles the required certificate to recall any failure to appear notifications that have been sent for the citation.

68645.2. (a) By June 30, 2024, every court shall offer online ability-to-pay determinations using the tool developed by the Judicial Council. The following shall apply to ability-to-pay determinations made pursuant to this article:

(1) The defendant has the burden of establishing the inability to pay. Courts shall establish criteria for the determination of an inability to pay,

and, in doing so, shall consider certain factors including, at a minimum, all of the following:

(A) Receipt of any of the public benefits listed in subdivision (a) of Section 68632.

(B) A monthly income of a minimum of 125 percent of the current poverty guidelines, as updated periodically in the Federal Register by the United States Department of Health and Human Services pursuant to Section 9902 of Title 42 of the United States Code.

(2) The court has discretion to make an order consistent with the defendant's present and reasonably discernible future financial circumstances. Except as provided for in paragraph (4), the court is not required to make express findings as to the factors bearing on the determination or the amount it orders payable by the defendant.

(3) Based on any ability-to-pay determination, a court may do any of the following:

(A) Waive or reduce the sum of the total amount due for an infraction violation. If the total amount due is reduced, the revenues collected shall be distributed on a pro rata basis in the same manner as a partial payment is distributed pursuant to Section 1462.5 of the Penal Code.

(B) Extend the time for payment or provide for payment on an installment plan, including those amounts due after any reduction under subparagraph (A).

(C) Allow the defendant to complete community service in lieu of the total amount due. If a defendant qualifies for a reduction in the total amount due, the court may allow the defendant to complete the community service in lieu of the payment on the reduced amount.

(D) Suspend the total amount due in whole or in part.

(E) Offer an alternative disposition.

(4) The online tool shall recommend a reduction of 50 percent or more of the total amount due for all defendants who are in receipt of benefits described in subparagraph (A) of paragraph (1). The court shall make express findings if it deviates from the online tool recommendation by ordering a defendant to pay an amount greater than the recommendation pursuant to this paragraph.

(5) The online tool shall recommend a payment of no more than twenty-five dollars (\$25) per month for a defendant who is eligible for a reduction pursuant to paragraph (3) and requests an installment plan.

(6) For purposes of this section, the "total amount due" is the sum of the base fine, penalty assessments, civil assessments, and fees, including mandatory fees, owed and unpaid by the defendant.

(7) As feasible, courts shall notify defendants of the result of the ability-to-pay determination within 30 days.

(8) A defendant is not required to submit bail or pay any fines or fees prior to an ability-to-pay determination.

(9) A court or county shall not charge an administrative fee to an individual for requesting an ability to pay determination or participating in

an installment payment plan, on a nondelinquent or delinquent account, ordered pursuant to this chapter.

(10) A court or county may recover costs associated with the administration of all installment payment plans ordered under this chapter through a comprehensive collection program pursuant to subdivision (d) of Section 1463.007 of the Penal Code. Recovered costs shall not exceed thirty-five dollars (\$35) per nondelinquent installment plan approved.

(b) If a court is using the online tool, paragraphs (1) to (3), inclusive, and paragraphs (6) to (10), inclusive, of subdivision (a) apply to all ability-to-pay determinations conducted through means other than the online tool, which includes paper submissions or in-person applications. When an ability to pay determination is made through means other than the online tool, the court shall follow the recommendations stated in paragraphs (4) and (5) of subdivision (a), but may deviate from the recommendation in paragraph (4) of subdivision (a), as provided therein.

(c) The online tool shall provide information in English, Spanish, and any other languages the Judicial Council chooses.

(d) This section does not preclude a court that has not yet adopted online ability-to-pay determinations from adopting procedures or local rules in accordance with this section, unless the Judicial Council adopts rules of court or forms for purposes of this section.

68645.3. (a) A court may allow the online tool to electronically verify through encrypted transmittal whether the defendant receives public benefits, defined as any of the public benefits listed in subdivision (a) of Section 68632, by accessing a statewide, county, or other political subdivision of the state database, including the State Department of Social Services.

(b) The court shall obtain the defendant's consent before the online application may electronically verify benefits.

(c) The online application process shall inform the defendant of all of the following information:

(1) A defendant has the burden of establishing the defendant's inability to pay.

(2) The online verification is one of the possible means of substantiating the inability to pay.

(3) Other accepted means of verifying inability to pay.

(4) A defendant may upload other evidence in addition to or in lieu of the verification results.

(d) If the court is unable to verify that a defendant receives benefits as described in this section, the defendant may submit other evidence of an inability to pay to the court.

(e) Each court, by adopting a local rule, may authorize the clerk of the court to make ability-to-pay determinations. If a court authorizes the clerk of the court to make those determinations, both of the following apply:

(1) The determinations shall be based on specified criteria as established by the court and posted on its internet website. The criteria may include whether the defendant is receiving public benefits, including those listed in subdivision (a) of Section 68632. The court may establish criteria that waive

or reduce the sum of the base fine, penalty assessments, civil assessments, and fees, including mandatory fees, owed by the defendant, by a specified amount, by a specified percentage, or by other specified criteria.

(2) If the clerk of the court denies the reduction, the defendant has the right to a review of the decision by a judicial officer in the trial court.

68645.4. (a) A court may offer online trials through an online tool for all infractions for which a personal appearance is not required. If a court offers online trials pursuant to this section, all of the following shall apply, notwithstanding Section 40902 of the Vehicle Code:

(1) A defendant shall elect to have an online trial prior to the appearance date indicated on the notice to appear, unless the court grants the defendant an extension, or the court permits the defendant to have a trial at a later date.

(2) If a defendant elects to have a trial through the online tool pursuant to this section, the court shall not require the defendant to submit bail in advance, unless the court makes express findings as to why a particular defendant shall be required to submit bail.

(3) Testimony and other relevant evidence may be introduced in the form of a notice to appear, a business record or receipt, a sworn declaration of the arresting officer, and a sworn declaration by the defendant.

(4) If a defendant elects to have a trial through the online tool pursuant to this section, the defendant shall not have a right to a trial de novo.

(b) If a court elects to offer online trials pursuant to this section, it shall also make trials by written declaration available to defendants, and paragraphs (1) to (4), inclusive, of subdivision (a) shall apply to all trials by written declaration.

(c) A court may adopt local rules or forms to be consistent with this section, and the rules and forms shall govern proceedings pursuant to this section unless the Judicial Council adopts rules of court or forms for purposes of this article.

68645.5. (a) No later than February 1, 2022, and annually until February 1, 2025, the Judicial Council shall provide to the Legislature a report including the following information from participating courts that have adopted online ability-to-pay determinations for infraction violations:

(1) Total number of infraction filings.

(2) Total number of ability-to-pay requests made through:

(A) The online tool.

(B) Other locally established ability-to-pay procedures.

(3) Demographic information on defendants using the online tool as reported by the defendant, including but not limited to, income level, public benefits status, race or ethnicity or both, when feasible, and ZIP Code.

(4) The total amount of initial fines and fees assessed for individuals making ability-to-pay requests.

(5) The total amount of adjusted fines and fees recommended by the online tool.

(6) The total amount of fines and fees ordered through:

(A) The online tool.

(B) Other locally established ability-to-pay procedures.

(7) Of the total amount of fines and fees ordered, the total amount collected from:

(B) Requests via locally established ability-to-pay procedures.

(8) The number of payment plans ordered through the online tool.

(9) The number of online trials conducted in participating courts.

(b) The Judicial Council shall submit the report required pursuant to subdivision (a) in compliance with Section 9795.

(c) In the report due to the Legislature on February 1, 2023, and in addition to the information required in subdivision (a), the Judicial Council shall provide information on the first seven pilot courts, including implementation challenges, the overall effectiveness of the programs in these courts, and how those pilots informed the implementation in subsequent courts.

68645.7. (a) On or before January 10 of each year, the Department of Finance, in consultation with the Judicial Council, shall estimate the level of funding needed to backfill the judicial branch for the amount reduced based upon the ability-to-pay determinations granted to defendants pursuant to this article. The estimate shall be developed by the Department of Finance, in conjunction with the Judicial Council, and based on the data provided to the Judicial Council by the trial courts as required in subdivision (b). The Department of Finance shall distribute the funds to the judicial branch appropriated for that purpose in the annual Budget Act or any other act approved by the Legislature. The department shall publish its estimate and transmit it to the Legislature at the time of the submission of the Governor's Budget pursuant to Section 12 of Article IV of the California Constitution.

(b) The Judicial Council shall collect data from the trial courts necessary to request funding from the Department of Finance for the purposes of subdivision (a). Only trial courts that provide data in accordance with the method required by the Judicial Council are eligible for this funding.

(c) (1) The Judicial Council shall submit to the Senate Committee on Budget and Fiscal Review and the Assembly Committee on Budget a long-term fund condition statement for the State Court Facilities Construction Fund in conjunction with any future funding request for capital outlay to demonstrate that there is sufficient revenue to fully support all existing debt or capital outlay obligations as well as the full project cost for the proposed project for which the Judicial Council requests funding.

(2) This subdivision shall not apply to a capital outlay request pertaining to the construction of the new court facility projects approved in the Budget Act of 2018.

SEC. 20. Section 70371.8 of the Government Code is repealed.

SEC. 21. Section 70372 of the Government Code is amended to read:

70372. (a) (1) Except as otherwise provided in this article, there shall be levied a state court construction penalty, in the amount of five dollars (\$5) for every ten dollars (\$10), or part of ten dollars (\$10), upon every fine, penalty, or forfeiture imposed and collected by the courts for all criminal offenses, including, but not limited to, all offenses involving a violation of a section of the Fish and Game Code, the Health and Safety Code, or the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. This penalty is in addition to any other state or local penalty, including, but not limited to, the penalty provided by Section 1464 of the Penal Code and Section 76000.

(2) This construction penalty does not apply to the following:

(A) Any restitution fine.

(B) Any penalty authorized by Section 1464 of the Penal Code or Chapter 12 (commencing with Section 76000) of Title 8.

(C) Any parking offense subject to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code.

(D) The state surcharge authorized by Section 1465.7 of the Penal Code.

(3) Any bail schedule adopted pursuant to Section 1269b of the Penal Code or adopted by the Judicial Council pursuant to Section 40310 of the Vehicle Code may include the necessary amount to pay the penalty established by this section, the penalties authorized by Section 1464 of the Penal Code and Chapter 12 (commencing with Section 76000) of Title 8, and the surcharge authorized by Section 1465.7 of the Penal Code for all matters where a personal appearance is not mandatory and the bail is posted primarily to guarantee payment of the fine. After a determination by the court of the amount due, the clerk of the court shall collect the penalty and transmit it immediately to the county treasury and the county treasurer shall transmit these sums as provided in subdivision (f).

(b) In addition to the penalty provided by subdivision (a), for every parking offense where a parking penalty, fine, or forfeiture is imposed, an added state court construction penalty of four dollars and fifty cents (\$4.50) shall be included in the total penalty, fine, or forfeiture. These moneys shall be taken from fines and forfeitures deposited with the county treasurer prior to any division pursuant to Section 1462.3 or 1463.009 of the Penal Code. In those cities, districts, or other issuing agencies which elect to accept parking penalties, and otherwise process parking violations pursuant to Article 3 (commencing with Section 40200) of Chapter 1 of Division 17 of the Vehicle Code, that city, district, or issuing agency shall observe the increased bail amounts as established by the court reflecting the added penalty provided for by this subdivision. Each agency that elects to process parking violations shall pay to the county treasurer four dollars and fifty cents (\$4.50) for the parking penalty imposed by this subdivision for each violation that is not filed in court. Those payments to the county treasurer shall be made monthly, and the county treasurer shall transmit these sums as provided in paragraph (2) of subdivision (f). In the event these payments were deposited in a local courthouse construction fund and expended pursuant to the provisions of Chapter 592 of the Statutes of 2003, no county or processing agency shall be liable for the failure to transmit the payments to the Controller during the 2008 calendar year.

(c) If multiple offenses are involved, the state court construction penalty under subdivision (a) shall be based upon the total fine or bail for each case. If a fine is suspended, in whole or in part, the state court construction penalty under subdivision (a) shall be reduced in proportion to the suspension.

(d) If any deposited bail is made for an offense to which this section applies, and for which a court appearance is not mandatory, the person making the deposit shall also deposit a sufficient amount to include the state court construction penalty prescribed by subdivision (a) for forfeited bail. If bail is returned, the state court construction penalty paid thereon pursuant to subdivision (a) shall also be returned.

(e) In any case where a person convicted of any offense, to which this section applies, is in prison until the fine is satisfied, the judge may waive

all or any part of the state court construction penalty, the payment of which would work a hardship on the person convicted or their immediate family.

(f) Within 45 days after the end of the month that moneys are deposited in the county treasury pursuant to subdivisions (a) and (b), the county treasurer shall transmit the moneys to the Controller to be deposited into the State Court Facilities Construction Fund.

SEC. 22. Section 70373 of the Government Code is amended to read:

70373. (a) (1) To ensure and maintain adequate funding for court facilities, an assessment shall be imposed on every conviction for a criminal offense, including a traffic offense, except parking offenses as defined in subdivision (i) of Section 1463 of the Penal Code, involving a violation of a section of the Vehicle Code or any local ordinance adopted pursuant to the Vehicle Code. The assessment shall be imposed in the amount of thirty dollars (\$30) for each misdemeanor or felony and in the amount of thirty-five dollars (\$35) for each infraction.

(2) For the purposes of this section, “conviction” includes the dismissal of a traffic violation on the condition that the defendant attend a court-ordered traffic violator school, as authorized by Sections 41501 and 42005 of the Vehicle Code. This assessment shall be deposited in accordance with subdivision (d), and may not be included with the fee calculated and distributed pursuant to Section 42007 of the Vehicle Code.

(b) This assessment shall be in addition to the state penalty assessed pursuant to Section 1464 of the Penal Code and may not be included in the base fine to calculate the state penalty assessment as specified in subdivision (a) of Section 1464 of the Penal Code. The penalties authorized by Chapter 12 (commencing with Section 76000), and the state surcharge authorized by Section 1465.7 of the Penal Code, do not apply to this assessment.

(c) When bail is deposited for an offense to which this section applies, and for which a court appearance is not necessary, the person making the deposit also shall deposit a sufficient amount to include the assessment prescribed by this section.

(d) Notwithstanding any other law, the assessments collected pursuant to subdivision (a) shall all be deposited in a special account in the county treasury and transmitted therefrom monthly to the Controller for deposit in the State Court Facilities Construction Fund, established in Section 70371.

(e) The Judicial Council shall provide for the administration of this section.

the Courts shall serve as an implementing agency upon approval of the Department of Finance, and (2) the provisions of subdivision (e) shall prevail. Acquisition and construction of facilities are not subject to the provisions of the Public Contract Code, but shall be subject to facilities contracting policies and procedures adopted by the Judicial Council after consultation and review by the Department of Finance.

(c) Moneys in the State Court Facilities Construction Fund shall only be used for either of the following:

(1) The planning, design, construction, rehabilitation, renovation, replacement, leasing, or acquisition of court facilities, as defined by subdivision (d) of Section 70301.

(2) The rehabilitation of one or more existing court facilities in conjunction with the construction, acquisition, or financing of one or more new court facilities.

(d) The following provisions shall prevail over provisions of the State Building Construction Act of 1955 (Part 10b (commencing with Section 15800) of Division 3 of Title 2) in regard to buildings subject to this section.

(1) The Administrative Office of the Courts shall be responsible for the operation, including, but not limited to, the maintenance and repair, of all court facilities whose title is held by the state. The operation of buildings under this section shall be the responsibility of the Judicial Council.

(2) Notwithstanding Section 15808.1, the Judicial Council shall have the responsibility for determining whether a building under the act shall be located within or outside of an existing public transit corridor.

(3) The buildings under this section are subject to Section 15814.12 concerning cogeneration and alternative energy sources at the request of, or with the consent of, the Judicial Council. Any building acquired by the state pursuant to this section on or before July 1, 2007, is not subject to subdivision (b) of Section 15814.12 concerning the acquisition of cogeneration or alternative energy equipment if the building, when acquired, already had cogeneration or alternative energy equipment. Section 15814.17 only applies to buildings to which the Judicial Council has given its consent under subdivision (a) of Section 15814.12.

SEC. 24. Section 70377 of the Government Code is amended to read:

70377. (a) Amounts required to be transmitted by a county, city and county, or court to the state pursuant to this section shall be remitted to the State Treasurer no later than 45 days after the end of the month in which the fees, assessments, or penalties were collected. This remittance shall be accompanied by remittance advice identifying the collection month and that the remittance is to be deposited into the State Court Facilities Construction Fund. Any remittance made later than this time shall be considered delinquent and subject to the interest and penalties specified in this section.

(b) Upon receipt of delinquent payment required pursuant to this section, the Controller shall do the following:

(1) Calculate the interest on the delinquent payment by multiplying the amount of the delinquent payment at a daily rate equivalent to the rate of return on money deposited in the Local Agency Investment Fund pursuant

to Section 16429.1 from the date the payment was originally due to either 30 days after the date of the issuance by the Controller of the final audit report concerning the failure to pay or the date of payment by the entity responsible for the delinquent payment, whichever comes first. In calculating the interest under this paragraph, the Controller shall apply the average monthly Local Agency Investment Fund rate over the period of delinquency.

(2) Calculate a penalty at a daily rate equivalent to 1 ½ percent per month from the date 30 days after the date of the issuance by the Controller of the final audit report concerning the failure to pay.

(c) Interest or penalty amounts calculated pursuant to subdivision (b) shall be paid by the county, city and county, or court to the State Court Facilities Construction Fund no later than 45 days after the end of the month in which the interest or penalty was calculated. Payment shall be made by the entity responsible for the error or other action that caused the failure to pay, as determined by the Controller in a notice given to that party by the Controller.

(d) Notwithstanding Section 77009, the court may pay any penalty or interest imposed pursuant to this section due to an error or other action by the court from money received from the Trial Court Trust Fund. This section does not require an increase in a court's allocation from the Trial Court Trust Fund.

(e) The Controller may permit a county, city and county, or court to pay the interest or penalty amounts according to a payment schedule in the event of a large interest or penalty amount that causes a hardship to the paying entity.

(f) The party responsible for the error or other action that caused the failure to pay may include, but is not limited to, the party that collected the funds who is not the party responsible for remitting the funds to the State Court Facilities Construction Fund, if the collecting party failed to provide or delayed providing the remitting party with sufficient information needed by the remitting party to distribute the funds.

(g) The changes made to this section by Chapter 452 of the Statutes of 2013 shall apply to all delinquent payments for which the Controller has not issued a final audit before January 1, 2014.

#### Article 7.1. Superior Court Design-Build Projects

70398. For purposes of this article, the definitions in Section 13332.19 and the following definitions apply:

(a) “Best value” means a value determined by an evaluation of objective criteria that relate to price, features, functions, life-cycle costs, experience, and past performance. A best value determination may involve the selection of the lowest cost proposal that meets the interests of the judicial branch and the objectives of the project, selection of the best proposal for a stipulated sum established by the Judicial Council, or a tradeoff between price and other specified factors.

(b) “Construction subcontract” means each subcontract awarded by the design-build entity to a subcontractor that will perform work or labor or render service to the design-build entity in or about the construction of the work or improvement according to detailed drawings contained in the plans and specifications produced by the design-build team.

(c) “Design-build” means a project delivery process in which both the design and the construction of a project are procured from a single entity.

(d) “Design-build entity” means a corporation, limited liability company, partnership, joint venture, or other legal entity that is able to provide appropriately licensed contracting, architectural, and engineering services as needed pursuant to a design-build contract.

(e) “Design-build team” means the design-build entity itself and the individuals and other entities identified by the design-build entity as members of its team. Members shall include the general contractor and, if utilized in the design of the project, all electrical, mechanical, and plumbing contractors.

70398.1. (a) Subject to the provisions of this article and Section 13332.19, the Judicial Council may procure design-build contracts for public works projects.

(b) The Judicial Council shall develop guidelines for a standard organizational conflict of interest policy, consistent with applicable law, regarding the ability of a person or entity that performs services for the Judicial Council relating to solicitation of a design-build project to submit a proposal as a design-build entity, or to join a design-build team. This conflict of interest policy shall apply to the Judicial Council entering into a design-build contract authorized pursuant to this article.

70398.2. The Judicial Council shall notify the State Public Works Board regarding the method to be used for selecting the design-build entity, prior to advertising the design-build project.

70398.3. The procurement process for the design-build process shall progress as follows:

(a) (1) The Judicial Council shall prepare a set of documents setting forth the scope and estimated price of the project. The documents may include, but need not be limited to, the size, type, and desired design character of the project, performance specifications covering the quality of materials, equipment, workmanship, preliminary plans or building layouts, or any other information deemed necessary to adequately describe the Judicial Council’s needs. The performance specifications and plans shall be prepared by a design professional who is duly licensed and registered in California.

(2) The documents shall not include a design-build-operate contract for any project. The documents may include operations during a training or transition period, but shall not include long-term operations for any project.

(b) The Judicial Council shall prepare and issue a request for qualifications (RFQ) in order to prequalify or short-list the design-build entities whose proposals will be evaluated for final selection. The RFQ shall include, but need not be limited to, the following elements:

(1) Identification of the basic scope and needs of the project or contract, the expected cost range, the methodology that will be used by the Judicial Council to evaluate proposals, the procedure for final selection of the design-build entity, and any other information deemed necessary by the Judicial Council to inform interested parties of the contracting opportunity.

(2) Significant factors that the Judicial Council reasonably expects to consider in evaluating qualifications, including technical design and construction expertise, and all other nonprice-related factors.

(3) A standard template request for statements of qualifications, prepared by the Judicial Council. In preparing the standard template, the Judicial Council may consult with the construction industry, the building trades and surety industry, and other agencies with authorization to deliver projects

using the design-build methodology. The template shall require all of the following information:

(A) If the design-build entity is a privately held corporation, limited liability company, partnership, or joint venture, a listing of all of the shareholders, partners, or members known at the time the statement of qualifications is submitted who will perform work on the project.

(B) Evidence that the members of the design-build team have completed, or demonstrated the experience, competency, capability, and capacity to complete, projects of similar size, scope, or complexity; that proposed key personnel have sufficient experience and training to competently manage and complete the design and construction of the project; and a financial statement that ensures that the design-build entity has the capacity to complete the project.

(C) The licenses, registrations, and credentials required to design and construct the project, including, but not limited to, information on the revocation or suspension of a license, credential, or registration.

(D) Evidence that establishes that the design-build entity has the capacity to obtain all required payment and performance bonding, liability insurance, and errors and omissions insurance.

(E) Information concerning workers' compensation experience history and a worker safety program.

(F) If the proposed design-build entity is a corporation, limited liability company, partnership, joint venture, or other legal entity, a copy of the organization documents or agreement committing to form the organization.

(G) An acceptable safety record. A proposer's safety record shall be deemed acceptable if its experience modification rate for the most recent three-year period is an average of 1.00 or less, and its average total recordable injury or illness rate and average lost work rate for the most recent three-year period does not exceed the applicable statistical standards for its business category or, if the proposer is a party to an alternative dispute resolution system, as provided in Section 3201.5 of the Labor Code.

(H) A declaration certifying that applying members of the design-build entity have not had a surety company finish work on a project within the preceding five years.

(I) A declaration providing detail concerning all of the following:

(i) A construction or design claim or litigation totaling more than five hundred thousand dollars (\$500,000) or 5 percent of the annual value of work performed, whichever is less, settled against a member of the design-build entity in the preceding five years.

(ii) Serious violations of the California Occupational Safety and Health Act of 1973 (Part 1 (commencing with Section 6300) of Division 5 of the Labor Code) settled against a member of the design-build entity. Notwithstanding subparagraph (G), the Judicial Council may find a proposer's safety record unacceptable based on serious violations of the California Occupational Safety and Health Act of 1973.

(iii) Violations of federal or state law, including, but not limited to, those laws governing the payment of wages, benefits, or personal income tax

withholding, or the Federal Insurance Contributions Act (FICA) withholding requirements, state disability insurance withholding, or unemployment insurance payment requirements, settled against a member of the design-build entity in the preceding five years. For purposes of this subclause, only violations by a design-build entity member as an employer are applicable, unless it is shown that the design-build entity member, in the capacity of an employer, had knowledge of the subcontractor's violations or failed to comply with the conditions set forth in subdivision (b) of Section 1775 of the Labor Code.

(iv) Information required by Section 10162 of the Public Contract Code.

(v) Violation of the Contractors' State License Law (Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code), excluding alleged violations or complaints.

(vii) Provision of a declaration that the design-build entity will comply with all laws applicable to the project, including, but not limited to, the requirements of Chapter 1 (commencing with Section 1720) of Part 7 of Division 2 of the Labor Code.

(4) (A) A declaration required under paragraph (3) shall state that reasonable diligence has been used in its preparation and that it is true and complete to the best of the signer's knowledge. The information required under this subdivision shall be certified as true by the design-build entity and its general partners or joint venture members. A person or entity who certifies as true a material matter that the person or entity knows to be false is guilty of a misdemeanor and shall be punished by not more than one year in a county jail, by a fine of not more than five thousand dollars (\$5,000), or by both the fine and imprisonment.

(B) Information required under this subdivision that is not otherwise subject to disclosure under Section 68106.2 and Rule 10.500 of the California Rules of Court shall not be open to public inspection.

(c) (1) A design-build entity shall not be prequalified or shortlisted unless the entity provides an enforceable commitment to the Judicial Council that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades, in accordance with Chapter 2.9 (commencing with Section 2600) of Part 1 of Division 2 of the Public Contract Code.

(2) This subdivision shall not apply if any of the following requirements are met:

(A) The Judicial Council has entered into a project labor agreement that will bind all contractors and subcontractors performing work on the project or contract to use a skilled and trained workforce, and the entity agrees to be bound by that project labor agreement.

(B) The project or contract is being performed under the extension or renewal of a project labor agreement that was entered into by the Judicial Council prior to January 1, 2022.

(C) The entity has entered into a project labor agreement that will bind the entity and all its subcontractors at every tier performing the project or contract to use a skilled and trained workforce.

(3) For purposes of this subdivision, “project labor agreement” has the same meaning as in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(d) Based on the documents prepared as described in subdivision (a), the Judicial Council shall prepare a request for proposals that invites prequalified or short-listed entities to submit competitive sealed proposals in the manner prescribed by the Judicial Council. The request for proposals shall include, but need not be limited to, all of the following elements:

(1) Identification of the basic scope and needs of the project or contract, the estimated cost of the project, the methodology that will be used by the Judicial Council to evaluate proposals, whether the contract will be awarded on the basis of low bid or best value, and any other information deemed necessary by the Judicial Council to inform interested parties of the contracting opportunity.

(2) Significant factors that the Judicial Council reasonably expects to consider in evaluating proposals, including, but not limited to, cost or price and all nonprice-related factors.

(3) The relative importance or weight assigned to each of the factors identified in the request for proposals.

(4) When a best value selection method is used, the Judicial Council may reserve the right to request proposal revisions and hold discussions and negotiations with responsive proposers. The Judicial Council shall specify this reservation in the request for proposals and shall publish separately or incorporate into the request for proposals applicable procedures to be observed by the Judicial Council to ensure that any discussions or negotiations are conducted in good faith.

(e) For projects using low bid as the final selection method, the competitive bidding process shall result in lump-sum bids by the prequalified or short-listed design-build entities, and awards shall be made to the design-build entity that is the lowest responsible bidder.

(f) For projects using best value as a selection method, the design-build competition shall progress as follows:

(1) Competitive proposals shall be evaluated by using only the criteria and selection procedures specifically identified in the request for proposals. The following minimum factors, however, shall be weighted as deemed appropriate by the Judicial Council:

(A) Price, unless a stipulated sum is specified.

(B) Technical design and construction expertise.

(C) Life-cycle costs over 15 or more years.

(2) The Judicial Council may hold discussions or negotiations with responsive proposers using the process articulated in paragraph (4) of subdivision (c).

(3) When the evaluation is complete, the responsive proposers shall be ranked based on a determination of value provided. The Judicial Council is not required to rank more than three proposers.

(4) The contract shall be awarded to the responsible design-build entity whose proposal is determined by the Judicial Council to have offered the best value to the public.

(5) Notwithstanding any other provision of this code, upon issuance of a contract award, the Judicial Council shall publicly announce its award, identifying the design-build entity to which the award is made, along with a statement regarding the basis of the award.

(6) The statement regarding the Judicial Council's contract award described in paragraph (5) and the contract file shall provide sufficient information to satisfy an external audit.

70398.4. (a) The design-build entity shall provide payment and performance bonds for the project in the form and in the amount required by the Judicial Council, and issued by a California admitted surety. The amount of the payment bond shall not be less than the amount of the performance bond.

(b) The design-build contract shall require errors and omissions insurance coverage for the design elements of the project.

(c) The Judicial Council shall develop a standard form of payment and performance bond for its design-build projects.

70398.5. (a) The Judicial Council, in each design-build request for proposals, may identify specific types of subcontractors that must be included in the design-build entity statement of qualifications and proposal. All construction subcontractors that are identified in the proposal shall be afforded all the protections of Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

(b) Following award of the design-build contract, the design-build entity shall award construction subcontracts with a value exceeding one-half of 1 percent of the contract price allocable to construction work as follows:

(1) Provide public notice of availability of work to be subcontracted in accordance with the publication requirements applicable to the competitive bidding process of the Judicial Council, including a fixed date and time on which qualifications statements, bids, or proposals will be due.

(2) Establish reasonable qualification criteria and standards.

(3) Award the subcontract either on a best value basis or to the lowest responsible bidder. The process may include prequalification or short-listing. The process specified in this subdivision does not apply to construction subcontractors listed in the original proposal. Subcontractors awarded construction subcontracts under this subdivision shall be afforded all the protections of Chapter 4 (commencing with Section 4100) of Part 1 of Division 2 of the Public Contract Code.

70398.6. (a) If the Judicial Council elects to award a project pursuant to this article, retention proceeds withheld by the Judicial Council from the design-build entity shall not exceed 5 percent if a performance and payment

bond, issued by an admitted surety insurer, is required in the solicitation of bids.

(b) In a contract between the design-build entity and a subcontractor, and in a contract between a subcontractor and a subcontractor thereunder, the percentage of the retention proceeds withheld may not exceed the percentage specified in the contract between the Judicial Council and the design-build entity. If the design-build entity provides written notice to a subcontractor that is not a member of the design-build entity, prior to or at the time the bid is requested, that a bond may be required and the subcontractor subsequently is unable or refuses to furnish a bond to the design-build entity, then the design-build entity may withhold retention proceeds in excess of the percentage specified in the contract between the Judicial Council and the design-build entity from any payment made by the design-build entity to the subcontractor.

70398.7. This article does not affect, expand, alter, or limit rights or remedies otherwise available at law.
